THE PERFECT DESTINATION

Los Cabos is a magical land full of contrast, from breathtaking ocean views to windswept deserts and stunning mountains.

The destination is also known as “Land’s End” due to its location at the southern tip of the Baja California Sur Peninsula. The extraordinary world of Los Cabos is a place of unparalleled natural beauty, biodiversity and ample amenities that will appeal to anyone seeking authentic culture and connection.

Los Cabos is one of Mexico’s premiere luxury destinations, with a wide variety of luxury resorts and hotels, indulgent spas, and spectacular golf courses as well as an array of eco-adventure activities, water sports and the most unforgettable sport fishing experience you can imagine.

Los Cabos is comprised primarily of two towns, San José del Cabo and Cabo San Lucas, which are linked

by a 20-mile corridor and lined with world-class resort and championship golf courses.

In a paradise where the Sea of Cortes meets the Pacific Ocean, there is something for every group, such as fishing, golf, scuba diving, snorkeling, kayaking, horseback riding, relaxing poolside, and, of course, fine dining and dancing.

When it comes to fine dining, Los Cabos has it all, from fusion cuisine and Old World delicacies to fresh seafood and Mexican specialties. Whether it’s an elegant five-course feast with waves lapping at your feet or a quick bite with a frosty craft beer in hand, dining options in Los Cabos are among the most exciting and varied in all of Mexico. Every day offers a fiesta of flavors — with freshly caught seafood, elaborate Mexican dishes and international options from around the globe. Dining in Los Cabos is delectable, diverse and a positively unforgettable experience.

Los Cabos is the perfect destination for meetings and business tourism because we simply provide a higher standard of care and connection.

WHY LOS CABOS

Los Cabos has experienced a recent surge of construction with the addition of several new luxury resorts, residential properties, restaurants and unique meeting venues. This growth in infrastructure has placed Los Cabos as a leading destination for meeting and business tourism.

Major hotel chains have specialized facilities and teams that can provide authentic care and a high level of service from everything from corporate retreats and full-scale conventions. Exclusive resorts offer luxurious and extravagant premises and thoughtful service. Similarly, DMC companies offer complete event planning services deeply embedded in the local community.

The 72,000 square-foot state-of-the-art International Convention Center, completes the meetings & conventions facilities that the destination offers.

Mexico offers VAT at 0% for international conferences, exhibitions and fairs organized by event or organizers

living abroad. That is, when events are organized by foreign companies, the VAT is not charged for any services specified in the tax rules.

Los Cabos is also a major high-class sports hub. It will have the honor of hosting the ATP Los Cabos Open for the second time. Los Cabos is home to golf courses designed by the world's best golf designers and players, including Tom Fazio, Robert Trent Jones, Jack Nicklaus, and Tiger Woods. Therefore, it comes as no surprise that the International Association of Golf Tour Operators (IAGTO), a global trade association of the golf tourism industry, named Los Cabos as the 'Latin America & Caribbean Golf Destination of the Year' for 2017 in recognition of its exceptional golf courses and unique geographical setting.

Los Cabos looks to the future as the destination continues to evolve and provide a higher standard of care for business meetings and events.

Now more than ever, the destination's top priority is the health and wellbeing of travelers, their loved ones and the community. Los Cabos has developed its health and safety protocol system, *Los Cabos with Care – A Safer Way to Get Away*, centered on strict standards that facilitate a safer travel environment. Los Cabos continues to work closely with hospitals, care units, airports, ports, hotels, resorts and travel partners to align on the implementation of health and safety guidelines across the destination.

Los Cabos achieved **Sharecare health security verification**, becoming the world's first VERIFIED™ travel destination. This designation signifies that the majority of the hotels and resorts in the destination continue to ensure that their health protocols are in compliance with over 360 expert-validated global standards.

HEALTH AND SAFETY MEASURES:

- **Los Cabos with Care – A Safer Way to Get Away health and safety protocol system** consistent with health authorities and implemented across the destination in partnership with Intertek Cristal, the highest standard of health and safety protocols in the industry.

- **Developed a layered approach** that reinforces hygiene, cleaning, traveler physical distancing, and the use of personal protective equipment (PPE)

- **Implemented standardized health screening protocols** at the airport and port
- **Enforced a flexible reservation policy for travelers**
- **Streamlined the communication protocols** between hotels, suppliers, and local authorities
- **Partnered with travel providers to obtain a “Clean Point” certification** (Punto Limpio) offered by the Mexico federal government to strictly adhere to hygiene protocols and obtained a **“Safe Travels” stamp of approval certified by the World Tourism & Travel Council (W TTC)** for recognition of safe travel protocols

CORPORATE SOCIAL RESPONSIBILITY

Groups are encouraged to connect and collaborate with the local community of Los Cabos. Community contribution initiatives are coordinated with several existing local entities assisting in a variety of areas, including the special needs of children, seniors, and animals. These organizations depend on the generosity of others to make a meaningful, positive difference in the lives of those less fortunate.

