## GLASS PENDANTS 101

10am-1pm Sat.; \$79.99

This is the best one to start with. Class will begin with a brief explanation of the history and science of flameworking, followed by a demonstration of the techniques used to create unique, handmade glass pendants. Then students will have roughly two hours to practice and experiment with what they've learned to create two or three finished pieces to take home at the end of class. This event is at Lincoln Hot Glass, located at 500 W. South Street. For more information visit [www.facebook.com/lincolnhotglass/events](http://www.facebook.com/lincolnhotglass/events).
