

# 301 Endless Yard Sale Safety Tips

## Stay Safe While You Shop!

A little planning goes a long way in making the most of your time on Hwy 301!

### Parking & Driving

Park off Hwy 301. Use driveways, parking lots, or vendor-designated parking areas.

Slow down and stay alert. Pedestrians will be everywhere.

Use a co-pilot lookout to spot vendors while the driver stays focused.

Keep emergency lanes clear. Don't block access points.

### Pedestrian Safety

Park, then shop. Avoid stopping in the road.

Be careful crossing 301. Always look both ways.

Watch young children closely. Bright clothing helps with visibility.

### Beat the Heat

Dress for summer. Light clothing, closed-toe shoes, and a hat.

Sunscreen & shade. Reapply often and take breaks in shaded areas.

Stay hydrated. Bring cold water, sports drinks, and snacks.

### Extra Tips

Bring cash (small bills). Not all vendors take cards.

Use a cart or reusable bags to make carrying purchases easier.

Plan your route. Check maps to target your top spots.

Have space for treasures. Larger vehicles or shipping options can help.
