THE PERFECT WELLNESS DESTINATION

Los Cabos is a one-of-a-kind destination surrounded by the Sea of Cortez, the Pacific Ocean, a large desert and mountains. Its unparalleled natural beauty, mesmerizing landscapes and biodiversity allow visitors to connect with one's inner self and harmonize with the body, mind and spirit.

Los Cabos is located at the tip of Baja California marked by the iconic Arch at Land's End. It is made of two towns, Cabo San Lucas and San José del Cabo, connected by a 20-mile tourist corridor and two new tourism corridors on the Pacific Ocean and the East Cape.

Luxury resorts make up more than 80 percent of all available lodging in the destination. In addition to the variety of high-end accommodations, the destination offers championship, celebrity-designed golf courses, award-winning cuisine, thrilling natural activities and world-class wellness and spa facilities focused

on renewal, regeneration and well-being. These state-of-the-art facilities offer services and treatments using innovative relaxation techniques, natural elements and avantgarde recovery therapies.

Resorts in Los Cabos have preserved our ancestral wisdom using special herbs and plants to heal and energize our mind, body and soul through different techniques unique in the area along with wellness experiences, fitness, yoga workshops as well as inherited rituals around the phases of the moon, cacao ceremonies, among others.

Explore the gastronomy of Los Cabos through its robust flavors, textures, and essences. Enjoy a variety of healthy and organic products grown locally on farms to have the best farm-to-table experience.

Los Cabos invites you to experience a spiritual connection with the destination, in particular with the spectacular sunrises and picture-perfect sunsets in a framework of unique contrasts that charge with positive energy.

HEALTHY GASTRONOMY

With the Pacific Ocean and Sea of Cortez surrounding its coast, Los Cabos serves as the perfect locale for fresh seafood and tasteful Mexican cuisine.

The destination's local food scene is thriving with award-winning restaurants, new options, and long-time favorites, and acclaimed international chefs serving up a variety of unique dishes.

Farm fresh fare harvested locally provides high quality and healthy options to the recognized chefs who are inspired to create a wide variety of dishes for health-conscious guests. The destination is also home to some certified organic farms, some dating back to the 19th century. The farms offer private bilingual tours of their grounds to teach the public about organic farming and its benefits as well as engaging cooking classes.

Many restaurants in the destination have options for those with dietary restrictions like gluten-free, dairy-free, vegetarian, vegan, and kosher. Additionally, special menus may be offered in any of the local restaurants or dining establishments inside the resorts with advanced notice.

SUSTAINABILITY

Los Cabos, located on the southernmost tip of Baja California Sur Peninsula, has a great cultural and historical heritage. It's privileged location attracts people from all over the world due to its natural richness of flora and fauna necessary for sustainable development.

The geographical location of Los Cabos is unique, its isolation from the rest of the world and its fantastic beaches allow you to restore your mind and soul.

The protection and conservation of Los Cabos is a commitment for everyone. We are aware of the responsibility of protecting our natural resources, in order to allow the future generations to live in a world that can provide them wellbeing.

Los Cabos has been preserved pristine for decades thanks to a clean destination that cares for our oceans, the sea and mountains that do not have visual pollution of billboards, the environmental discipline of the citizens of Los Cabos, and a unique setting for marine wildlife.

The coastline, flora and fauna are protected by competent authorities. It is true that this destination is rapidly growing, but its growth is being handled with quality and responsibility, meeting high standards as other important destinations.

Twenty-two beaches in Los Cabos have the Blue Flag certification that recognizes them as "Blue Flag Beaches", an eco-label award given to beaches, marinas and sustainable boating tourism operations in the international arena, when they comply with environmental safety and educational criteria.

All of this is the perfect setting to balance mind, body and soul.

BLUE FLAG BEACHES

LOS CABOS: DESTINATION IN MEXICO WITH THE MOST BLUE FLAG CERTIFIED BEACHES.

The iconic Blue Flag is one of the world’s most recognized voluntary eco-labels awarded to beaches, marinas, and sustainable boating tourism operators. In order to qualify for the Blue Flag, a series of stringent environmental, educational, safety, and accessibility criteria must be met and maintained, including public and swimmable.

HEALTH AND SAFETY STANDARDS

Our top priority is the health and wellbeing of travelers, their loved ones, and our community. We take this responsibility very seriously and we are doing everything we can to keep them safe and healthy.

To ensure the wellbeing of all travelers, Los Cabos has implemented a strategic tourism-centered approach combined with strict health and safety protocols to provide a safer travel environment to all our visitors:

PUNTO LIMPIO (CLEAN POINT):

Is a certified distinction granted by the Federal Authorities of Mexico to all the destination suppliers (restaurants, hotels, cafes, travel agencies, car rental companies, dive operators, leisure and entertainment venues, among others) to promote good hygiene practices and to protect the health of all visitors, workers and the local community. The certification is complemented with the widespread use of thermal cameras, sanitization services, sanitizing tunnels, Rapid tests, among others.

A MANUAL WITH STRATEGIC PROTOCOLS, PROCEDURES AND PREVENTIVE MEASURES for the management Covid-19 has been designed and circulated around all destination suppliers to ensure tourism can continue in a controlled and protected environment for visitors, workers and the local community. The manual includes relevant information such as disinfection of areas, cleaning protocols, importance of good communications and training, food handling, and the correct implementation of a contingency plan. Local authorities have adopted the manual and is now a requirement to restart operations.

