

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
13845	21	Main Street-Streetscape	Construction of landscaping, lighting and sidewalk improvements, upgrades, and restoration in Clovis Downtown District.	Bike/Pedestrian/Equestrian	Clovis	Eastern Plains	\$1,330,000	\$400,000
17433	17	Renovate Lyceum Theatre	Renovate the Lyceum Theater located on Main Street.	Public Art	Clovis	Eastern Plains	\$1,462,368	\$326,000
33969	18	County Museum	The High Plains Historical Foundation, Inc. would like to utilize an existing building at the Curry County Fairgrounds as a museum to display memorabilia and artifacts of Curry County. The building would need to be renovated, including HVAC modifications and glass case displays to accommodate the museum. An Invitation to Bid will be used to complete this project.	Museums	Curry County	Eastern Plains	\$200,000	\$200,000
29952	1	Multi-Purpose Livestock Pavilion at the County Fairgrounds	The Fairgrounds needs to expand in order to accommodate current and future equine, rodeo, agricultural, and cultural arts events. Covered horse stalls are needed in order to accommodate larger equestrian events, an RV park to accommodate traveling visitors and to continue to improve and attract more event users. If these items were addressed, then the County could host more events, which would bring more economic development to the area. Additional upgrades to the Fairgrounds would be a warm-up arena that would fit the needs of all equestrian events. The County will issue an RFP for the design and issue a bid for the construction of the improvements. Adding additional covered horse stalls and a multipurpose area.	Fairgrounds	Curry County	Eastern Plains	\$9,000,000	\$6,000,000
29383	8	Windmill Museum Improvements	The remaining windmill towers will be erected, signage will be placed around windmills, educating the public about the significance of the collection, and also repair the windmills that are in need of maintenance. Landscaping will beautify the area.	Beautification	Roosevelt County	Eastern Plains	\$150,000	\$150,000
25611	4	Fairgrounds Master Improvement Plan	The improvements to the Roosevelt County Fairgrounds to include pavilion roof replacement, rebuild hog barns and poultry cages. Additional parking, renovations to livestock barn, multipurpose facility located on Fairgrounds, recreational vehicle hookups, and covered horse stalls. The improvements will allow the accommodation of larger crowds and out-of-town participants. The County will bid and contract with an architect to design and plan for the projects. All chip seal will be accomplished by Roosevelt County Road Department.	Cultural/Historic Facilities	Roosevelt County	Eastern Plains	\$2,747,000	\$1,063,000
33819	10	Albuquerque Museum Repairs and Renovations	Repair, renovate, and preserve assets at Albuquerque Museum, Casa San Ysidro, and the Museum Warehouse, including but not limited to HVAC units, landscaping, sculptures, parking lots, camera, lighting, equipment, collections, shelving, storage, windows, doors, bathrooms, plumbing, stucco, mud, multimedia interactives, and roofs. <i>According to MRCOG, the Albuquerque Museum features permanent art and history collections, world-class traveling exhibits, and community-curated exhibits that draw both tourists and local New Mexicans. Casa San Ysidro, a satellite of the Albuquerque Museum, draws visitors to the Village of Corrales to view one of the most comprehensive collections of New Mexican art and furnishings. The collections, as well as the structures, are listed on the State Register of Cultural Properties.</i>	Museums	Albuquerque	Mid Region	\$1,422,350	\$125,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
30474	11	Balloon Museum Facilities	Plan, design, acquire, repair, fabricate, and/or construct improvements and upgrades to Balloon Museum buildings, grounds, public spaces, and exhibitions, including the purchase, operation, or installation of equipment, software, systems, and the acquisition or production of new exhibition content and collection items. <i>According to NMCOG, the Balloon Museum hosts a variety of special events and community outreach activities throughout the year to nurture an appreciation of the history, science, and adventure of ballooning. The ballooning history in New Mexico draws many tourists to the state.</i>	Museums	Albuquerque	Mid Region	\$3,705,964	\$445,000
