# Welcome to SHORES & ISLANDS<sub>OHIO</sub>

On behalf of all of us who live and work in Shores & Islands, thank you for including our area in your travel plans! Our team has designed this guide to help direct you to exactly what you're looking for and give you some ideas on new things to experience during your visit.

And 2026 will certainly not disappoint when it comes to new experiences with a list that includes a new luxury RV Resort and our region's first Springhill Suites in Sandusky; a luxury inn and event center in Vermilion; an entertainment and recreational facility in Marblehead with indoor pickleball, golf simulators, and other activities; new restaurants and retail shops in several communities in the region; and more.

Several new special events will also take place during 2026 with the biggest being the year-long celebration - America 250! Communities across our region will join others from across the country to commemorate the 250th anniversary of the signing of the Declaration of Independence, an opportunity to pause and reflect on our nation's past, honor the contributions of all Americans, and look toward the future we want to create for the next generation and beyond.

You'll find more information on our region's American 250 activities, other events, new attractions, dining and lodging options, and other opportunities for you to enjoy Shores & Islands Ohio in this guide and online at [SHORESandISLANDS.com](https://SHORESandISLANDS.com). You can also drop by or give one of our welcome centers a call for up-to-the-minute information to help you plan your visit.

Enjoy!

SHAPING OUR SHORES:

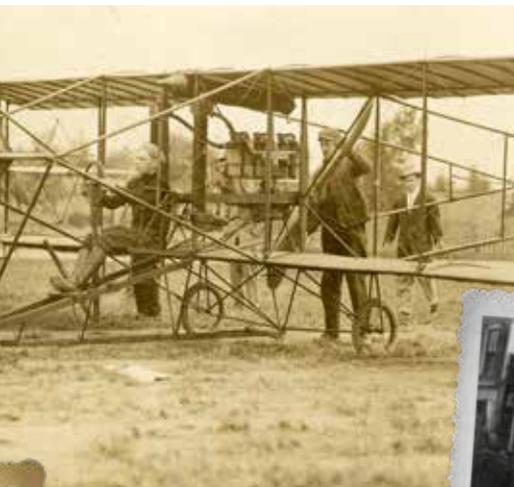

250 YEARS OF AMERICAN

Spirit

In 2026 our nation celebrates its 250th anniversary. America 250 is a national commemoration designed to honor this milestone, reflect on our history, and inspire the next generation. Across Ohio, communities are prepared to mark the occasion with unique events, trails, and programs that highlight the state's contributions to our country's story.

Ohio's America 250 initiatives are as diverse as its history. Themed trails encourage travel throughout the state and spotlight local sites tied to aviation, creativity, innovation, and film. Visitors to the state, as well as Buckeye locals, can explore the **Ohio Air & Space Trail**, which includes Port Clinton's Liberty Aviation Museum, or discover unexpected creative legacies like historic carousels on the **Ohio Creativity Trail**. The **Lake Erie to Ohio River Trail** connects 29 sites across the state, weaving together stories of industry, commerce, community, and

resilience, including our local lighthouses, ferry services, and more. **Ohio's Innovation Trail** recently launched, and the **Ohio Transportation Trail** and **Ohio Leadership Trail** are both expected to launch in 2026, so stay tuned for more Ohio adventures!

**Ohio Goes to the Movies**, another America 250-Ohio initiative, will launch with a kickoff at Edison Birthplace in Milan on February 11, 2026, celebrating the state's role in shaping entertainment and featuring films, filmmakers, and screen artists from Ohio.

Locally, the connection is especially clear: U.S. Route 250 runs right through our

communities, linking us to this state-wide initiative in a meaningful way. It's an opportunity to put our history, attractions, and stories on the map for visitors who may be exploring the America 250 trails.

County-level projects will bring the celebration even closer to home. In Erie County, gravesite markers will honor significant figures from our past, while the Village of Milan is planning a year-long celebration filled with events. Sandusky's annual Fourth of July festivities will take on an America 250 theme, the City of Sandusky is launching an interactive Underground Railroad walking tour, and Shores & Islands Ohio will re-launch its self-guided Underground Railroad driving tour, now enhanced with the Bandwango mobile pass that includes a gamified quiz and prize incentive. Explore lighthouses, landmarks, and legacies along Shores & Islands Ohio's Lake

Erie coast on **Shoreline Stories: Erie County's America 250 Tour**. Discover how Erie County helped shape a nation from freedom seekers to inventors and visionaries. Take the tour at your own pace. Each stop offers its own chapter in America's story.

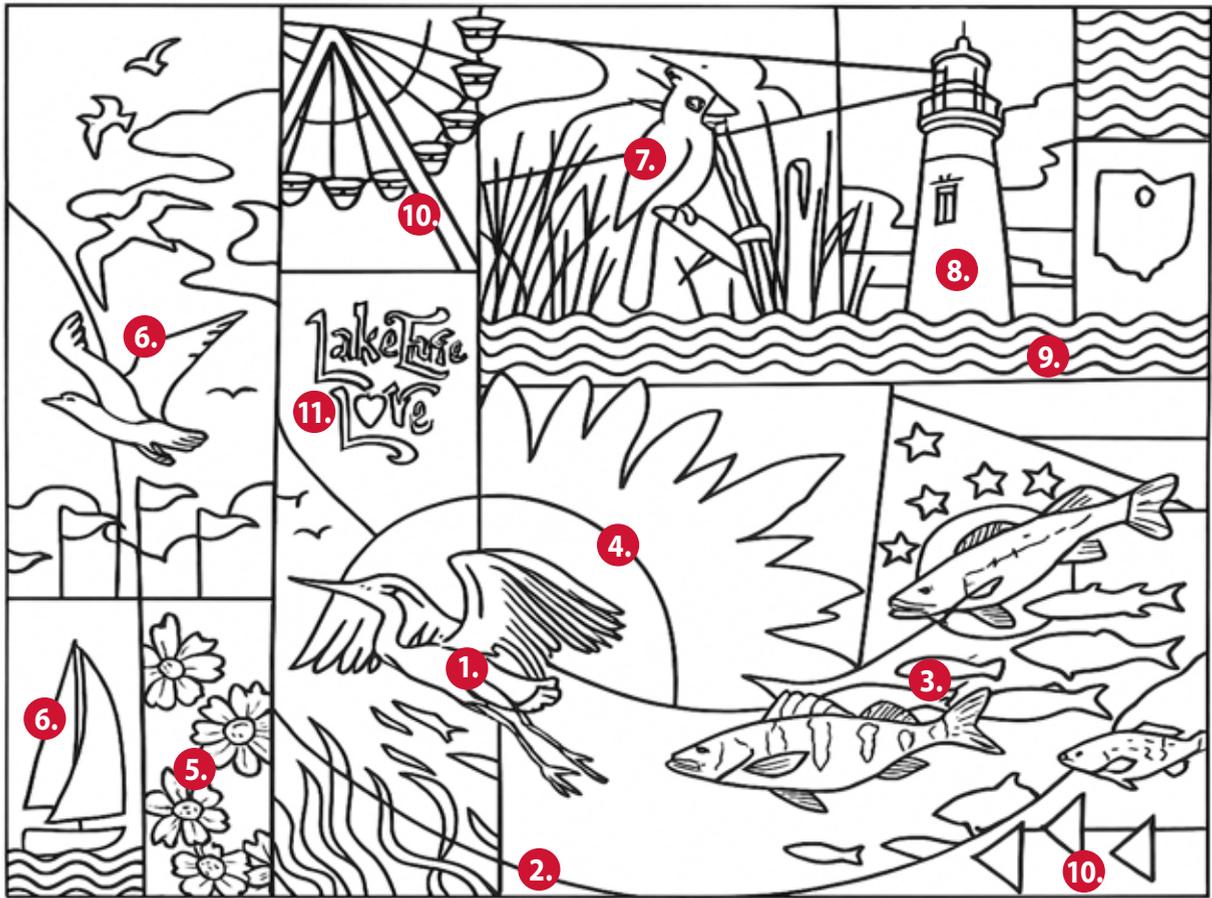

Ottawa County is also preparing for an exciting lineup. A new **History Mystery Ottawa County** self-guided driving tour will guide residents and visitors to historical sites across county communities, again using

Bandwango technology to make exploring fun and engaging. "History in Harmony" will showcase more than 200 years of American music, blending European influences with uniquely American traditions, and may even feature performances by barbershop quartets. Looking ahead to August 2026, Put-in-Bay will host a special Declaration 250 event to commemorate the anniversary of the signing of the Declaration of Independence in true island style. The Ottawa County Historical Society and the local America 250 committee have put together an extensive calendar of events, available through their Program Guide.

