## TIPS

- Keep hands and fingers clear of moving parts to avoid injury
- There are five speeds, 1-5, which can be adjusted on the screen or with the joystick
- Battery charge is on the main screen
- When approaching inclines or declines, use caution, use a slower speed, and adjust your seat angle
- When climbing over small obstacles, approach the incline at an angle, not directly at 90° (perpendicular)
- Do not navigate the Trackchair on more than a 20° slope or else it may tip over
