

Americans with Disabilities Act Self-Evaluation Program, Services, and Activities Questionnaire City of Greensburg, Indiana

DEPARTMENT: *Mayor Office*

CONTACT PERSON: *Janet Lane*

PHONE: *812-663-3344*

E-MAIL: *jlane@cityofgreensburg.com*

The ADA prohibits the denial of services or benefits to persons with disabilities. In the performance of common, every day services provided by local units of government, you must ensure that all services are available in some way to persons with all disabilities. To better allow us to understand each department's interactions with the public, we request that you complete this questionnaire. Your responses are vital to ensuring that modifications can be made throughout the City to ensure access to all programs and services, if necessary. Please discuss with your staff as needed to provide thorough, complete, and accurate responses to each question. The information provided is intended to allow for changes throughout the City to provide equal access to programs and activities to everyone, without exception.

1. What programs or services are offered in your department to the public? Please list them and also indicate the level of interaction your department has with the public (infrequent, daily, etc.).
2. Are all programs offered by your department available to persons with disabilities noted below? Consider the unique challenge each presents to you and the person (i.e. can someone in a wheelchair see over your service counter, how you would communicate with someone with a severe hearing loss, etc.).
 - a. Physical challenge? (Uses a wheelchair, can't stand for long periods, etc.)
Automatic doors
Lower tables
 - b. Sensory challenge? (Visual loss or hearing loss)
brail on signs *PA system in Council chambers*
white board
 - c. Cognitive challenge? (May have difficulty understanding)
3. Are programs, services or activities offered by your department the same for people with disabilities or are separate or different accommodations necessary? Explain.

4. Do any programs segregate people with disabilities from others participating in the same program service or activity?
No
5. Are reasonable modifications necessary to provide programs, services, and activities? If so, what are your suggestions?
No
6. Does your department offer any permits, licensing, or certifications to citizens (building permits, voter registration, handgun purchase, etc.)? If YES, please list.
No
7. Is the building your programs are provided in owned by the City or leased? Please consider all facilities used by your Department.
Owned by the City
8. What auxiliary aids are provided for people with hearing impairments (may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDDs), videotext displays, and exchange of written notes) and where are they located?
PA system in council chambers
9. What auxiliary aids are provided for people with visual impairments? (may include: qualified readers, taped texts, audio recordings, Braille materials, large print materials, and assistance in locating items) and where are they located?
*audio recordings of meetings
white board listing all meetings*
10. What auxiliary aids are provided for people with cognitive impairments? (may include: computer terminals, speech synthesizers, and communication boards) and where are they located?
11. Do any of the programs offered by your department have papers or documents that are given to employees or the public? Please list and include all publications.
12. Do any of the programs have any audio/visual media that is offered to employees or to the public? Please list and include information included on the City web site.

13. What policies and procedures are in place for each program?
14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community?
15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training.
16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them.
17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities?

14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community?

City has designated Gary Murray ADA Coordinator at 812-663-3344

15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training.

No

16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them.

Yes - Wheel chair
Use - Counters and ramps accommodated these individuals

17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities?

No

Americans with Disabilities Act Self-Evaluation Program, Services, and Activities Questionnaire City of Greensburg, Indiana

DEPARTMENT: Engineering/Planning/Zoning/Building

CONTACT PERSON: Gary Murray

PHONE: 812.663.3344

E-MAIL: gmurray@cityofgreensburg.com

The ADA prohibits the denial of services or benefits to persons with disabilities. In the performance of common, every day services provided by local units of government, you must ensure that all services are available in some way to persons with all disabilities. To better allow us to understand each department's interactions with the public, we request that you complete this questionnaire. Your responses are vital to ensuring that modifications can be made throughout the City to ensure access to all programs and services, if necessary. Please discuss with your staff as needed to provide thorough, complete, and accurate responses to each question. The information provided is intended to allow for changes throughout the City to provide equal access to programs and activities to everyone, without exception.

