2023 FEATURED ARTWORK

Ewoud De Groot
TWILIGHT ELK

51" x 51" oil on linen

Ewoud de Groot, represented by Astoria Fine Art, is an internationally renowned painter based in the Netherlands. De Groot is recognized for his brilliant colors, compositions, and contemporary approach to capturing wildlife. He has exhibited his artwork throughout the United States, Europe, and Asia.

The artist has work in the permanent collection of the National Museum of Wildlife Art, and in 2014 was the Featured Artist of their annual Western Visions Exhibition. During his many visits to Jackson Hole, he has found endless inspiration in the animals and landscape of the region.

This year's featured painting, "Twilight Elk" was inspired by an encounter the artist had with an elk while flyfishing. "I remember, years back, I was by myself on one of the tributaries of the Snake and was making a few last casts before it got too dark, and had one of those brilliant encounters ...just you and this majestic elk. It took a look over its shoulder and then slowly walked away" recalls De Groot. "In my paintings the focus lies mostly on the animal being portrayed, and the background is painted in an abstract way. It's this tension between the subject and its environment that I wanted to capture for this special painting."
