Dear Chairwoman Macker, Board of Teton County Commission,

On behalf of the Jackson Hole Chamber of Commerce I would like to share our support for the development of the Red House Apartments at Jackson and Kelly.

From the start, this project has felt inclusive, thoughtful, and visionary. I hope the resulting housing captures this same sense for its occupants. As a community we owe a debt of gratitude to the Cumming Foundation for their generosity and leadership.

The Red House apartments will be in the right location (close to transit, jobs, amenities, and services), provide much needed affordable, quality rentals for our workforce (a key need to attract and retain employees), and showcase a good example of private sector expertise leveraging public owned land.

We extend a thanks to the Housing Dept for their work on this project and can only urge you to move as quickly as possible to approve the land exchange and get this project from planning phase to construction.

Thank you for the opportunity for public comment.

Yours Sincerely,

Anna Olson  
President/CEO Jackson Hole Chamber of Commerce