- 1. What programs or services are offered in your department to the public? Please list them and also indicate the level of interaction your department has with the public (infrequent, daily, etc.).** **The above listed departments have daily interaction with the public. They typically:**
 - **Issue building permits, sign permits, certificates of appropriateness**
 - **Determine property zoning classifications**
 - **Accept applications for variances and site plans**
 - **Interpret the zoning ordinance**
 - **Answer general inquiries about infrastructure projects**
 - **Field infrastructure complaints**
 - **Conduct plan commission, board of zoning appeals and historic preservation committee meetings.**
- 2. Are all programs offered by your department available to persons with disabilities noted below? Consider the unique challenge each presents to you and the person (i.e. can someone in a wheelchair see over your service counter, how you would communicate with someone with a severe hearing loss, etc.).**
 - a. Physical challenge? (Uses a wheelchair, can't stand for long periods, etc.)**

The offices of the City Engineer and the Planning/Zoning/Building departments are accessible to persons using wheelchairs. Counter heights have been adjusted in each office for a portion of the counter height. The lower counter areas also have portable chairs for seating. They can be used for those unable to stand for long periods and those chairs can be moved to accommodate those in wheel chairs to get below the counter.

b. Sensory challenge? (Visual loss or hearing loss)

The departments have signs with Braille in the hallways indicating which office a visually challenged person might be entering. Offices can and will provide assistance in filling out forms for those having trouble seeing. For those with hearing loss, provisions for writing out communications are made accessible.

Materials and applications are not made available in Braille and the city does not have staff that is conversant in sign language.

c. Cognitive challenge? (May have difficulty understanding)

These departments do not have the capabilities to deal effectively with citizens that may have cognitive challenges.

3. Are programs, services or activities offered by your department the same for people with disabilities or are separate or different accommodations necessary? Explain.

The programs and services are essentially the same. Certain areas within the offices have different accommodations. Except for dealing with citizens that may have trouble seeing, hearing, standing for long periods or dealing with wheelchair bound patrons; the city does not have extra accommodations. When requested in advance, for public meetings, the city does try to provide interpretations in sign language and Spanish.

4. Do any programs segregate people with disabilities from others participating in the same program service or activity?

Not that we are aware of.

5. Are reasonable modifications necessary to provide programs, services, and activities? If so, what are your suggestions?

These departments do not offer programs per se. They are more service oriented. Possible improvements could be the addition of terminals where those with hearing loss might be able to type to communicate with staff and the staff being able to respond in a similar matter.

6. Does your department offer any permits, licensing, or certifications to citizens (building permits, voter registration, handgun purchase, etc.)? If YES, please list.

Yes. These departments issue building permits, sign permits, provide construction inspections. Again we accept applications for all permits issued by the city.

7. Is the building your programs are provided in owned by the City or leased? Please consider all facilities used by your Department.

For these departments, all services are provided in a city owned facility (City Hall).

8. **What auxiliary aids are provided for people with hearing impairments (may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDDs), videotext displays, and exchange of written notes) and where are they located?**

Public meetings are recorded and audio uploaded to the city's website. Written meeting minutes are also posted. City officials use microphones when conducting public meetings. Written note taking and sign language can be provided if requested in advance. Please see the statement below that is on all of the agendas for public meetings.

"The City of Greensburg acknowledges its responsibility to comply with the Americans with Disabilities Act of 1990. In order to assist individuals with disabilities who require special services (i.e. sign interpretative services, alternative audio/visual devices, and amanuenses) for participation in or access to City sponsored public programs, services and/or meetings, the City requests that individuals make requests for these services seventy-two (72) hours ahead of the scheduled program, service and/or meeting. To make arrangements, contact Gary Murray, ADA Coordinator, at (812) 663-3344."

9. **What auxiliary aids are provided for people with visual impairments? (may include: qualified readers, taped texts, audio recordings, Braille materials, large print materials, and assistance in locating items) and where are they located?**

Audio recordings and large print media are available upon request.

10. **What auxiliary aids are provided for people with cognitive impairments? (may include: computer terminals, speech synthesizers, and communication boards) and where are they located?**

Communications boards (chalk boards) are available in both the planning/zoning/building office and the city engineer's office. A laptop for typing can also be made available upon request.

