

Economic Recovery Task Force meeting notes; April 29th, 2020

Jodie Pond Report

County Public Health Order 20-4 – letting that expire on April 30.

There will no longer be a county stay at home order

Statewide Orders – Public Health Officers can request a variance by County. It can be more strict or less.

Teton County will request the following:

Order 1. Everything will stand except for Gymnasiums closed through May 11.

Day Cares will open on May 1.

Restaurants – 5 public inside – 6 feet apart

Order 2: Stands no variance requested.

Order 3: Asking for a variance for all personal service business closed through May 11

Teton County have not met the testing criteria to be comfortable to open these personal services businesses. We want to get testing numbers up for symptomatic people.

Testing numbers have been down last 2 weeks – don't know if demand down or people just gave up because they hadn't been able to get a test.

Positivity Rate too high to be comfortable

In addition, we think we will have a very thoughtful plan and because we are a tourist based economy we want to be ready with strict guidelines

Share the Health Guidance Planning Framework with business

And General Employer Applies to all Business – Minimum health Guidance for each Sector

Focus Group Meetings Report

All 4 of the Focus Groups met Monday and Tuesday this week. Business throughout each of the sectors are sending feedback and comments to Teton County Public Health by May 4th. This will be reviewed and integrated into opening plans and these should be ready to release May 8th for implementation by businesses hoping to open the week of May 11th.

Individual business sectors will begin sub-group meetings for larger sectors – Restaurants will be Friday

Questions:

What about Human Recourse Doc Updates?

What about return to work testing requirements?

Businesses need to start resourcing masks/gloves themselves now

Follow Up with Colby Cox on Masks? We have a possibility to put in a community order that could be delivered with 2 to 2.5 weeks.
