Built in the mid-1990s, this course has been acclaimed as one of Michigan's most scenic courses, located in a well-forested setting in the heart of the state's wine country. Architect Jerry Matthews used this landscape to create intriguing holes with a great amount of variety and opportunities for golfers of all levels to test their skills. On some holes, thick with pines, you'll feel as if you're in the Northwoods; on others, wide open fairways offer a taste of Scottish links design. **heritageglengolf.com**