Local America 250-Ohio events will be easy to find with a link at [SHORESandISLANDS.com](https://SHORESandISLANDS.com). Communities and attractions with historical exhibits, events, and commemorations have contributed to that calendar. Together, these efforts exemplify how our region is embracing America 250 not only as a commemoration of the past, but also as a chance to celebrate who we are today. With trails, tours, performances, and celebrations, there will be countless opportunities to learn, explore, and connect. As the nation looks back to reflect and commemorate America 250 in 2026, our communities are ready to share their stories with pride. They create a powerful tapestry of freedom, innovation, and community spirit.

**Mural artwork featured on the cover:**  
**Reflections of Lake Erie**

This beautifully vivid mural, painted by Derek Brennan and Chad Fredorovich, can be viewed at the **Shores & Islands Ohio** East Welcome Center, 125 E. Water St., Sandusky, OH 44870. It captures the energy and spirit of summer on Lake Erie that defines this part of Ohio. It tells a story about the connection between people, wildlife, and the water that ties so many communities together. Through color, movement, and familiar local details, the mural reflects the rhythm of the shoreline and the sense of renewal happening all across the region. It honors the people who live, work, and play by the water and invites everyone to pause and feel the breeze, the light, and the sense of place that make Shores & Islands so special.

**Key Elements and Their Meaning:**

**1. Great Blue Heron**

The heron stands for strength, patience, and quiet confidence, qualities that reflect the character of the lakeshore communities. The bird also connects to the marshlands and waterways around the area where people often spot them.

**2. The Breeze and Flowing Water**

Anyone who has spent time along Lake Erie knows how much the wind shapes the feeling of the place. That movement runs through the

mural's composition, with waves and dynamic curved lines flowing through the design. This flow ties everything together and reinforces the idea of connection between land, lake, and life.

**3. Local Fish: Perch, Bass, and Walleye**

These fish highlight the region's strong fishing culture and deep connection to the lake. They are familiar catches for anyone who spends time on the water. Including them honors a long tradition of fishing in this area and how it continues to bring people together through shared experiences on the lake.

**4. The Sun**

The sun shines as a symbol of warmth and growth. Over the past decade, lakefront communities like Sandusky have come alive again with new art, shops, and energy. The sun represents that bright, optimistic spirit that continues to grow across the region.

**5. Lakeside Daisy**

This native flower adds a pop of yellow and a touch of the natural beauty found along the Lake Erie islands and shoreline. It brings warmth to the mural and connects it to the region's landscape.

**6. Sailboats and Seagulls**

Boating is a way of life across Shores & Islands. The sailboats and seagulls represent adventure, relaxation, and life on the water. The familiar sound of seagulls instantly brings to mind summer days on the lake, and their presence helps bring that feeling into the mural.

**7. The Cardinal**

The bright red cardinal, Ohio's state bird, adds a touch of local pride. Its color stands out against the blues and golds of the composition, symbolizing home, memory, and belonging.

**8. Marblehead Lighthouse**

This is the oldest lighthouse in continuous operation on the Great Lakes. Visitors can climb to the top of the lighthouse during the summer season for spectacular views of the lake and its islands in the distance.

**9. Wave Pattern Motif**

The repeating wave forms represent rhythm, continuity, and the life that the water brings to the area. This visual pattern runs throughout the mural and connects every part of the story, reminding viewers how central Lake Erie is to the region's identity.

**10. Cedar Point References**

There are small nods to Cedar Point tucked into the mural, like the silhouette of the Ferris wheel and bits of vintage signage. These details celebrate the region's playful side and the generations of memories made at the park.

**11. Lake Erie Love Logo**

This logo represents local pride in our Lake Erie home. That love is more than a symbol, it is an attitude shared by those who appreciate the lake along with its recreational and ecological contributions.

# Home Is Where The Lake Is

Lake Erie is the crown-jewel of Shores & Islands Ohio. It plays an important part in not only the area's economy, but first and foremost, as the lead role in the region's ecosystem.

We honor and highlight a few organizations that are key in the education and implementation of programs that aid in keeping Lake Erie healthy. Their innovative and tireless efforts are crucial to the pursuit of sustainability of this Great Lake.

## Protecting the Region's Most Vital Resource and Biggest Asset

**Eriesponsible** is a local organization started by a diverse group of individuals with a three-tiered approach of Education, Awareness, and Cleanup, addressing both marine pollution and invasive species. They work with local, state, and national organizations to not only educate, but also host beach and marina cleanups around the lake, living out their mantra "Taking Steps Now to Preserve the Health of Lake Erie for Future Generations." Visit [erisponsible.org](http://erisponsible.org) to learn more about how you can get involved.

**From Stream to Bay** is an eco-conscious clothing brand started by Catawba Island resident, Alec Ochs. Seeing the devastating impact of plastics and other pollution on our waterways, he sells eco-friendly clothing with no plastic packaging AND each purchase ensures that litter will be removed from the lake and local watershed. As of September 2025, nearly 2,500 lbs. of litter have been

removed from local streams and coastlines! Learn more at [fromstreamtobay.com](http://fromstreamtobay.com) about their pledge, their progress, and how you can purchase their products with purpose.

**The Lake Erie Foundation** is a non-profit dedicated to creating and maintaining a healthy Lake Erie. Their aim is to protect our Great Lake as an advocate for economic sustainability, legal defense, education,

outreach, and innovative sustainable technologies. A healthy Lake Erie will have water that is free from harmful algae and contaminants with minimal impacts from invasive species. The health of the lake is so important as it is a valuable resource for drinking water, recreational activities, lake-related businesses, and aquatic and terrestrial life. Visit [lakeeriefoundation.org](http://lakeeriefoundation.org) on how you can "Take a Stake in the Lake."

A portion of the proceeds of all Lake Erie Love merchandise sold at the Shores & Islands Ohio welcome centers is donated to the Lake Erie Foundation.

### **Put-in-Bay Aquatic Visitor Center**

The center, formerly a fish hatchery, highlights Lake Erie's natural resources. Visit [ohiodnr.gov](http://ohiodnr.gov) to plan your next visit, and learn about the lake's aquatic ecosystem, conservation efforts, as well as the

importance of preserving its water quality. You'll find interactive displays and exhibits inside the center that showcase Lake Erie's great and historically significant fishing for species such as walleye, smallmouth bass, and yellow perch, as well as a live fish viewing tank.

