

Calendar of Events Guidelines

The purpose of our online calendar of events is to help visitors plan their vacations to the Mississippi Gulf Coast, therefore we will feature those events whose appeal is wide enough to attract visitors to travel to the Mississippi Gulf Coast, from outside the three county area (Hancock, Harrison, Jackson), for overnight stays and/or to entice convention delegates to extend their stays.

Please review the below guidelines prior to submitting your event. We reserve the right to decline listing of events that do not meet the established guidelines and/or conflicts with the mission of the Mississippi Gulf Coast Regional Convention & Visitors Bureau.

- Calendar of events listings are reserved for special events, not reoccurring local events.
- All events must be open to the general public.
- Only events being held within the three county region.
- The sole purpose of the event should not be fundraising.
- Keep in mind that a tourism event is distinguished from a community event by its ability to attract a significant percentage of its attendees from greater than the three county region.
