# Tree City Total Solar Eclipse

**Sunday, April 7 & Monday, April 8 | Pirate Park**

## **IMPORTANT RESIDENTIAL INFORMATION**

The City of Greensburg and Visit Greensburg are hosting an eclipse viewing event on Monday, April 8, at Pirate Park. This event will have live music, food trucks, a beer garden, and family activities!

Due to the amount of outside visitors estimated by Indiana Homeland Security that will be coming to Greensburg to watch the Eclipse, please keep the following in mind:

- **Traffic patterns will change from Sunday, April 7, to Tuesday, April 9.** This means some streets will become one-way only, and navigating Greensburg streets will be difficult during this time. Exact road closures and traffic changes will be announced within the next 30 days. Public safety estimates that it may take until 12:00 am on Tuesday, April 9 to get all visitors out of Greensburg.
- Greensburg Community Schools and Decatur County Schools are on an e-Learning Day for Monday, April 8.
- **Businesses are encouraged to attend information sessions hosted by the Greensburg/Decatur County Chamber of Commerce on Thursday, February 22 at 9:00 am or 5:30 pm at Greensburg City Hall.** This event will have public safety officials available to answer questions about logistics and planning.
- **Greensburg trash service and Rumpke recycling service will be suspended on Monday, April 8. Double pick-up will occur on Tuesday, April 9.**
- **City offices and buildings will be closed on Monday, April 8** to provide staffing support to public safety, emergency services, and more.
- If residents want to attend eclipse events, they are encouraged to use alternate modes of transportation (walk, bike, golf carts, UTVs) due to increased traffic.
- Visitors who follow the eclipse all over the country will park wherever they can to view the eclipse. If you wish to prevent people from camping or parking on your property, property owners have the right to block access to their property (front and back yards, driveways).
- Residents are encouraged to run errands and fuel vehicles before Sunday, April 7 to help lessen the strain on traffic and roadways.
- **DO NOT CALL 911 UNLESS IT IS AN EMERGENCY.**
- **For all general inquiries and questions about the event, traffic conditions, submit a complaint, ask for city services in a non-emergency manner, call (844) 260-1230. This phone line and number will be valid Saturday, April 6 to Tuesday, April 9.** Make sure to write this phone number down, program it into your phone, or have record of it on your person.
- Make sure to sign up for CodeRed for emergency notifications by texting DECATUR CO to 99411.