### **The Ohio Coastal Management Program**

(one of two programs within the Office of Coastal Management, [ohiodnr.gov](http://ohiodnr.gov)) was federally approved in 1997. Three major approaches used to implement the program include:

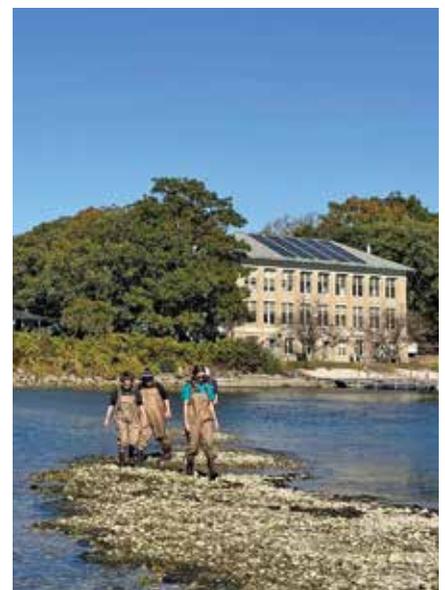

- Financial Assistance to local communities, non-profits, and other entities primarily through annual Coastal Management Assistance Grants, as well as targeted funding, such as annual support for the Ohio Clean Marinas Program and other opportunities (as they become available).
- Resource Management through regulatory programs such as Shore Structure Permits, Submerged Lands Leases, Coastal Erosion Area Permits, Federal and State Consistency, and Shipwreck Salvage Permits, as well as non-regulatory programs including the Ohio Coastal Nonpoint Pollution Control Program and the Sandusky Bay Initiative.

- Technical Assistance and Outreach provided through the Coastal Design Manual, Ohio Coastal Atlas, Lake Erie Public Access Guidebook, interactive maps, consultation with property owners, public events, such as grants workshops and training programs, and presentations at meetings and conferences.

**Old Woman Creek National Estuarine Research Reserve** (NERR) is also part of the Office of Coastal Management. Old Woman Creek is one of Ohio's few examples of a natural estuary. Old Woman Creek NERR is part of a national network of 30 State-Federal partnership coastal reserves that address state and regional coastal management needs. Each reserve is comprised of four common sectors: Education, Research, Stewardship, and Training. Visit [ohiodnr.gov](http://ohiodnr.gov) to learn more about this reserve, programs offered, and how you can become a volunteer.

**The Ohio State University's Stone Lab** and **Ohio Sea Grant** are closely connected through their shared mission of advancing environmental research and education. Both organizations collaborate under Ohio Sea Grant funding, with a strong focus on studying environmental challenges such as harmful

algal blooms and invasive species. They also engage the public by offering educational experiences that highlight the science and history of Lake Erie. Stone Lab contributes further by providing outdoor research facilities, including flow-through tanks. Together, their efforts aim to protect and sustain the Great Lakes and Lake Erie ecosystems. Visit [stonelab.osu.edu](http://stonelab.osu.edu) and [ohioseagrant.osu.edu](http://ohioseagrant.osu.edu) for more information.

A new boutique hotel is opening in Vermilion! **Brejé Inn** is just steps away from Vermilion's dining and shopping scene and Main Street Beach. The property, named from the first initials of the owners' children's names, was once a lumber mill in the 1850s and has been converted into a 5-unit luxury inn and event center for up to 50 people. The inn is equipped with two full kitchens and high-end amenities throughout.

# WHAT'S NEW

## IN 2026

### More NEW Additions Here

Check back often, exciting developments are added throughout the year!

### Bay Bell Restaurant

in Bay View has reopened under new ownership. A family-friendly, casual spot, Bay Bell features waterfront dining, all-day breakfast, steaks, and seafood, along with occasional live entertainment.

**Sora & Oak Sushi & Whiskey Bar** debuted in late 2025 in Sandusky featuring fresh air and fresh sushi. Enjoy patio season steps away from the lake with incredible food, and plenty of space to relax and unwind. Sora & Oak is located in the former Everwild Distillery and shares space with Sandusky Pedal Co.

A gorgeous new mural has arrived to beautify one of the busiest intersections in Ottawa County. The 3,500 square-foot mural, on the NAPA Auto Parts building in **Oak Harbor**, celebrates the region's heritage and natural beauty. Designed by Derek Brennan and the Cleveland Mural Company, the mural features wildlife of the Portage River, honoring the community's deep connection to the river and its natural resources. It also highlights Oak Harbor's growing appeal to birders and eco-tourists.

## Getting the Best out of Your Fishing Excursion

*Interview courtesy of Captain Jim Cramer, with Champion Charters*

### What are the easiest ways to fish on Lake Erie?

Shore fishing or taking a fishing charter are the best ways to experience the lake (for the many among us that don't own their own vessel).

### Where are some good places to shore fish and what can I catch?

Shore fishing along Lake Erie is plentiful around the region including the beautiful rocky shoreline of Marblehead Lighthouse State Park or enjoy some evening fishing and sunset at Catawba Island State Park; both in our North Shores region. If you are looking to do some fishing in the Central or East Shores regions, Shelby Street Boat Ramp in Sandusky and the mile-long Huron Lighthouse & Fishing Pier in Huron offer excellent fishing and waterfront views.

Common shore fishing catches include bass, catfish, crappie, walleye (in fall), and perch (in early fall).

For shore fishing more inland, it may surprise some that our region boasts many river fishing opportunities as well! In the West and North Shores regions, the Portage River offers several fishing opportunities around Oak Harbor and Port Clinton. While the East Shores region offers the Vermilion and Huron rivers for more fishing action. In the Central Shores region, Cold Creek, near Castalia, offers a chance to fish for steelhead and rainbow trout. Nearby Resthaven Wildlife Area also offers fishing, hunting, and an accessible fishing pier available year-round.

Inland catches include crappie, steelhead, and other trout (in Cold Creek), and walleye (in spring).

### What are the best ways to fish on a charter?

Charter fishing is another great way to enjoy Lake Erie and catch plenty of fish! Charter services come in two varieties: private charters and daily walk on (head boat) trips. Private charters commonly seat four to six passengers, with some companies offering boats with larger capacity, or for larger groups, multiple vessels can be reserved through some charters.

Head boat charters (so called because you are charged "by the head") frequently accommodate 25-40+ passengers and services can often include bait and tackle. These types of charters have a preset schedule frequently leaving twice a day, in early morning and late afternoon.

### Did you know that Lake Erie is home to over 100 species of fish?

Lake Erie boasts many unique attributes including being the shallowest, warmest, and most biologically productive of the Great Lakes. This productivity means that in many years, Lake Erie supplies more fish for human consumption than the four other Great Lakes combined.

Kelleys Island

# About the *Islands*

**Kelleys Island** is a quaint island community with a laid-back attitude. Nature lovers appreciate Kelleys Island for its numerous hiking trails and preserves, including the world's largest easily accessible Glacial Grooves, a remnant of the Ice Age. The State Park is large and welcoming, filled with camping, beach, fishing, and hiking opportunities. Birding is prevalent on the island as well, with a number of places to spy migrating feathered friends on their journey across Lake Erie. A friendly downtown offers a variety of dining and shopping options. The arts are alive on the island as well – be sure to visit the Charles Herndon Galleries & Sculpture Garden. Two wineries keep the island's traditions of wine-making alive and offer great spots to gather. Boaters, families, and couples enjoy the island's welcoming atmosphere.