11. **Do any of the programs offered by your department have papers or documents that are given to employees or the public? Please list and include all publications.**

Yes. They include the following applications (please find copies attached hereto):

- Residential and Commercial Building Permit Applications
- Sign Permit Application
- Application for certificate of appropriateness
- Street Cut Permits
- Electrical Permits
- Pool/Spa Permits
- Zoning Variance Applications
- Rezoning Applications
- Primary and Secondary Plat Applications
- Commercial Site Plan Application

- Subdivision Application
- Annexation Applications
- Petitions for alley or street closings
- Waiver Requests

12. Do any of the programs have any audio/visual media that is offered to employees or to the public? Please list and include information included on the City web site.

Audio recordings of public meetings are posted on the website as are written copies of minutes.

13. What policies and procedures are in place for each program?

Programs are not really offered through these departments they are more service oriented.

14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community?

See the statement below listed on all published meeting agendas. The website will be modified to include the information also.

"The City of Greensburg acknowledges its responsibility to comply with the Americans with Disabilities Act of 1990. In order to assist individuals with disabilities who require special services (i.e. sign interpretative services, alternative audio/visual devices, and amanuenses) for participation in or access to City sponsored public programs, services and/or meetings, the City requests that individuals make requests for these services seventy-two (72) hours ahead of the scheduled program, service and/or meeting. To make arrangements, contact Gary Murray, ADA Coordinator, at (812) 663-3344."

15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training.

Mr. Murray has been to several trainings offered by INDOT, DLZ and a number of continuing education opportunities. Continuing education sessions included attending a Community Connections Conference Dec. 4-5, 2012 and Purdue's Road School Mar. 6-8, 2012

16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them.

Yes. The only interactions to date have been to accommodate those bound to wheelchairs or the inability to stand for long periods.

17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities?

Things could be done better to accommodate those with hearing, vision and cognitive disabilities. Provisions are provided but not possibly in the best manners and state of the art technologies that are available. As a small community, with limited resources, and a current segment of that population coming to utilize the services of these departments being extremely small it seems the efforts should focus on being able to accommodate those that are mobility impaired and providing the necessary access and circulation for that particular type of impairment.

Americans with Disabilities Act Self-Evaluation Program, Services, and Activities Questionnaire City of Greensburg, Indiana

DEPARTMENT: Water, Wastewater & Sanitation Billing Office

CONTACT PERSON: Donna Lecher

PHONE: 812.663.5621

E-MAIL: dmlecher@cityofgreensburg.com

The ADA prohibits the denial of services or benefits to persons with disabilities. In the performance of common, every day services provided by local units of government, you must ensure that all services are available in some way to persons with all disabilities. To better allow us to understand each department's interactions with the public, we request that you complete this questionnaire. Your responses are vital to ensuring that modifications can be made throughout the City to ensure access to all programs and services, if necessary. Please discuss with your staff as needed to provide thorough, complete, and accurate responses to each question. The information provided is intended to allow for changes throughout the City to provide equal access to programs and activities to everyone, without exception.

1. What programs or services are offered in your department to the public? Please list them and also indicate the level of interaction your department has with the public (infrequent, daily, etc.).

- Receives billing payments for water, sewer & sanitation service
- Issues water sold at plant and sewer sludge tickets
- Processes applications for water, sewer & sanitation service
- Processes new service connections for water, sewer & sanitation service
- Issues permits for repairs of water and sewer lines and soil erosion
- Processes accounts payable for water, sewer and some city infrastructure
- Processes payroll for water and sewer and some city employees

2. Are all programs offered by your department available to persons with disabilities noted below? Consider the unique challenge each presents to you and the person (i.e. can someone in a wheelchair see over your service counter, how you would communicate with someone with a severe hearing loss, etc.).

a. Physical challenge? (Uses a wheelchair, can't stand for long periods, etc.)

