Public Health

March 27, 2020

To All Macon County Lodging Facilities:

Enclosed you will find the recently adopted regulations imposed in Macon County by Macon County Emergency Management Coordinator in connection with COVID-19 pandemic. In addition, you will find a Frequently Asked Questions Sheet that provides additional guidance.

Macon County Emergency Services and Macon County Public Health are asking all lodging businesses to play a critical role in our efforts to lessen the impact COVID-19 has on our community. Please know that we understand these times are stressful for you as well as all community members. Therefore, we are distributing this information to you and providing you with contact information to get your questions answered.

Your County needs your help and cooperation now in order to protect everyone better for the future. For all questions that you have regarding these regulations, please contact Macon County Emergency Services at 828-349-2067.

Please stay safe,

Carmine Rocco,
Health Director
