

Gwinnett Parks & Recreation (GPR) maintains and operates many beautiful and unique park settings. Many are desirable locations for video footage and still photographs. GPR appreciates the beauty and diversity of its facilities and encourages the use of the parks for film and photography, while maintaining the integrity of the environment, enjoyment of visitors, and extending the influences of recreation. ***There is no fee or permitting process for personal, non-commercial use photography at any park location.***

Guidelines:

1. Most parks are open from sunrise until sunset. Early entry or late stay may result in additional charges.
2. During regular hours of operation, county offices and/or other occupants will be conducting business.
3. Filming is not permitted where it may compromise the privacy of park patrons (ex: comfort stations and locker rooms) or unduly restrict use or access, unless such locations are rented for sole use of the filming company.
4. All activities must follow park rules and ordinances. A complete list can be found on the website under [Park Ordinance & Rules](#).
5. All applicable federal, state, and local regulations and ordinances apply to usage of this facility or facilities.
6. No signage may be staked into the ground or affixed to buildings, trees, signage or other structures.
7. All materials, including trash, brought in by permitted media, must be removed from the park. All areas should be left in the condition in which they were found.
8. Extensive set-up on park property or facility is only allowed as outlined on permit and must be approved in advance.
9. Draping, tying, or attaching rope, props, or equipment to trees, shrubs, fences, statues, sculptures, fountains, benches, or other features is not allowed.
10. Trimming, tying back, or altering shrubs, plantings, or trees in any way is not permitted without prior written approval.
11. Any cable or wire crossing a pedestrian path must be covered and all appropriate safety measures taken.
12. Gwinnett County Parks and Recreation will not provide security or guarantee the safety of equipment or other property at filming location.
13. Public Safety Officers may be required for some events; the licensee will schedule the officer and incur the cost of the officer with the appropriate agency.
14. Use of facilities, electricity, or water that is not secured as part of the paid permit is not allowed.
15. In the case of inclement weather, cancellations are not assumed; notification by the licensee is required.
16. When Gwinnett County Government is closed due to inclement weather, all filming permits are cancelled and will be rescheduled at no additional fee to the licensee.
17. Any special requests/needs will be handled on a case-by-case basis during the permit application process.