The office of the Water, Wastewater and Sanitation Billing Office is accessible to people using wheelchairs. A portion of the counter has been adjusted for wheelchair use. It can be used for those unable to stand for long periods as well.

b. Sensory challenge? (Visual loss or hearing loss)

The departments have signs with Braille in the hallways indicating which office a visually challenged person might be entering. Offices can and will provide assistance in filling out

forms for those having trouble seeing. For those with hearing loss, provisions for writing out communications are made accessible.

Materials and applications are not made available in Braille and the city does not have staff that is conversant in sign language.

c. Cognitive challenge? (May have difficulty understanding)

These departments do not have the capabilities to deal with citizens that may have cognitive challenges.

3. Are programs, services or activities offered by your department the same for people with disabilities or are separate or different accommodations necessary? Explain.

The services are essentially the same. When requested in advance the city does try to provide interpretations in sign language and Spanish.

4. Do any programs segregate people with disabilities from others participating in the same program service or activity?

Not that we are aware of.

5. Are reasonable modifications necessary to provide programs, services, and activities? If so, what are your suggestions?

Our department doesn't offer programs, we are service oriented. Possible improvements could be the addition of terminals where those with hearing loss might be able to type to communicate with staff and the staff to be able to respond in a similar manner.

6. Does your department offer any permits, licensing, or certifications to citizens (building permits, voter registration, handgun purchase, etc.)? If YES, please list.

Yes.

- (as listed in 1., Issues permits for repairs of water and sewer lines and soil erosion)

7. Is the building your programs are provided in owned by the City or leased? Please consider all facilities used by your Department.

Owned by the City (City Hall)

8. What auxiliary aids are provided for people with hearing impairments (may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed

caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDDs), videotext displays, and exchange of written notes) and where are they located?

The exchange of written notes is used when applying for service in office. For participation in or access to City sponsored services contact Gary Murray, ADA Coordinator at 812.663.3344.

- 9. What auxiliary aids are provided for people with visual impairments? (may include: qualified readers, taped texts, audio recordings, Braille materials, large print materials, and assistance in locating items) and where are they located?**

Audio recordings and large print media are available upon request.

- 10. What auxiliary aids are provided for people with cognitive impairments? (may include: computer terminals, speech synthesizers, and communication boards) and where are they located?**

A chalk board is available in the utility billing office. A laptop for typing can also be made available upon request.

- 11. Do any of the programs offered by your department have papers or documents that are given to employees or the public? Please list and include all publications.**

Yes. They include the following applications:

- Work orders
- Copy of Utilities service application.
- Copy of CCR Report or other public information by request
- Water & Sewer repair request permits
- Copy of New Service Connection application
- A/P payments
- Payroll
- Memo's

- 12. Do any of the programs have any audio/visual media that is offered to employees or to the public? Please list and include information included on the City web site.**

Audio recordings of public meetings are posted on the website as are written copies of minutes.

- 13. What policies and procedures are in place for each program?**

Programs are not really offered through this department. It is more service oriented.

- 14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been**

performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community?

Contact Gary Murray at 812.663.3344.

- 15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training.**

Contact Gary Murray at 812.663.3344.

- 16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them.**

Yes. Wheelchair accommodations were provided at our previous building that was owned by the City of Greensburg. The consumer was able to arrive through the utility entrance and ride the lift to the lower floor to pay his bill.

- 17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities?**

Things could be done better to accommodate those with hearing, vision and cognitive disabilities. Provisions are provided but not possibly in the best manners and state of the art technologies that are available. As a small community, with limited resources, and a current segment of that population coming to utilize the services of these departments being extremely small it seems the efforts should focus on being able to accommodate those that are mobility impaired and providing the necessary access and circulation for that particular type of impairment.

