LONGMONT TOURISM IMPROVEMENT DISTRICT INITIAL PLAN

Prepared pursuant to Chapter 4.06 of Title 4 of the Code of the City of Longmont

April 28, 2025

I. DISTRICT'S NAME

The proposed name of this tourism improvement district shall be the "Longmont Tourism Improvement District" (LTID).

II. LEGAL AUTHORITY

The LTID is to be organized and established as a tourism improvement district (TID) as authorized in Chapter 4.06 of Title 4 of the Code of the City of Longmont (TID Ordinance) to provide improved, enhanced, additional, or otherwise unavailable tourism-related facilities and services that will supplement the facilities and services regularly provided by the City of Longmont (City).

III. PURPOSE

The purpose of the LTID, proposed by Longmont lodging businesses and Visit Longmont (VL), is to charge a fee upon lodging businesses included within the LTID in order to fund and provide sales, marketing & communication and destination development programs, which aim to: (i) promote economic health; (ii) promote the health, safety, prosperity, security and general welfare of the City's residents and visitors; and (iii) promote services designed to generate commercial activity, attract tourists, visitors, conventions and other meetings to the City.

IV. BACKGROUND

TIDs are an evolution of the traditional business improvement district. The first TID was formed in West Hollywood, California in 1989. Since then, over 200 United States destinations have followed suit. This includes many states that have adopted the California model- for example, Montana, South Dakota, Washington, Texas, Louisiana, Minnesota, and Illinois have adopted TID laws, as well as several municipalities in Colorado, including Denver and Fort Collins.

TIDs nationwide collectively raise over \$500 million annually for local destination marketing. With competitor destinations raising their budgets and increasing rivalry for visitor dollars, it is important that Longmont lodging businesses invest in stable sales, marketing & communication and destination development programs to remain competitive in the marketplace.

TIDs utilize the efficiencies of private sector operation in the market-based promotion of tourism and allow lodging business owners to organize their efforts to increase room night sales, creating additional economic opportunities for the community at large. Longmont lodging business owners within the LTID will pay a fee, and those funds will be used to provide sales, marketing & communication, and destination development programs focused on attracting new markets and visitation to Longmont and increasing room night sales. There are many benefits to TIDs:

- Funds are spent on tourism services and tourism improvements, providing benefits to those who pay;
- Funds spent on tourism services and tourism improvements may increase visitor spending and sales tax revenues, bolstering the City's general fund;
- They are customized to fit the needs of fee payers in each destination;
- They allow for a wide range of services;

- They are designed, created and governed by those who will pay the fee; and
- They provide a stable, long-term funding source for tourism promotion.

V. LOCATION

The LTID's boundaries shall be coterminous with the boundaries of the City of Longmont, the current boundaries of which are shown on the map attached as **EXHIBIT A**. The LTID's boundaries shall remain coterminous with the City's boundaries. Therefore, future lodging businesses opened in or annexed into the City after the establishment of the LTID shall automatically be included within the LTID's boundaries.

"Lodging business" shall mean a hotel as defined consistent with Longmont Municipal Code (LMC) §6.40.010, and is obligated to pay the lodgers tax imposed by LMC §4.05 by virtue of ownership and operation of a hotel within the LTID. However, a "lodging business" shall not include a short-term rental or lodging businesses with less than ten (10) rooms.

Short-term rental shall have the same meaning given to the term in LMC §15.02.080 (D).

VI. TERM

The LTID shall have an term of ten (10) years beginning on October 1, 2025 and ending ten (10) years from its start date. If lodging business owners support continuing the LTID programs, the LTID may be renewed pursuant to the TID ordinance. If the LTID is not renewed, the LTID shall be deemed dissolved at the end of the initial term.

VII. PUBLIC PARTICIPATION

Petitioners, including lodging business owners and Visit Longmont, have been conducting public outreach to eligible electors of the proposed LTID, including one-on-one and group meetings with all lodging businesses proposed to be included in the LTID and subject to the fee to provide them with updates on the process to the establishment of the LTID. To ensure accessibility for all lodging businesses, online access to easily submit signed petitions, view this Initial Plan and obtain other informational resources regarding the LTID was provided, along with in-person visits by a lodging business representative, resulting in ample opportunities for lodging businesses proposed to pay the LTID fee to participate, contribute to this Initial Plan, and achieve consensus among participating lodging business owners.

Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the LTID Board.
