

The Jackson Hole Chamber of Commerce, in coordination with other state destinations and strategic partners fought and defeated several attempts to alter the State Lodging Tax structure. Tourism continues to be one of the most critical sectors of the state economy, with 2022 stats showing 252 million in local and state tax revenue. Promoting tourism is a vital lifeline to our membership and local economy. The Jackson Hole Chamber of Commerce is proud to advocate for our membership and community on both the local and state levels.
