----- TRAIL MAP -----

**Leave No Trace**

No matter which trail you choose, follow these Leave No Trace principles to ensure future rambles will enjoy our beautiful outdoor spaces for many generations to come.

1. Plan & prepare - check the weather and bring a map.
2. Remain on established trails whenever possible to minimize the impact on the land.
3. Dispose of waste properly - pack it in, pack it out.
4. Leave what you find and don't carve into trees or historic structures.
5. Respect wildlife - always give them proper space and leave their resources.
6. Be considerate of others - including cleaning up after your pets.