Americans with Disabilities Act Self-Evaluation Program, Services, and Activities Questionnaire City of Greensburg, Indiana

DEPARTMENT: GREENSBURG POLICE DEPARTEMENT

CONTACT PERSON: STACEY CHASTEEN

PHONE: 812-663-3131

E-MAIL: schasteen@greensburgpd.com

The ADA prohibits the denial of services or benefits to persons with disabilities. In the performance of common, every day services provided by local units of government, you must ensure that all services are available in some way to persons with all disabilities. To better allow us to understand each department's interactions with the public, we request that you complete this questionnaire. Your responses are vital to ensuring that modifications can be made throughout the City to ensure access to all programs and services, if necessary. Please discuss with your staff as needed to provide thorough, complete, and accurate responses to each question. The information provided is intended to allow for changes throughout the City to provide equal access to programs and activities to everyone, without exception.

- 1. What programs or services are offered in your department to the public? Please list them and also indicate the level of interaction your department has with the public (infrequent, daily, etc.).** **The Records Department has potential for interaction with the public offering gun permits, report copies, and fingerprinting. This is a daily function for that position**

- 2. Are all programs offered by your department available to persons with disabilities noted below? Consider the unique challenge each presents to you and the person (i.e. can someone in a wheelchair see over your service counter, how you would communicate with someone with a severe hearing loss, etc.).**
 - a. Physical challenge? (Uses a wheelchair, can't stand for long periods, etc.)**
The Records Department has sufficient accommodations for and physical challenges that the public may present. The chairs in that area can be moved to accommodate a wheelchair or anyone that can't stand for long periods of time.
 - b. Sensory challenge? (Visual loss or hearing loss)**
Personnel can and will provide assistance in filling out forms for those having trouble seeing. For those with hearing loss, provisions for writing out communications are made accessible. Materials are not made available in Braille and the Police Department does not have staff conversant in sign language. We do however have a contact list of resources if needed.
 - c. Cognitive challenge? (May have difficulty understanding)**
The Police Department staff takes yearly basic training courses in dealing with someone with cognitive challenges and the Police Department has a contact list of resources if needed.

3. Are programs, services or activities offered by your department the same for people with disabilities or are separate or different accommodations necessary? Explain.

The services offered are essentially the same for everyone but there are areas that are able to accommodate for any of the challenges that have been listed previously.

4. Do any programs segregate people with disabilities from others participating in the same program service or activity?

Not that we are aware of.

5. Are reasonable modifications necessary to provide programs, services, and activities? If so, what are your suggestions?

We are a more service oriented facility. As a possible addition there could be a terminal installed to assist those with hearing difficulties may be able to type to receive assistance and the staff be able to respond in the same fashion.

6. Does your department offer any permits, licensing, or certifications to citizens (building permits, voter registration, handgun purchase, etc.)? If YES, please list.

Yes, we provide gun permits, duplicate license paperwork, vehicle identification number checks, background checks, and any paperwork that may have to be filled out during a criminal investigation.

7. Is the building your programs are provided in owned by the City or leased? Please consider all facilities used by your Department.

The Police Department facility is owned by the city of Greensburg.

8. What auxiliary aids are provided for people with hearing impairments (may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDDs), videotext displays, and exchange of written notes) and where are they located?

Written note taking and sign language can be provided if needed. We also have the TDD on the 911 systems. We are able to utilize a relay system when taking administrative calls as well.

9. What auxiliary aids are provided for people with visual impairments? (May include: qualified readers, taped texts, audio recordings, Braille materials, large print materials and assistance in locating items) and where are they located?

All interview rooms are equipped with audio/video devices and the lobby area is equipped with video devices.

10. What auxiliary aids are provided for people with cognitive impairments? (May include: computer terminals, speech synthesizers, and communication boards) and where are they located?

The training room houses a white board along with a rolling white board that can be moved to any portion of the building that is needed. Each area of the secured portion of the building is equipped with a computer terminal that can be utilized to aid with people that have cognitive impairments.

11. Do any of the programs offered by your department have papers or documents that are given to employees or the public? Please list and include all publications.

Yes they include the following forms and applications:

- Gun permit applications
- Background check forms
- VIN check forms
- Duplicate license forms
- All forms used for criminal investigations

12. Do any of the programs have any audio/visual media that is offered to employees or to the public? Please list and include information included on the City web site.

There are really no programs offered at the Police Department

13. What policies and procedures are in place for each program?

We are service oriented.

