GUIDELINES & SUBMISSION PROCESS

Blog Submission Process: Email the Marketing Manager (leslie@seemonterey.com) with a Word doc containing content, supporting images/video URLs and a byline (see below for details). The team will review and edit as needed. A draft link will be sent to you for review before going live on our website.

Blog Content Requirements:

- Title (short and attention grabbing)
- 200-400 words of copy
- 3-5 images
- Optional Content: Subheads, bullet points, lists, videos, URLs.

FAQs:

What should I write about? Choose unique (share-worthy), informational, educational, useful and humorous topics. Short lists perform very well, ex: "5 Reasons to Visit Monterey this Fall." Bonus: incorporate SEO-friendly keywords to drive more traffic to your post.

What tone of voice should I use? Write in a tone that is inspirational, professional, conversational, approachable and fun. It should also be simple and easy to read. Always write with the leisure (or group market) in mind. What is most likely to interest them?

Do I (or does my staff) get credit? Yes! Please include a byline. Provide a photo and brief bio, 100 words max.