**Middle Bass Island** is dominated by the façade of the former Lonz Winery, now part of Middle Bass Island State Park. Here, you can tour the winery's cellar and the historic Lonz Mansion, former home of founder George Lonz. You can even spend the night with overnight accommodations available on the mansion's second floor. Don't miss the views from the wrap-around porch rocking chairs. Also onsite are places to grab a bite to eat or a refreshing beverage. An outdoor stage hosts a season of lively entertainment during the summer months. Middle Bass Island State Park also offers a 100-slip marina, kayak and paddle board rentals, primitive camping, and a marina/camp store. Rent a bicycle or golf cart to tour the rest of the island, making sure to check out other island eateries, attractions, and nature preserves.

**North Bass Island** is the quintessential "getting away from it all" island. If you're looking for seclusion and nature, you'll find it here. Much of the island is part of North Bass Island State Park and contains nearly five miles of hiking trails. This quiet island is only accessible by private boat or plane and offers little in the way of accommodation. Primitive camping is available with a permit and there is a 4-bedroom lake house offered for rental at the State Park. The park also offers mooring for boats for day-trippers. The island is a fantastic location for spotting migrating birds in the spring and fall.

**Put-in-Bay** (South Bass Island) is a rich and vibrant island community filled with family-friendly attractions and historical sites. Visit the newly-renovated Aquatic Visitor Center, offering free Lake Erie marine and wildlife education and fun for all. The third-tallest national monument, Perry's Victory and International Peace Memorial, is operated by the National Park Service and offers a historical perspective on the Battle of Lake Erie during the War of 1812. The monument's observation deck will be closed while undergoing renovations until 2028, but the visitor center and park ranger activities are available. The lively downtown welcomes with a variety of pubs and eateries with something for every appetite. Get away from the bustle to check out attractions like Perry's Cave Family Fun Center, Heineman Winery and Crystal Cave, and the Put-in-Bay Nature and Wildlife Center. Escape completely to one of the island's several nature preserves and hiking trails. South Bass Island State Park offers both hiking and camping and the island also features water recreation activities and fishing on the lake.

## Ferry Services in Shores & Islands Ohio

Headed to the island(s)? Getting there is half the fun! Feel the wind on your face (or don't, if you prefer to sit inside) while riding a ferry to your island destination. The region offers a few different ferry options, outlined below, based on where you're going and how you want to get there. Major considerations include whether you'll need to bring a vehicle (only recommended for extended visits), how much you're bringing with you (day trip or lots of luggage?), and whether you're headed straight to a particular island or in the mood for some island-hopping! All of our local ferry services are pet-friendly and offer both indoor and outdoor seating. Bikes are easily accommodated as well. For all ferry trips, be aware of schedules and weather and plan accordingly. So, choose your island, choose your ferry service, and enjoy your island getaway.

# Mona the Monarch

Mona and her monarch friends like to put on a Fall spectacle. From mid-September to early October you can catch clouds of monarchs roosting in trees overnight—especially on the south side of Kelleys Island before they cross Lake Erie.

Monarchs like Mona are picky eaters! Monarch caterpillars will only eat milkweed—and the loss of this plant due to farming, development, pesticides, and climate change is a serious problem. You can help them out by planting milkweed and nectar-rich flowers like coneflowers and black-eyed Susans.

Mona's colorful wings may look smooth, but they're actually covered in thousands of tiny scales that help her glide more easily through the air.

**FIND MORE ABOUT NED & FRIENDS**

Mona the Monarch is one Epic Traveler! Some monarchs migrate over 3,000 miles—one of the longest insect journeys on Earth!

Fun Little Nibbles from *Itineraries that Inspire...*

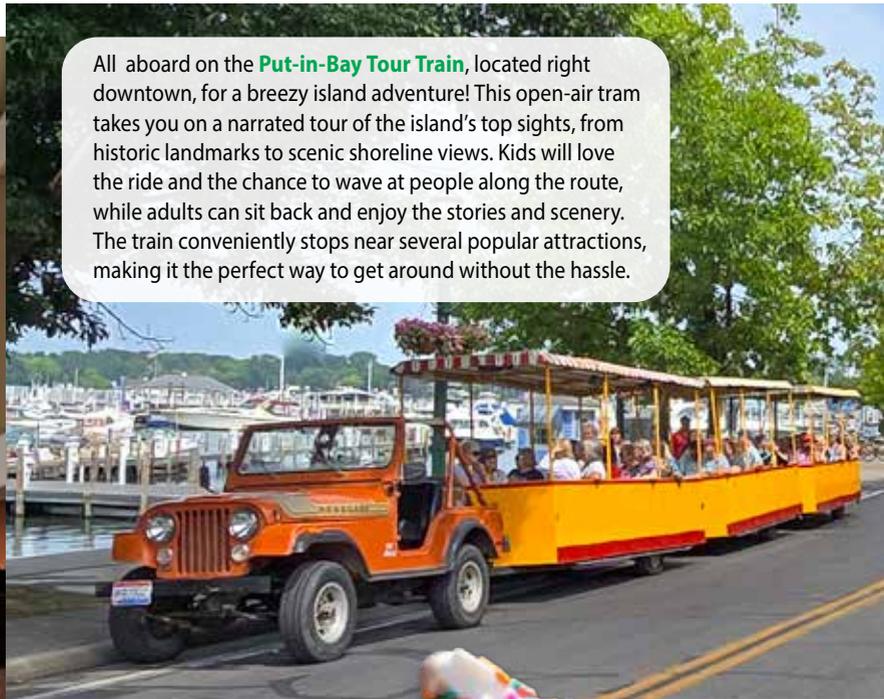

Put-in-Bay Playbook:

# Family Edition

Adventure, Laughs, and Lakeside Joy for All Ages

Who says you can't learn while still having fun? Stop by the Visitor Center at **Perry's Victory & International Peace Memorial**, where history comes to life! Families can explore engaging exhibits about the War of 1812, the Battle of Lake Erie, and Commodore Oliver Hazard Perry's naval triumph, learning how this victory helped secure lasting peace between nations. It's a fascinating and interactive way to connect kids with history.

All aboard on the **Put-in-Bay Tour Train**, located right downtown, for a breezy island adventure! This open-air tram takes you on a narrated tour of the island's top sights, from historic landmarks to scenic shoreline views. Kids will love the ride and the chance to wave at people along the route, while adults can sit back and enjoy the stories and scenery. The train conveniently stops near several popular attractions, making it the perfect way to get around without the hassle.

