## **What is the Tourism Signage Program?**

The Tourism Signage Program was developed to increase awareness for travelers and residents of tourism operations and attractions. The Tourism Signage Program also ensures that road signage for tourism attractions is consistent with road safety and other road and traffic objectives, and provides effective guidance in directing tourists and visitors to tourism facilities.

This application kit was developed to provide Kansas businesses, attractions, tourist destinations and other specific points of interest with a single source of reference if they desire to have their location identified on a road sign along the state controlled and maintained roadway system to provide the motorist with directional guidance and information about their location.

## **Why is tourism signing important?**

Tourism signs complement standard directional signs to assist safe and efficient travel for visitors seeking particular destinations or areas of interest. These signs help to promote tourism, ensuring that visitors can travel safely to locate and enjoy all that the State of Kansas has to offer. Effective tourism signs can mean the difference between visitors stopping to explore a town or attraction or just driving through. Tourism signs inform road users of tourism attractions and also increase the frequency and quantity of tourist visits.

Tourism signs are not just for promotional purposes—they are used to help visitors who are already aware of the attraction through brochures and advertising and also for those travelers who may not be aware of an attraction. These signs will be used to physically locate the tourism attraction that can provide the tourist with a meaningful experience.

## **What types of tourism signs are available?**

Kansas offers three (3) tourism sign opportunities – Tourist Oriented Directional Signs (TODS), Supplemental Guide Signs, and Attraction Logo Signs. To see which type you may qualify for see page 4.

- Tourist Oriented Directional Signs (TODS) are available along two-lane and four-lane rural roadways with intersections for tourist oriented attractions, gas, food, lodging and camping services.
- Supplemental Guide Signs are available along four-lane roadways with interchanges or intersections and two-lane roadways with interchanges if designated as a national/international attraction.
- Attraction Logo Signs are available along interchanges on interstates, freeways, expressway interchanges and bypass interchanges.

## Application Process

1. For Supplemental Guide Signs, Tourist Oriented Attraction TODS, and Attraction Logo Signs: Contact Kansas Tourism, to obtain an application. You may also visit the website [www.TravelKS.com/industry](http://www.TravelKS.com/industry) to download an application.
2. Return the completed application to the Kansas Tourism (KT). KT will review the application and a site visit will be completed. If the application is approved for eligibility, KT will forward the eligibility approval to KDOT or Kansas Logos, Inc (KLI) to review the proposed signing locations and feasibility will be determined. Our intent is to complete the eligibility process within 90 days of receiving the completed application.
3. After it is determined that signs can be installed, the applicant will be contacted with an approval letter. KDOT/KLI will then contact the applicant so signing plans and sign layouts can be developed and fabricated. Local KDOT forces or KLI or its subcontractors will install the signs as soon as their schedule permits.
4. KT, KDOT, and KLI recognize the importance of tourism signage and will work as hard as they can, but the entire process can take up to one year depending on existing workload and/or sign type.
5. If the application is denied, the tourism attraction will be contacted with an explanation of why the application was denied. Kansas Tourism may reject any application that is incomplete or does not comply with the tourism attraction signage criteria and/or policies. It is possible for an attraction to receive approval for eligibility from the Kansas Tourism, but not to receive signing based on existing signing conditions.
6. For Gas, Food, Lodging and Camping TODS: Contact Kansas Logos, Inc. to obtain an application. You may also visit the website [www.kansas.interstatelogos.com](http://www.kansas.interstatelogos.com).