There are different ways to participate and get involved. These opportunities generally fall into the following categories:

- 1. Hands-on volunteer or recreational activity on-site with the kids and teens.
- 2. Donation (financial or in-kind) during a group event.
- 3. Collection of in-need donation items.
- 4. Fundraiser to contribute to the purchase of a larger need.

If you are interested in coordinating a Social Responsibility activity, we can guide you through the projects that best suits the profile of your program.

Los Cabos Children’s Foundation (LCCF) can also issue tax-deductible receipts as a 501 (c) (3) charity based in the United States (EIN: 20-2882711). LCCF was established in 2002 to close the gap between children with illness and the medical care that was not available locally. Supports local service providers that address these needs (hospitals, clinics, etc.) with funds for programs. Their goal is to build a solid net- work to meet the needs of children at medical risk and economically disadvantaged throughout Baja California Sur. In 2019, more than 7,580 children will benefit from 34 programs supported by LCCF. Contact <https://www.loscaboschildren.org> contact@loscaboschildren.org

LOS CABOS WELL-BEING PROGRAM

2020 highlighted that caring about people and their wellbeing is not just a good thing to do—it's vital.

In Los Cabos we are looking beyond the physical body to include the presence of positive mental states, emotions and moods in every meeting or event held in Los Cabos

It is in Los Cabos nature to experience a spiritual connection with the destination, in particular with the spectacular sunrises and picture-perfect sunsets in a

framework of unique contrasts between the desert and the sea that charge with positive energy.

As an event designer you can support delegates' wellbeing in many ways.

Our hotel partners and DMC's can help you to design creative activities, menus with 'brain foods' to your catering plans or create spaces and venues to be welcoming and inspiring

RESORT EXPERIENCES

Resorts in Los Cabos already have preserved our ancestral wisdom using special herbs and plants to heal and energize mind, body and soul through different techniques unique in the area.

Wellness experiences, like fitness classes, yoga workshops as well as inherited rituals around the phases of the moon, cacao ceremonies, among others, can be also integrated in every group agenda

HEALTHY & FRESH FOOD

Farm fresh fare harvested locally provides high quality and healthy options to the recognized chefs who are inspired to create a wide variety of dishes for health-conscious guests. The destination is also home to some certified organic farms, some dating back to the 19th century. The farms offer private bilingual tours of their grounds to teach the public about organic farming and its benefits as well as engaging cooking classes.

Contact your local DMC to create unique experiences and activities to include in your daily group agenda.

SUSTAINABILITY

Cabo San Lucas has organic markets where you can find a wide selection of locally grown produce, as well as crafts, jewelry, soaps and tasty treats. A stroll around the Saturday organic market in San José is a great way to learn more about local farmers, sample products found only in Baja Sur, and connect with a variety of eco-friendly locals and foreigners.

PEOPLE:

As tourism grows in Los Cabos, recycling has gained a stronger foothold in Baja Sur. Locally based nonprofits work with local businesses and schools to make recycling more accessible to the Los Cabos community. In addition to weekly collections, educational radio campaigns, and workshops for children, nonprofit groups hold social events that combine great food, good music and fun all to promote awareness for their cause. Going green doesn't mean sacrificing fun, but instead learning how to preserve this extraordinary destination for generations to come.

GOVERNANCE:

Public administration and governance in the municipality of Los Cabos is committed to the use of alter-native energies. ENVIRONMENT

Los Cabos offers conservation trips that allow ecologically minded visitors a chance to get up close and personal with Baja's vibrant wildlife. Whether it be diving with giant squids, whale watching, or protecting sea turtles, each of these conservation expeditions are oriented around education and preservation of this delicate ecosystem and are customizable for each group.

Thousands of visitors watch as turtles make their nest on the same beaches year after year. A number of hotels in Los Cabos have special preservation programs (some specially funded by the Mexican government) to protect the fragile turtle eggs and make sure that once hatched, these babies make it safely to sea. Guests of these hotels are often welcomed to help lead the newly hatched turtles to shore and fend off would-be predators. We care deeply about our environment and seek to help our visitors connect, and help care for, our natural surroundings.