14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community?

The ADA liaison is Stacey Chasteen, Chief of Police and her contact number is 812-663-3131.

15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training.

All staff has had continuing education in assisting those with impairments. There are no staff members with specific ADA requirements training.

16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them.

Our staff has had numerous interactions with persons of various degrees of disabilities including, hearing, seeing, physical and cognitive impairments/disabilities. We make whatever accommodations are needed to assist those individuals with the services that we provide.

17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities?

More technology could be implemented to assist those with hearing, seeing, and cognitive disabilities. However, we have limited resources as a small department and statistically the number of people with these disabilities coming into our facility may not justify the expense of the technology that is needed.

The information provided is intended to allow for changes throughout the City to provide equal access to programs and activities to everyone, without exception.

1. **What programs or services are offered in your department to the public? Please list them and also indicate the level of interaction your department has with the public (infrequent, daily, etc.).** We provide tours, CPR/ First Aid classes, fire training and we hold a annual Chili Supper.
2. **Are all programs offered by your department available to persons with disabilities noted below? Consider the unique challenge each presents to you and the person (i.e. can someone in a wheelchair see over your service counter, how you would communicate with someone with a severe hearing loss, etc.).**
 - a. **Physical challenge? (Uses a wheelchair, can't stand for long periods, etc.)**

A wheel chair could be maneuvered thru the building. But counters and restrooms are not setup.
 - b. **Sensory challenge? (Visual loss or hearing loss)**

The building is not setup with braille signage.
 - c. **Cognitive challenge? (May have difficulty understanding)**

This Dept does not have the capabilities to deal effectively with citizens that may have cognitive challenges.

3. Are programs, services or activities offered by your department the same for people with disabilities or are separate or different accommodations necessary? Explain. **Yes the programs are the same. We have no special accommodations for these individuals.**
4. Do any programs segregate people with disabilities from others participating in the same program service or activity? **Not that we are aware of.**
5. Are reasonable modifications necessary to provide programs, services, and activities? If so, what are your suggestions? **Not sure**
6. Does your department offer any permits, licensing, or certifications to citizens (building permits, voter registration, handgun purchase, etc.)? If YES, please list. **Fire Training and CPR/ First aid cert's**
7. Is the building your programs are provided in owned by the City or leased? Please consider all facilities used by your Department. **Owned**
8. What auxiliary aids are provided for people with hearing impairments (may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDDs), videotext displays, and exchange of written notes) and where are they located? **We have no auxiliary aids.**
9. What auxiliary aids are provided for people with visual impairments? (may include: qualified readers, taped texts, audio recordings, Braille materials, large print materials, and assistance in locating items) and where are they located? **We have no auxiliary aids.**
10. What auxiliary aids are provided for people with cognitive impairments? (may include: computer terminals, speech synthesizers, and communication boards) and where are they located? **We have no auxiliary aids.**

11. Do any of the programs offered by your department have papers or documents that are given to employees or the public? Please list and include all publications. **Fire prevention materials , class curriculums**
12. Do any of the programs have any audio/visual media that is offered to employees or to the public? Please list and include information included on the City web site. **Nothing**
13. What policies and procedures are in place for each program? **Nothing**
14. Has your department designated an employee to act as liaison to the City ADA Coordinator? If so who is it and provide contact information (telephone and e-mail). How long have they been performing this function? Have they previously attended ADA-related training? Have they attended meetings (other than the one where this questionnaire was distributed) for the Self-Evaluation and Transition Plan for your community? **Fire Chief Scott Chasteen 812-663-8671 schasteen@greensburgfire.com**
15. Has anyone in your department had any training specific to the ADA? If so identify the staff person, who provided the training, what the topic of the training was, and the date(s) of the training. **No**
16. Has your department had any interactions with persons with a disability? If so, identify the type of disability and the methods used to provide equal service to them. **Assisted individuals with wheelchairs by holding the door**
17. Do you have any recommendations for changes that would allow your department to better serve persons with disabilities? **Not Sure**