36478	8	Historic Facilities Rehabilitation	To plan, design, and renovate the Harvey House, old city hall, and old brick building at 513 Becker Street, to include replacing the roofs of one of the structures, re-wiring, and other renovations required to bring the buildings back up to code. Plaster, paint, stucco, gazebo, and arch. Design will be completed by an engineering consultant in which RFP and bid documents will be prepared and the City will follow all policies and procedures of the State of New Mexico procurement code. <i>According to MRCOG, the goal of this project is to preserve New Mexico history while attracting more people to Belen, which in turn will support local business development and job growth. The City is actively pursuing designation of Becker Avenue from 1st to Main Streets, where these three properties are located, as a New Mexico MainStreet Arts and Cultural District. The Belen Harvey House is on the National Register of Historic Places. Before COVID, the Belen Harvey House averaged more than 9,500 visitors per year, with more than 75% of the visitors from out of town. Belen Old City Hall was recently added to the National Register of Historic Places. This building is at the corner of the Art District of Belen and is the mid-point between Main Street and the Belen Harvey House. Old City Hall is a perfect venue for visual and performing arts to enhance tourism-related experiences in Belen.</i>	Museums	Belen	Mid Region	\$450,000	\$225,000
14616	5	Citywide Sidewalks/Trails Improvements	Installation of sidewalks, curbing, and trails on 10th Street, South 7th Street, and South 2nd Street within the City of Belen. Design will be done under the City of Belen on-call with consultant in which RFP and bid documents will be prepared and the City will follow all policies and procedures of the State of New Mexico procurement code. <i>According to MRCOG, this project will improve infrastructure to beautify the First Historic District in Belen and facilitate tourism-related visitation and events. The City of Belen has designated the area from 1st to 2nd Streets, between Dalies and Castillo, a Historic District. This is adjacent to the Belen Harvey House Museum and the Judy Chicago Art Space. This area receives the highest visitation by out-of-town tourists to Belen. This area of 2nd Street also contains the City's historic Doodlebug self-propelled railcar and will soon house the Southwest Model Railroad Museum. The City is actively pursuing designation of Becker Avenue from 1st to Main Street as a New Mexico MainStreet Arts and Cultural District.</i>	Bike/Pedestrian/ Equestrian	Belen	Mid Region	\$1,980,000	\$1,980,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
38610	8	Trail Support System - Bike and Pedestrian Transportation	To plan and design multi-use pedestrian and bike trails to provide connectivity with existing walking and multi-use trails. <i>According to MRCOG, increased connectivity through multi-use trails increases accessibility and encourages walkability, drawing tourists to the area and allowing them to access a greater number of places in the Town of Bernalillo.</i>	Bike/Pedestrian/ Equestrian	Bernalillo	Mid Region	\$1,500,000	\$150,000
34246	16	Molino Building Rehabilitation	Plan, design, renovate, reconstruct, and equip the Molino Building, a building that is adjacent to the Rail Runner stop and which has local, historical significance. Renovations will include new bathroom facilities, HVAC, electrical upgrades, flooring, exterior improvements including windows and doors, new stucco on exterior and lathe interior. Equipping and furnishing for a cafe, visitor center, and local arts store and will include tables and chairs, stove, refrigerator, freezer, fume hood, espresso machine, bookshelves and books about New Mexico, and magazine racks. The project will comply with the State of New Mexico procurement code. <i>According to MRCOG, the proximity to the Rail Runner stop makes the Molino Building a great place for travelers to frequent when utilizing the rail service. This hub will allow travelers to spend more time in the Town of Bernalillo.</i>	Facilities	Bernalillo	Mid Region	\$1,300,000	\$100,000
28343	7	Parks Improvement LCS Project	To plan, design, construct, purchase, furnish, and equip outdoor hard and soft-scape infrastructure to include tables and benches, shade canopies, ADA-compliant walkways, landscaping, and cultural exhibits for parks in the Town of Bernalillo. This was designed with the idea of furnishing parks and designing new outdoor areas with heritage signage (carrying local stories) that would be cohesive for the town - helping visitors orient themselves with respect to history, culture, and local businesses. FY23 request is for planning/design. <i>According to MRCOG, the Town of Bernalillo's parks are the heart of the community and host multiple regional and state-wide events and festivals (Mountain West Brew Fest, Rio Grande Arts and Crafts Festival, Indian Arts Festival, Fiestas de San Lorenzo, Celtic Highland Games, Rio Grande Valley Dog Show, etc.). These events attract hundreds of people from all over NM and the surrounding states.</i>	Outdoor Recreation	Bernalillo	Mid Region	\$3,500,000	\$250,000
