WHAT WE DO

RESEARCH & REPORTS

The IGLTA Foundation funds research to promote further understanding of LGBTQ+ travel within the global tourism industry.

EMERGING DESTINATIONS

The IGLTA Foundation subsidizes association memberships for small LGBTQ+ welcoming tourism businesses in emerging destinations, i.e. places that lack governmental support or LGBTQ+ infrastructure. Recently, the IGLTAF launched an India Task Force to advance LGBTQ+ tourism to and within India while also improving resources for LGBTQ+ Indians traveling abroad.

GLOBAL DIALOGUE

The IGLTA Foundation educates governments and tourism industry leaders on the importance of making LGBTQ+ travelers feel valued and welcome. It also provides resources for IGLTA to engage with other non-governmental organizations as well as governments and tourism boards to speak on the positive economic and cultural impact of LGBTQ+ tourism.

ABOUT US

The IGLTA Foundation empowers LGBTQ+ welcoming travel businesses globally through **leadership, research** and **education**. Founded in 2012, the foundation is the 501(c)3 public charity subsidiary of the International LGBTQ+ Travel Association.

TRANSGENDER TRAVEL OUTREACH

The IGLTA Foundation is working with tourism businesses and transgender community leaders to develop a plan for making tourism more welcoming for transgender travelers.

FELLOWSHIP PROGRAM

Each year, the IGLTA Foundation provides financial support (travel and accommodations) to young professionals and LGBTQ+ small-business owners in the tourism industry so that they can attend the IGLTA Global Convention for education, mentorship and networking. The program prioritizes those in destinations lacking LGBTQ+ tourism support and/or with anti-gay governments..