Los Cabos has worked closely with the World Travel and Tourism Council (WTTC), which, after reviewing our plans for reopening and safety requirements, recognized our destination with its global **“SAFE TRAVELERS”** certification., specially designed to allow travelers to recognize governments and businesses around the world which have adopted health and hygiene global standardized protocols.

In the following link you will find our toolkit to maintain you informed of all the efforts that Los Cabos private and public sector are doing to protect health of all visitors, workers and the local community:

INSIGHTS AND GENERAL INFORMATION

LOCATION: Los Cabos refers to two towns—Cabo San Lucas and San José del Cabo — found at the end of Baja California Sur, about 1,000 miles south of San Diego, California, just south of the Tropic of Cancer.

POPULATION: Approximately 288,000 people live in Los Cabos.

CLIMATE: It's a subtropical desert. During the summer, the highs can reach 90° F with sporadic showers. Winter evenings may drop to 60° F, with daytime highs near 80° F.

TIME ZONE: Los Cabos is on Mountain Time (MT), which is one hour later than Pacific Time.

LANGUAGE: In Mexico, Spanish is the official language, but English is widely spoken throughout Los Cabos, especially by those within the hospitality industry.

ELECTRICITY: 120 volts/60 hertz. Electrical outlets are the same as those used in the U.S.

BANKS AND CURRENCY: The official unit of currency is the Mexican peso (MXN), but the U.S. dollar (USD) is widely accepted. All major Mexican national banks are represented here and are usually open weekdays from 8 a.m. to 4 p.m.

Many locations have ATMs that accept U.S. bank cards the same way they do in the U.S. Transaction fees may be higher, and some ATMs can dispense both Mexican pesos and U.S. dollars. While you can exchange dollars for pesos at the airport, many hotels or at any bank, banks usually have the best rates. Credit cards are welcome at most major restaurants and hotels. When using your credit card, the statement total will appear in pesos at the exchange rate posted on that day.

EXCHANGE RATE: Mexican peso equaled .050 U.S. dollar. This rate changes regularly. Check what the rate is when you are ready to travel and once you arrive.

COMMUNICATION: Most major wireless carriers offer packages that provide messaging, calling and data services at reasonable rates. Check with your provider and ask about roaming rates in Mexico, international package options and other travel-related services prior to your trip. The Internet works quite well throughout Los Cabos, and Wi-Fi is a standard amenity at a number of businesses and most hotels and resorts, so Skype, FaceTime, Whatsapp and other Wi-Fi-enabled apps are a cost-effective way to stay connected. To call the U.S. from your U.S. cell phone, dial 00 + 1 + area code + phone number. To call locally to landlines, just dial the seven-digit phone number.

To call locally to local cell phones (within the same area code), dial 044 + phone number.
To call Mexico outside of Los Cabos, dial 01 + area code + phone number.
PUBLIC HOLIDAYS: Mexico celebrates a number of public holidays annually. Except for banks and government offices being closed, your vacation plans should not be disrupted because of them.

GETTING AROUND
To get from one town to the other, you can expect to pay between \$50 and \$60. Red and yellow taxi vans operate in San José del Cabo; blue and green vans cruise Cabo San Lucas. They are available 24 hours a day and are never far. Buses run regularly and cost \$2–3, depending on the exchange rate. Accounting for stops at major hotels along The Corridor, the ride takes between both towns can take about an hour. As of 2018, Uber is also available in Los Cabos.

AIRPORT & TRAVEL DETAILS

To enter Mexico, you need a valid passport. All foreign travelers must pass through immigration and customs. Once you have been cleared by immigration officials, collect your luggage and proceed to customs where you push a button on something that looks a lot like a traffic light; if the light turns red, your luggage has been selected for inspection. After getting through customs and immigration, you may walk past timeshare sales people eager for your attention. Unless you’ve arranged pickup with your hotel, yellow and white mini shuttles are a good option. They are less expensive than taxis, but they won’t depart unless full, so you may find yourself waiting a few minutes.

Cab drivers and other pre-arranged transportation providers have a designated waiting area just outside. Just 20 minutes north of San José del Cabo, the Los Cabos International Airport (SJD), services more than 400 domestic, international and private flights weekly. At press time, the following airlines offered flights to Los Cabos: Aeroméxico, Aero Pacífico, Air Canada, Alaska Airlines, American Airlines, Calafia Airlines, Delta, Frontier, Interjet, Magnicharters, Southwest Airlines, Spirit Airlines, Sun Country Airlines, Sunwing, United Airlines, VivaAerobús, Volaris and WestJet. Nonstop flights and connections to Los Cabos are available from numerous cities across the U.S., including

Atlanta; Charlotte; Chicago; Dallas/ Fort Worth; Denver; Detroit; Houston; Kansas City, Mo.; Minneapolis; Newark; Phoenix; Salt Lake City and Seattle. From California, there are flights and connections available from Los Angeles, Orange County, San Diego, San Francisco and San Jose. From Canada, there are flights available from Calgary, Edmonton, Kelowna, Toronto,Vancouver and Winnipeg.

The smaller, less frequented airport Cabo San Lucas International Airport (CSL) services mostly private aircraft. It is located just 10 minutes away from downtown Cabo San Lucas.
