PROBLEM-BASED LEARNING UNIT

Day 3: Collaboration Introduction

Introduction w/Anchor Chart

- Discuss importance/purpose of collaborating
    o Task completion
    o Think deeper
    o Etc.

Collaboration
Responsibility for Oneself:
• Complete tasks on time
• Use feedback to improve his or her work
• Do what he or she is supposed to do without being reminded
• Prepare and be ready to work with the team; be available for meetings
Helping the TEAM:
• Help the team solve problems, manage conflicts, and stay focused and organized
• Share ideas that help the team improve its work
• Give useful feedback (specific and supportive) to others so they can improve their work
• Offer help to peers to assist in their work
Respect Others:
• Listen carefully to teammates
• Be polite and kind to teammates

- Discuss important things to consider when collaborating

Demonstrate w/Activity
    o Put students into groups of 4-5 students
    o Give each group one piece of paper and tell them that they must collaborate to list as many things as possible that they ALL have in common
    o The goal is to collaborate in order to complete the task
    o At the end, reflect on what the activity demonstrated
