TYOGA HISTORICAL PATHWAY

Hiking Trail

Directions: Take M28 east from Marquette to North Point Dr. (Laughing Fish Point Road) (opposite Deerton Rd.); turn left (north); proceed 2 miles to signed parking area.

Difficulty: Moderate

Terrain: Level to slightly hilly

Features: Scenic pathway with interpretive signs that tell the story of the 1905-07 logging ghost town and winds through coniferous forest; two scenic pedestrian bridges (one a suspension bridge) over the Laughing Whitefish River.

Distance: About 1.6 miles

LAUGHING WHITEFISH TRAIL

Hiking Trail

Directions: Located just over the county line in Alger County. Take M94, then road north from Sundell for 2 miles to parking lot and trailhead.

Difficulty: Moderate

Terrain: Level to slightly hilly

Features: Waterfall; trail north provides access to North Country Trail

Distance: About 1 mile

A Recreation Passport is required at all DNR Parks and Recreation parking areas including Little Presque Isle, Wetmore Landing, and all Harlow Lake parking areas. Resident's annual cost is \$16.00 if not purchased at the SOS, \$9 for a daily permit for non-residents, or \$33 for non-resident annual permits

GWINN FITNESS TRAIL

Trailhead - Peter Nordeen Park, Gwinn

The Gwinn Fitness Route is a joined system of pre-existing trails running from the south end of Peter Nordeen Park in downtown Gwinn and north along the Escanaba River, eventually joining up with the Flat River Hiking Trail located just past the Farquar-Metsa Tourist Park. This route was developed by the Marquette County Health Department under a grant from the Sault Ste. Marie Tribe of Chippewa Indians, with support from the Centers for Disease Control and Prevention, in order to help expand opportunities for non-motorized recreation in the Gwinn area.

NEW TRAIL!

The Gwinn Fitness Route is roughly 2.25 miles round-trip, and takes between 1.5 and 2 hours to complete.

The route begins and ends at the south picnic shelter of the Peter Nordeen Park on N. Pine St. in Gwinn. From the shelter parking lot you continue north along the Escanaba River. There are several bridges across the river; stay on the gravel path that follows the west side of the river.