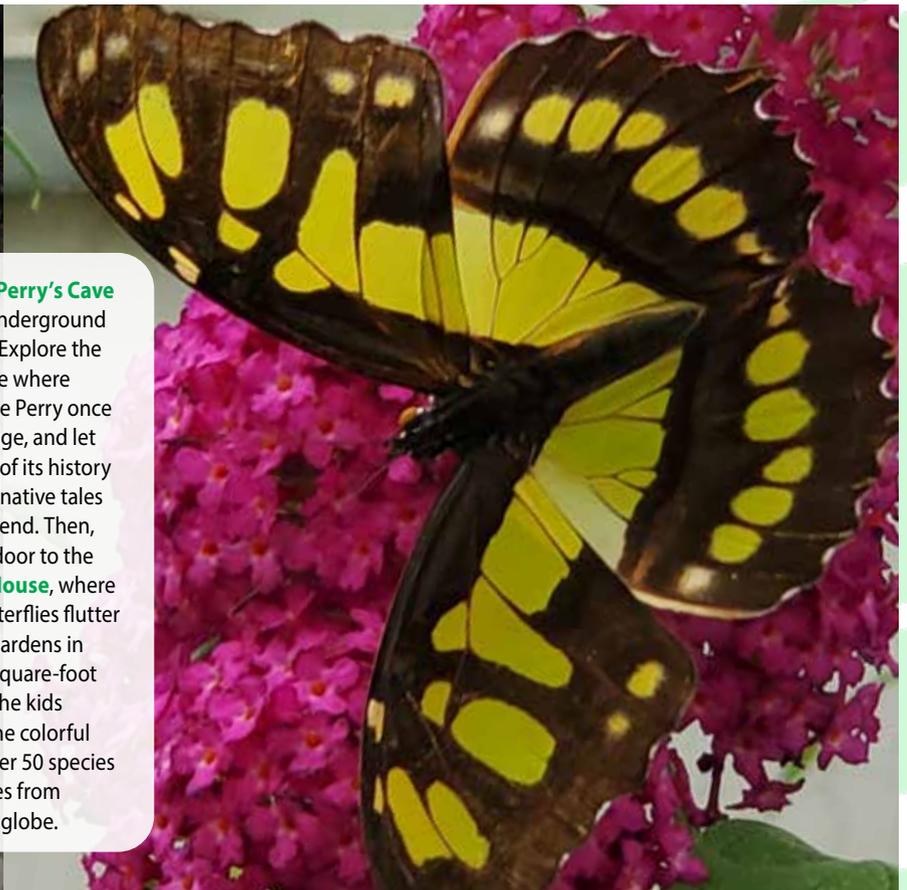

Head downtown and refuel at **Diary Isle**; a cheerful, family-run spot that's equal parts nostalgic ice cream parlor and casual eatery perfectly blending quick, affordable bites with over-the-top frozen treats. Offering up a family-friendly selection of burgers, fries, walking tacos, corn dogs, chicken tenders, hot dogs, and even veggie burgers!

ITINERARIES  
THAT INSPIRE**

Venture to **Perry's Cave** for a cool underground adventure. Explore the historic cave where Commodore Perry once sought refuge, and let the echoes of its history spark imaginative tales as you descend. Then, head next door to the **Butterfly House**, where vibrant butterflies flutter amid lush gardens in this 4,000-square-foot aviary. Let the kids marvel at the colorful wings of over 50 species of butterflies from around the globe.

No trip to Put-in-Bay is complete without riding in a golf cart! Several rentals are available by the hour, half-day, or full-day. Hop on a golf cart and venture to the southern end of the island to **Dodge Woods Nature Preserve**. Located at the corner of Langram and Thompson rds., **StoryWalk® Trail** at Dodge Woods offers a fun twist on reading and nature! Follow the 852-foot trail, where 17 storyboards display pages from a children's book. Read aloud together as you stroll—perfect for kids and grown-ups to enjoy stories and sunshine at the same time.

About

# Central SHORES

**Bay View**, located right on Sandusky Bay, is known for its sandy shores and amazing views. Pop over to enjoy fishing the old Sandusky Bay Bridge, now a fantastic place for casting a line and relaxing near the water, as well as an excellent place to spot shorebirds and eagles. A few unique eateries and places to stay welcome guests to enjoy the quiet tranquility of this tiny village, just west of Sandusky.

**Castalia** is perhaps most well-known for the Castalia State Fish Hatchery, producing hundreds of thousands of rainbow and steelhead trout which are stocked in lakes and ponds all over the state. Fed by a “Blue Hole” aquifer spring, the hatchery is a cool place to visit with indoor and outdoor raceways where you can observe the growth and development of fish. The property also offers fly fishing opportunities on Cold Creek, which remains a constant 48-54° year-round. Castalia is also a lovely place for nature exploration, home to Castalia Quarry MetroPark and the Resthaven Wildlife Area. Visit the Duck Pond in town to see waterfowl and be sure to stop by one of the quaint village cafés for a bite to eat.

**Sandusky**, voted “America’s Best Coastal Small Town” by the readers of *USA Today*, lives up to its moniker. A coastal community embracing its waterfront, lake activities, and family-friendly vibe, Sandusky has a vibrant downtown as well as a wealth of attractions and amenities. Home to world-famous Cedar Point Amusement Park, part of the Six Flags Entertainment Corporation, the town welcomes guests from all over the world. Visitors also come for Sandusky’s fantastic fishing opportunities, three indoor water park resorts, and amazing indoor and outdoor sports complexes. The town also boasts an exquisite culinary scene, along with craft beverages and local wineries. The beautiful scenery includes waterfront parks, nature areas, and stunning sunset views. The region is rich in history as well, with a variety of historic homes and museums and ties to the Underground Railroad movement of the early to mid-1800s. Entertainment abounds in Sandusky with family-fun play areas and many of the region’s largest special events, including Ohio Bike Week and a summer concert series, “Party at the Pier.”

ABOUT CENTRAL SHORES

# Brookie the Trout

Brookie loves eating, as trout spend about 80% of their day eating, skimming the surface for insects like mayflies—so anglers often tempt them with live bait, like egg sacs.

Brookie's part of a really big family! The Castalia State Fish Hatchery raises about 450,000 steelhead trout and 85,000 rainbow trout every year.

Brookie is one cool customer! Trout can handle waters from freezing to about 70°F, but they're happiest when it's a comfy 55–60°F.

55°

Brookie's home, the Cold Creek, is a spring-fed, 5-mile ribbon of clear water that stays a cool 48–52°F year-round, thanks to mysterious "blue holes."

Creative Adventures for the Whole Crew

Kick off your day with a hearty breakfast at **Sandusky Bay Pancake House** where both sweet and savory cravings can be satisfied by the extensive offering of pancakes, egg dishes, crêpes, waffles, French toast, and more. The playful menu and relaxed vibe make it a hit with kids and grown-ups alike.

Step into a world of whimsical history at the **Merry-Go-Round Museum**, where families can ride beautifully restored carousel horses, watch artisans at work carving and painting, and explore exhibits from the Downtown Sandusky Cedar Point Historical Museum, now housed inside. Interactive displays highlight the stories and history behind one of the world's most iconic amusement parks, offering a delightful mix of fun, art, and history for kids and adults alike.

For those interested in Lake Erie history, head next to the **Maritime Museum of Sandusky**. Discover the area's rich maritime heritage with interactive exhibits about shipping, lighthouses, and life on the lake — a hands-on, educational experience like no other..

Once everyone's fueled up, head into downtown Sandusky for a self-guided sculpture walk. This trail, sponsored by the **Lange Trust of Sandusky Library**, features eight unique sculptures scattered throughout the city's waterfront parks and downtown walkways. Each piece tells its own story, blending art and community in a way that invites kids to look closer and adults to appreciate the craftsmanship.

As you wander from sculpture to sculpture, you'll also spot colorful murals and public art pieces that brighten up the city — perfect for family photos and sparking conversation about creativity.

SEE MORE! SCAN FOR FULL ITINERARIES THAT INSPIRE

Cap off the day with **Sandusky Scoops** for a second round of ice cream, because why not? Vacation calories don't count, and this local favorite offers plenty of flavors to satisfy everyone.

During the summer, people can enjoy movies on the **Jackson Street Pier** or Party on the Pier concerts, both set against the sparkling waters of Sandusky Bay. Bring a blanket and snacks, and let the kids share stories inspired by the day's art as the sun sets, creating the perfect finale to a day filled with creativity and inspiration.

# About *North* SHORES

**Catawba**, sometimes called “Catawba Island,” isn’t an island at all but rather a beautiful peninsula. Once known primarily for its fruit orchards, the community is now popular for its food and craft beverage scene. Home to many lovely nature areas, Catawba Island State Park is popular with anglers and boaters. Visit the Catawba Island Historical Museum to learn the rich stories of Catawba’s past, including how the Catawba grape played a key role in Ohio’s 19th-century wine industry.