32190	3	Courtyard Renovation	Design, construct, renovate, repair, and equip the IPCC courtyard area. The courtyard has serious drainage issues, which causes safety and health issues. This project will plan, design, construct, and equip a new drainage system within the IPCC courtyard. <i>According to MRCOG, the courtyard at the Indian Pueblo Cultural Center provides an important gathering space. Travelers come to the Indian Pueblo Cultural Center to see performances and traditional dances in the courtyard area.</i>	Cultural/Historic Facilities	Indian Pueblo Cultural Center	Mid Region	\$250,000	\$250,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
22409	2	Pedestrian Walkway/Bike Path	Design and construct walkway and bike path beginning at the Village Complex and ending at the end of Village limits. Project will include inter-modal route for safety and will increase tourism and exercise pathway for residents. Proposed length of project 5,000 feet along State Highway 4. Construct asphalt pathway 10 feet wide. Project collaboration with NMDOT. The Village has completed walkway path to the Perea Nature Trail along US 550 1/2 mile in length and 1 mile in length beginning at the conjunction of US 500 and State Highway 4 up to 636 State Highway 4. All construction phases go out to bid. Village conducts public hearings for public input. <i>According to MRCOG, the Village of San Ysidro serves as the gateway to the Jemez. Many travelers pass through this destination on their way to many popular outdoor recreation locations in the state. This trail helps to fill connectivity gaps and increases traffic to the Village of San Ysidro and local businesses.</i>	Outdoor Recreation	San Ysidro	Mid Region	\$633,413	\$300,000
38704	7	Open Space Recreational Trail Network	To purchase and acquire open space property; and to plan, design, and construct a recreational trail network. The Village will work with its on-call engineers to design and oversee the construction of the project in a timely manner and will keep the contractor on budget. <i>According to MRCOG, the COVID-19 pandemic has increased the desire for outdoor recreation. Trail improvements will draw visitors to the Village of Tijeras and will encourage visitors to frequent businesses in the community.</i>	Outdoor Recreation	Village of Tijeras	Mid Region	\$500,000	\$50,000
38706	8	Historic Church Rehabilitation	To rehabilitate the historic church, including earthwork, to assure positive drainage, to stabilize the building's foundation, to repair cracks in Torrones, to re-stucco, to replace door frame and hardware, to restore original doors and windows, to add interior storm windows, and to seal windows and doors. <i>According to MRCOG, this historic church is registered on both the State Register of Cultural Properties and the National Register of Historic Places. The facility features a multi-use space with a small raised stage. The facility can be rented and draws visitors to the Village of Tijeras.</i>	Cultural/Historic Facilities	Village of Tijeras	Mid Region	\$100,000	\$100,000
37920	6	Cimarron Park Improvements	To plan, design, construct, equip, and furnish Cimarron Park Improvements in Cimarron, NM, Colfax County. Install a pavilion, sidewalks, recreation equipment, and provide handicap accessibility to the public. Also install a recirculating splash pad for water conservation. The Village would like to add some Public Art to this area as well. <i>According to NCNMEDD, 45,000 visitors a year come to the Philmont Scout Ranch, 4.9 miles south of Cimarron. Cimarron Park improvements will anchor the downtown center of the Village and provide a welcoming and fun space for tourists visiting Philmont Scout Ranch and the Village of Cimarron.</i>	Facilities	Cimarron	North Central	\$500,000	\$500,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
19491	7	Pedestrian Walkway	<p>There is no trail system developed in the Village. Currently there is no designated pedestrian path along State Highway 21 which goes from the Village of Cimarron towards Springer, New Mexico. Each summer the village welcomes approximately 45,000 Boy Scouts and tourists who travel through or stay in the Village of Cimarron or at Philmont Boy Scout Ranch, which is 4.9 miles south of the Village.</p> <p>Philmont Boy Scout Ranch and the Cimarron Township Ranch have created an undeveloped makeshift hiking/biking/pedestrian/equestrian path from mile marker 1 to mile marker 4, which stops at the Philmont Boy Scout Ranch facility. The Village has completed partial plans and construction documents for a phase of the project. A developed pathway is necessary to address the school bus route which creates significant safety concerns for students walking along this Hwy route as well as the many tourists who utilize this trail on a year-round basis. The Village will also be able to attract additional tourism with hiking, walking, equestrian, running, and biking events which would increase the gross receipts tax for Village infrastructure needs. The project would include a pedestrian/equestrian/biking bridge over the Cimarron River to provide a safety barrier for the users of the trail between Hwy 21 and the traveling area of the trail. This active trail would provide a safe pathway for those traveling in this 4.9-mile area.</p>	Outdoor Recreation	Cimarron	North Central	\$950,000	\$950,000
