YTD January-June 2021

Hotel Occupancy

(Source Smith Travel Research)

59.7%

YTD January through June 2021

Hotel Occupancy Rates measure the ratio of booked hotel rooms to available supply. This measurement is another important key performance indicator used to determine the health of Knoxville's hotel industry.

Hotel Occupancy is up 43.9% over the same period last year.

ADR

(Source Smith Travel Research)

\$89.06

Hotel RevPAR

(Source Smith Travel Research)

\$53.19

YTD January through June 2021

Hotel Revenue Per Available Room (RevPar) is an important key performance indicator that gauges the strength of hotel rooms booked and visitor spending. This indicator measures the hotel room revenue divided by hotel rooms available. Average Daily Rate (ADR) is a measure of the average rate paid for rooms sold, calculated by dividing room revenue by rooms sold.

Hotel ADR is up 9.5% and RevPAR is up 57.6% over the same period last year.