**Lakeside Chautauqua** is its own charming, gated community on the Marblehead Peninsula. During the Chautauqua season, which generally runs from Memorial Day to Labor Day, the Lakeside community offers recreational, spiritual, and educational activities for its guests who may stay in charming Victorian cottages or a historic hotel. During this time a gate fee is charged to cover the cost of these activities. Like stepping back in time, Lakeside Chautauqua is a family-friendly community. Outside of the season, the community hosts fall and holiday events for the public. The quaint town offers a one-screen movie theater, boutique shopping, along with resort-community dining and fun. Take a walk on Ohio’s Most Beautiful Mile walking trail or enjoy a walk along the pier on Lake Erie. Offering a beach, water recreation, and an aquatic facility along with miniature golf, pickle ball, and shuffleboard, there is plenty to do for the active guest. Or just grab a rocking chair in the pavilion and relish in another stunning Lake Erie sunset.

**Marblehead** is perhaps best known for its lighthouse, the longest continuously operating light on the Great Lakes. Climb the 77 steps to the top or learn more about the maritime history of the area with the onsite museum and replica Coast Guard station. The Marblehead Peninsula is also home to many waterfront lodging options, marinas, and fishing charters, as well as boutique shopping and fantastic dining. Here you can catch the Kelleys Island Ferry for additional exploration. Or just enjoy your time on the mainland with a visit to a winery, hiking in a state park, or visiting a unique nature preserve. Popular events that bring folks to town include the summer Perch Festival and fall Lakeside-Marblehead Lighthouse Festival.

**Port Clinton** is known for world-class fishing, boating, beaches, parks, shopping, and entertainment along miles of beautiful Lake Erie shoreline. Local festivals and events take place almost every weekend. Feed a giraffe, a bison, and other exotic animals up close and personal at African Safari Wildlife Park. Learn about this region’s aviation historical significance at the Liberty Aviation Museum, a working museum with items that are on a rotating display throughout the year.

ABOUT NORTH SHORES

# Chomps the Mayfly

A sensational swarm! Mayflies like Chomps burst onto the scene in late May, sometimes in such huge swarms that they light up weather radar screens.

Mayflies like Chomps are an all-you-can-eat buffet for fish—and a big swarm means a healthy Lake Erie.

All name, no bite! Despite his name, Chomps doesn't chomp anything. In fact, mayflies don't even have mouths and can't bite or sting. They are totally harmless... if you don't mind a little smell.

Chomp's life is short and sweet. A mayfly's adult life lasts just 24–72 hours. They're here to mate, then it's game over.

Lights out! Want fewer mayflies around your porch or storefront? Keep outdoor lights off at night—mayflies can't resist a glow.

# Lake Erie Escape

Wine, Dine & Unwind

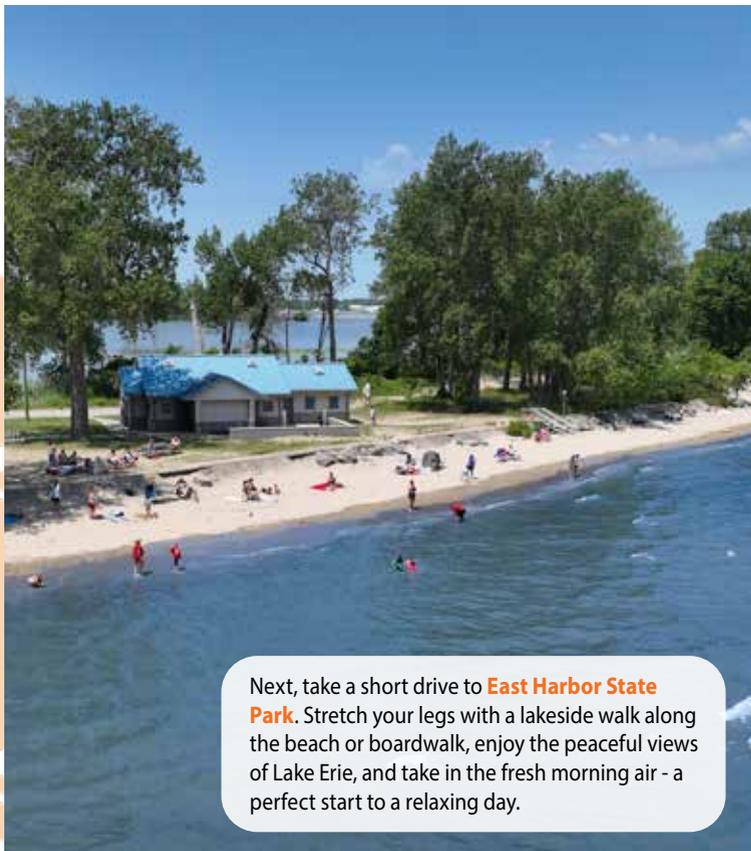

Start your day with a nourishing breakfast at **Root to Rise Wellness** in Marblehead. Enjoy fresh, health-focused options like smoothie bowls, avocado toast, and locally sourced dishes to fuel your day.

No stop to Marblehead is complete without seeing the most photographed lighthouse on Lake Erie. **Marblehead Lighthouse**, opened in 1822, is the oldest continually-operating lighthouse on the Great Lakes. Climb the Lighthouse Tower, visit the museum, take-in stunning Lake Erie views, and stroll the historic grounds.

Next, take a short drive to **East Harbor State Park**. Stretch your legs with a lakeside walk along the beach or boardwalk, enjoy the peaceful views of Lake Erie, and take in the fresh morning air - a perfect start to a relaxing day.

SEE MORE! SCAN FOR FULL ITINERARIES THAT INSPIRE

Continue to **Gideon Owen Wine Company** on Catawba Island. Enjoy a guided tour of the wine cellars and a curated tasting flight paired with light seasonal bites.

For a unique farm-to-table experience, stop at **Ørcharð Farm Stand** and the Coop on Catawba Island. Shop regional goods, sip a handcrafted cocktail during happy hour, or enjoy a specialty coffee drink on the patio.

As the sun dips toward Lake Erie, head to **Red's Lakehouse** in Marblehead for dinner. Known for fresh perch and elevated American fare, Red's offers artisan pizzas, flavorful entrées, and signature cocktails - perfect for a romantic or celebratory evening with friends.

# About *East* SHORES

**Birmingham** is a peaceful riverside village nestled in the Vermilion River valley, just south of Vermilion. It's a perfect getaway for those seeking botanical beauty, outdoor tranquility, and a touch of adventure. The standout attraction is Schoepfle Garden—a sprawling 70-acre botanical oasis featuring exquisite topiaries, rose gardens, shaded woodlands, guided tours, a visitors' center, and even a working carousel in the children's garden. Nearby, the Birmingham School MetroPark is a historic school site which has been transformed into a charming space with playgrounds and picnic areas—a great spot for families.

**Vermilion**, also known as Historic Harbourtown, is a coastal city with lakeside and riverside nautical touches throughout. Boasting the beautiful Main Street Beach, among others, lakefront access is abundant. The Vermilion Lighthouse is a welcoming beacon to the mouth of the Vermilion River. Enjoy water recreational activities such as kayaking or paddle boarding or take a leisurely river cruise on the *Mystic Belle*. Quaint downtown retailers and eateries welcome guests to browse and grab a bite, while enjoying the beautiful downtown parks and landscape, as the Vermilion in Bloom program keeps the community brimming with flowers and plants throughout. Unique lodging opportunities along with fun special events keep people visiting year-round. Don't miss the Ice-A-Fair, Festival of the Fish, or Woollybear Festival, along with Third Thursdays Music and a Sunset and amazing holiday celebrations. Drop anchor for a while in Vermilion!