18959	4	Riverwalk Improvements	<p>To plan, design, construct, and equip improvements to the Riverwalk Trail from Mills Avenue to Prince Street to include lighting, paving, and landscaping, directional signs, lighting, benches, and tables; develop pocket parks including parking, fences, and barriers; drainage and erosion; pedestrian crossings on Prince, Bridge, and Mills; and river ecology and landscaping. <i>According to NCNMEDD, the Riverwalk is in the middle of the City's main business districts and provides easy pedestrian access to these areas which have restaurants and art galleries. Key outdoor recreation attractions in the Gallinas River Park are bird watching, fishing, hiking, bicycling, and an interpretive sign trail that connects visitors with the local history, culture, and ecology. The Riverwalk has an outdoor amphitheater for festivals, music performances, and outdoor plays, and this will lead to more lodgers and increase overall economic development.</i></p>	Outdoor Recreation	Las Vegas	North Central	\$3,497,000	\$844,250
37923	2	Rodriguez Sports Complex Improvements	<p>To plan, design, construct, and equip new softball fields, soccer fields, a skate park, security/entrance booth, and parks department building, and create a motocross area at Rodriguez Park. As well as renovate and improve existing infrastructure, including perimeter fence, park drainage, roadways, parking lots, bathrooms, and softball/baseball fields. <i>According to NCNMEDD, this project will attract visitors from around the region and state to use the sports and recreational facilities.</i></p>	Facilities	Las Vegas	North Central	\$17,500,000	\$4,206,250

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
38795	2	Bartlett Mesa Ranch Acquisition	The scope of work is for acquisition costs of the Bartlett Mesa Ranch tract (2,224 acres), with implementation which may include planning, fence improvements, and trail improvements. <i>According to NCNMEDD, Raton has experienced record tourism-related travel numbers over the past five years due to the tremendous economic growth of both Texas and Colorado. Acquisition of this parcel will expand Sugarite Canyon State Park. The Park offers nearly all outdoor recreation activities: fishing, boating, hiking, horseback riding, hunting, and camping. Over 40 miles of trails link Raton to a number of State Parks, including Sugarite State Park.</i>	Outdoor Recreation	Raton	North Central	\$3,700,000	\$2,700,000
36692	5	Park and Recreation Projects	To plan, design, construct, equip, and improve the Red River parks within town-owned park areas. Proposed architectural drawings have been made for the projects. The town will start with engineering of the projects. Project locations are Brandenburg Park, Mallette Park, and Red River Westside Park, Toni Woerndle Park, Red River Cemetery, and Mountain Bark Park in Taos County.	Outdoor Recreation	Red River	North Central	\$1,250,000	\$725,000
35939	4	Piedra Lumbre Visitor Center Purchase/Improvements	The Juan Bautista Valdés, San Joaquin del Rio de Chama, and Tierra Amarilla Land Grants will work jointly to acquire property, design, plan, renovate, repair, demolish, construct, furnish, and equip facility. Including acquisition of the Piedra Lumbre Visitor's Center from the United States Forest Service; design the renovation of the facility; renovate the facility, including: demolition of structures beyond repair; construction of new buildings; improvements to water and wastewater infrastructure; and parking. The project will be jointly overseen by the boards of trustees of all land grants with assistance from the New Mexico Land Grant Council. According to NCNMEDD, the project will support tourism by providing potential opportunities for a travel center and overnight accommodations, which could include RV, camping, and bed and breakfast accommodations. The project site is located near the Ghost Ranch, Echo Park Ampitheater, Rio Chama Wilderness, Christ in the Desert Monastery, and Abiquiu Dam. The Tierra Amarilla Land Grant is part of a 6 project capital improvement plan, total cost \$3.2M, \$900K funded to date.	