The Greensburg Historic Preservation Commission is a five-member board, appointed by the mayor, who meets monthly to review the COA applications that are subject to Commission review. The Greensburg Historic Preservation Commission cannot render judgment nor process an application without the specific documentation listed below. It is the **applicant/owner** who must provide comprehensive documentation of the proposed project with adequate information so that there is a complete understanding of the project for the Commissioners and Staff when rendering a decision. Please refer to the HPC Guidelines (www.cityofgreensburg.com/history.html) or contact Steve Ramer or Sarah Hamer at the City Planning Office for assistance in formulating your proposal.

Applications will not be processed without all required or requested documentation.

Who is required to submit a Certificate of Appropriateness Application?

All property owners within the Downtown Historic District are required to obtain a COA from the Planning Office at City Hall before beginning any work (See map). If approved, a project must be initiated within one year from the date of the issuance of the COA. Please note that this is NOT a Building Permit.
