

At the Hawai'i Convention Center (HCC), our guests, planners, staff and communities have come together for more than two decades to preserve, protect and enhance the natural beauty of the Hawaiian Islands. Our [Ho'omalūō](#) program celebrates that commitment with a multi-faceted approach to environmental conservation that inspires everything we do and touches everyone we serve.

During your meeting or event, we ask for your support in furthering our efforts in waste reduction. Please refer to our Recycling Guide below for items that we can re-use or recycle after your event.

HO'OMALUŌ
[bo-ob-ma-loo-ob]