**Milan**, the birthplace of innovation, is perhaps most well-known for its most famous son, Thomas Alva Edison. This quaint village is where Edison was born and lived his first seven years – those years of curiosity and wonder. Edison visited Milan many times throughout his lifetime and his legacy lives on through his family home, now the Edison Birthplace Museum. Recently renovated, the museum also includes the Don Gfell Education Center, where you can explore and be inspired by Edison's many inventions and contributions to life as we know it today. Down the street is the Milan Museum complex, where you can

learn more about the history of this former canal town and visit several historic buildings and view unique collections. The welcoming village square is surrounded by gift, antique, and coffee shops, a bakery, and delicious dining options as well as a central gazebo and town hall which host many events. Don't miss the summer antique car cruise-ins as well as the annual Labor Day Melon Festival. The village also boasts a special holiday lights display, utilizing a canopy of Edison-style lights over the square.

**Berlin Heights** boasts primarily rural landscape with a small-town atmosphere. This small village was once home to several basket factories, a much needed product for the many nearby fruit orchards. While the factories are no more, the community celebrates each August with its annual Basket Festival. Beautiful hiking trails at several Erie MetroParks welcome outdoor enthusiasts, while Quarry Hill Orchards and Burnham Orchards offer pick-your-own fruit farms filled with special activities and events, especially during harvest season. Both also offer libations year-round in the form of Quarry Hill Winery and Redhead Ciderhouse at Burnham's.

**Huron** is a great small town on a Great Lake! A boater's paradise, this community boasts several marinas, many with transient dockage. Waterfront dining and a riverside amphitheater are pillars of the town, along with Lake Erie beaches and other hometown shops and restaurants. Enjoy fishing or a quiet walk on the mile-long pier which leads to the art deco style lighthouse or reflect on the many walking and hiking trails at Old Woman Creek National Estuarine Research Reserve and State Nature Preserve, James H. McBride Arboretum, Sheldon Marsh, and several Erie MetroParks. World-class golf facilities call Huron home as well. A robust farmer's market and other special events such as the annual River Fest, Lake Front Market, Rotary Rocks Festival, and Winter Fest bring folks to immerse themselves in lake town hospitality.

ABOUT EAST SHORES

# Paddy & Patti

Paddy the American Lotus is supersized and splash-proof! His leaves can grow up to 2.5 feet wide—and they repel water like nature’s own raincoat. After a shower, look for sparkling beads of water dancing on their surface.

Beauty is always in bloom with Paddy, as his stunning yellow flowers bloom and set seed above the water—and their seeds can stay alive for decades (maybe even centuries!).

Paddy’s roots, seeds, and shoots are all edible! The seeds can be roasted into flour and are a favorite snack for hungry waterfowl.

Patti’s leaves float right on the water’s surface, making her smaller and a little more delicate than her big friend Paddy the Lotus.

Patti the Fragrant Water-lily (*Nymphaea odorata*)

**Paddy the American Lotus**  
(*Nelumbo lutea*)

Patti is nature’s medicine cabinet, having rhizomes that can be boiled for stomach troubles, used for colds (as Native Americans did), and even pressed on a tooth to help a toothache.

Fun Little Nibbles from *Itineraries that Inspire...*

# Family Play Day

Lakeside Adventures Keep the Whole Family Smiling

Kick off the day with a visit to **Granny Joe's Ice Creamatorium**, where breakfast comes with a side of fun. Grab eggs to order, pancakes, French toast, or a classic breakfast sandwich to fuel the kids for a day of exploration.

Grab a quick bite from **Romp's Dairy Dock**, which has been a local favorite since 1981. Romp's Dairy Dock offers classic American fare such as hot dogs, burgers, fries, and, of course, ice cream! After lunch, stick around for a round of mini golf at Romp's Putter Port, where the whole family can challenge each other on the 18-hole course.

ITINERARIES  
THAT INSPIRE

**Sherod Park**, a family-friendly lakeside park has a fantastic playground, a waterfront walking trail, and plenty of space to run and relax.

Head over to **Main Street Beach**. Located at the end of Vermilion's charming Main Street, this sandy Lake Erie beach is perfect for laid-back family fun by the water. Kids can splash and play while parents relax with beautiful lake views and gentle breezes. With nearby restrooms, picnic spots, and easy access to downtown shops and ice cream, Main Street Beach offers the ideal mix of sun, sand, and small-town charm.

End your day with a fun, casual dinner at **Quaker Steak & Lube**, where everyone can enjoy wings, burgers, and all-American favorites in a lively, family-friendly setting.

*We Saw..* **THE MILAN MUSEUM**

*We saw the rise of a busy shipping port with sailors from distant lands. We saw fires destroy our village but always rose stronger from the ashes. We saw a curious young boy named Thomas question the world around him. We saw Henry Ford with his new invention. We have seen it all...but, will we see you?*

Downtown Port Clinton

About

# West SHORES

**Port Clinton** boasts lakeside vistas, lake access, fantastic dining, and a thriving arts and entertainment district. The Port Clinton Lighthouse looks over a popular public beach area and a park. Downtown offers eclectic shops and restaurants, as well as a lively summer concert series. Plenty of waterfront dining options welcome guests to view the many boats entering the lake via the Portage River. Additionally, the river offers water recreation activities. The “Walleye Capital of the World” celebrates its famed title with two major events: the spring Walleye Festival and the New Year’s Eve Walleye Drop!

**Oak Harbor** is a welcoming community perched along the Portage River and just a short drive from Lake Erie, brimming with natural beauty and local charm. Nature lovers flock here each spring to witness spectacular bird migrations - especially warblers - at Magee Marsh Wildlife Area, Black Swamp Bird Observatory, and the Ottawa National Wildlife Refuge, earning the region the nickname “Warbler Capital of the World.” Every October, Oak Harbor comes alive with its beloved Apple Festival, complete with a parade, 5K “Apple Run,” car show, music, and family fun, drawing thousands of visitors. Holiday activities at Adolphus Kramer Park and throughout downtown are abundant as well. All this - wrapped in small-town warmth and a rich natural setting - makes Oak Harbor a delightful destination.

**Genoa** is a charming small town that blends history, community spirit, and local flavor. Visitors can explore the historic Genoa Town Hall and Opera House, home of the Genoa Civic Theatre, browse one-of-a-kind pottery creations, or enjoy the outdoors at Veteran’s Memorial Park and the spring-fed Genoa Quarry swimming hole. Strolling downtown, you’ll find cozy shops, cafés, and boutiques, while seasonal events like the Harvest Fest, Genoa Homecoming, and summer car cruise-ins bring the village to life. Just minutes from Lake Erie and wildlife-rich preserves, Genoa offers a perfect mix of small-town hospitality and easy access to natural and regional attractions.

**Elmore** is a picturesque riverside village with a relaxed atmosphere, where visitors can immerse themselves in the serene beauty of Schedel Arboretum & Gardens, and explore local history through the Elmore Historical Society at Depot Park. Enjoy outdoor recreation across several tranquil parks, bike along the scenic North Coast Inland Trail, and take part in lively seasonal events. The charming downtown is full of artisanal shops, a café with a heartwarming mission - offering a delightful mix of history, nature, and hospitality.

ABOUT WEST SHORES

# Sam the Bald Eagle

Eagles like Sam have some serious skills. They can see with incredible sharpness and grip prey with talons 10 times stronger than a human hand. They're also skilled thieves, sometimes snatching meals from other birds.

Sam's not really bald! The name "bald eagle" actually comes from the Old English word "bald," meaning "white," referring to his striking white head feathers—not a bare bald head.

Bald eagles like Sam are lifelong lovebirds, choosing one partner for life, and they can soar through the skies together for up to 30 years.

Talk about a mega-mansion! An eagle's nest can be over 8 feet wide, 10 feet deep, and weigh more than 2,000 pounds! And many call Ohio home, with over 1,000 bald eagle nests in the state...and more than 120 in the Shores & Islands Ohio region alone.

About our

# Neighbors

**Bellevue** - Tour the 19th-century buildings at Historic Lyme Village including an 1880s Victorian mansion, an 1836 farm home, log homes, barns, a one-room school, and more. Check out Seneca Caverns with a guided one-hour walking tour that leads you through seven levels below the earth.

**Cleveland** - World-class experiences without the world-class ego in The Land. Cleveland is proud to be home to so many amazing cultures, ethnicities, and nationalities. Celebrate and welcome the contributions made by these communities who impact Cleveland's culture through local eateries, stunning art, and inspiring history.

**Fremont** is home to many historical attractions, such as the R.B. Hayes Presidential Library & Museums, situated on Spiegel Grove – a 25-acre wooded estate. This property hosts a variety of outdoor festivals and events. Fremont also features a vibrant and thriving downtown region which offers unique shopping and dining, as well as the entertaining Fremont Community Amphitheater. Fremont offers many local events, including the River of Arts Festival and one of the region's largest seasonal farm markets.

**Lorain County** - Enjoy unique vinted wines at Klingshirn Winery, and Heron Creek Wine and Brady Vineyards of Ohio. Shop Ohio's largest flea market in Amherst, Jamie's Flea Market. Enjoy incredible views from seven zips, 13 platforms, two aerial bridges, two spiral staircases, and a unique "floating" staircase at Common Ground - The Cindy Nord Center for Renewal.

**Norwalk** - Visit an 1870 house turned winery and restaurant at D & D Smith Winery, featuring more than 45 different wines. Learn about the region's historical significance at the Firelands Historical Society Complex.

**Toledo** sparkles as "The Glass City," famous for its glassmaking heritage and world-class art museum. Glass City Metropark features The Ribbon, a 1000-ft. long loop trail, used for roller blading/skating during the warmer months and as an ice-skating trail in the colder months. The Toledo Zoo is a family-friendly destination that is consistently rated as one of the best in the U.S. The Glass City River Wall is a stunning visual landmark – a mural painted on 28 grain silos. The lakefront Maumee Bay State Park Lodge is the host hotel for Biggest Week in American Birding.

# Shores & Islands TALL TALE

While traveling around the Shores & Islands Region you may have noticed several things named \_\_\_\_\_ (Name). These roads, monuments, and \_\_\_\_\_ (plural noun) are named after Oliver Hazard Perry, who was the officer in charge of the American fleet at Battle of Lake Erie during the War of \_\_\_\_\_ (number). O.H. Perry was from a(n) \_\_\_\_\_ (adj) Naval family from Rhode Island who had made their names during the \_\_\_\_\_ (proper noun) Revolution. Perry was put in charge of the fleet of American vessels on Lake Erie in \_\_\_\_\_ (city or place), PA. The Battle of \_\_\_\_\_ (body of water) was \_\_\_\_\_ (verb past tense) just off the coast of Put-in-Bay. Perry and his \_\_\_\_\_ (noun) were not guaranteed to win the battle, as the British fleet was quite \_\_\_\_\_ (adj)! It even looked like Perry may lose the battle when his main \_\_\_\_\_ (noun), the USS Lawrence, was \_\_\_\_\_ (adv) damaged in fighting. However, Perry \_\_\_\_\_ (verb past tense) the now famous *USS Niagara*, and the *Lawrence* entangled the British fleet. Perry's famous line "Don't Give Up the \_\_\_\_\_ (noun)" was stated as he boarded the Niagara. Another famous line from Perry was his \_\_\_\_\_ (noun) to General William Henry Harrison, "We have met the \_\_\_\_\_ (noun) and they are ours!" This naval victory on Lake Erie was a turning point in the War of 1812, giving the US free reign of the Great Lakes.

*For the real version of these events, please visit Perry's Victory and International Peace Memorial.*

Your mission is to solve the clues, visit each site, and snap a selfie to prove you were there. Then stop by one of our welcome centers for a prize. For the full selfie hunt challenge, visit **SHORESandISLANDS.com/america-250** to continue this adventure!

## Erie County

### Boy with the Boot – Washington Park, Sandusky

*Clue: A boy with a boot, standing tall — snap your selfie before nightfall.*

**Historic Fun:** While local legend says the statue came from Baden, Germany, the truth is a bit closer to home: the Boy with the Boot was ordered from the J. W. Fiske Iron Works catalog in New York, likely under the popular design called “The Unfortunate Boot.” It was installed in Scott Park in 1895 by hotelier Voltaire Scott. Over a century later, the original zinc statue is preserved indoors at City Hall, while a bronze replica still splashes in Washington Park.

**Selfie Challenge:** Pose beside the famous “Boy with the Boot” fountain in Washington Park. Mimic him by holding up your shoe, pretending it’s full of water, or make your best ‘oops, I spilled it!’ face.

### Thomas Edison Statues, Milan Village Square

*Clue: Edison stands where ideas spark — find him and leave your mark.*

**Historic Fun:** Milan, Ohio, is the birthplace of Thomas Edison, and the village celebrates its famous inventor with two notable statues in the village square. One depicts young Edison with his mother reading to him, and the other, unveiled in 2018, shows Edison holding a light bulb and phonograph, symbolizing his groundbreaking inventions.

**Selfie Challenge:** Snap a photo with Edison! Pretend you’re brainstorming a new invention, holding a light bulb, or sitting on the bench with young Edison reading a book. Bonus points for striking your “inventor pose”!

## Ottawa County

### Marblehead Lighthouse

*Clue: For over 200 years this light has guided ships, ensuring that all have safe trips. The oldest operating light, with the first female keeper, learn why here, history runs deeper.*

**Historic Fun:** The Marblehead Lighthouse is the oldest, continuously operating lighthouse on the Great Lakes. When the first keeper, Benajah Wolcott, passed away, his wife Rachel became the first female lighthouse keeper on the Great Lakes! Their home can be viewed on the south side of the Marblehead Peninsula at the Keeper’s House.

**Selfie Challenge:** Pick a spot at the Lighthouse, on-site keeper’s house, along the shore, or in front of the Life Saving Station and show your best lighthouse keeper’s impression!

### Magee Marsh Wildlife Area, Oak Harbor

*Clue: Once land used for private hunting, it’s now a place to see an indigo bunting! From waterfowl to migrating songbirds, it’s a great place for all our nature “herds”.*

**Historic Fun:** During the late 1800s, the marshes on the western end of Lake Erie became recognized as some of the best waterfowl hunting areas in the country. By 1890 much of this wetland area had been purchased by wealthy hunters or hunt clubs. By the mid-20th century, the entire wetland region (around 30,000 acres) was owned by these clubs. In 1951, Magee Marsh Wildlife Area was purchased by the Ohio Division of Wildlife and now hosts a huge array of waterfowl, spring migrating songbirds, and many other flora and fauna!

**Selfie Challenge:** Take a selfie at the Visitor Center or along the boardwalk doing your best bird or birder impression!