Cultural/Historic Facilities	San Joaquin del Rio de Chama Land Grant / Merced Comunitaria Juan Bautista Valdés / Merced de Los Pueblos de Tierra Amarilla	North Central	\$2,000,000	\$630,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36137	3	Midtown Infrastructure Development	Plan, design, construct, and/or refurbish infrastructure to promote development at the Midtown Santa Fe property in Santa Fe, New Mexico for Phase 1. Midtown is envisioned to be the vibrant, inclusive, and transit-oriented new center of the city, providing affordable and market-rate housing, economic development nodes, art, open space, and other elements as defined through extensive community input. The infrastructure at Midtown is aged and needs extensive updating and replacement. Infrastructure projects may include building new or refurbishing access and internal roads and trails; digital infrastructure; electric, gas, water, and sewer utility infrastructure; stormwater management infrastructure, including low-impact design; building rehabilitation or demolition; and survey and civil engineering design services. A number of additional funding sources are expected to be leveraged against public funds. The municipality can maximize opportunity with matching infrastructure investments. The City is currently funding maintenance of the property in preparation for redevelopment. Infrastructure projects may include bicycle trails and lighting; 10G digital fiber optic connection; micro-grid and solar electric generation; primary access roadway and utility easement; stormwater management; utility mains for gas, water and electric; utility separation; building rehabilitation or demolition; and survey and civil engineering design services. A number of additional funding sources are expected to be leveraged in the redevelopment activities, but the municipality can maximize opportunity with matching infrastructure investments. The City is currently funding maintenance of the property in preparation for redevelopment, which will be secured through a bid process.	Cultural/Historic Facilities	Santa Fe	North Central	\$12,100,000	\$200,000
32383	13	Acequia Trail Extension	To plan, design, right-of-way acquisition, and construct multi-use trail for Rufina/South Meadows to San Felipe. The City will follow policies and procedures and comply with the State of New Mexico Procurement Code in a sealed bid process. <i>According to NCNMEDD, the Acequia Trail starts at Railyard Park and connects numerous parks, trailheads, picnic areas, and fountains, and passes sites such as Meow Wolf. The trail extension will be an asset for pedestrian and cyclist tourist access to the city.</i>	Outdoor Recreation	Santa Fe	North Central	\$1,913,000	\$1,500,000
36163	19	Bicycle & Pedestrian Wayfinding System	Wayfinding for cyclists and pedestrians in downtown, Guadalupe District, Railyard, and all bicycle network, including signage, maps, and/or digital navigation. The City will follow policies and procedures and comply with the State of New Mexico Procurement Code in the Request for Proposal processes. <i>According to NCNMEDD, the City of Santa Fe is a major tourist destination. This bicycle and pedestrian wayfinding system will contribute to the overall ease with which tourists can access Santa Fe's assets, contributing to the strong tourism economy.</i>	Outdoor Recreation	Santa Fe	North Central	\$350,000	\$323,071

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36178	4	Santa Fe Median Beautification Phase I	<p>To plan, design, and construct median beautifications and improvements for all major and minor roadways within the City of Santa Fe. This project will be completed in five phases. Phase I will include landscape architecture design services for the entire scope of the project and the first of five consecutive years of construction, which will require 12 months to complete. Phase II will be the second of five consecutive years of construction, which will require 8 months to complete. Phase III will be the third of five consecutive years of construction, which will require 8 months to complete. Phase IV will be the fourth of five consecutive years of construction, which will require 8 months to complete. Phase V will be the fifth of five consecutive years of construction, which will require 8 months to complete. The City will follow policies and procedures and comply with the State of New Mexico Procurement Code in a sealed bid process. <i>According to NCNMEDD, the City of Santa Fe is a major tourist destination. As such, the efforts to beautify roadway medians will contribute significantly to the overall beauty and attractiveness of the City, contributing to the City's strong tourist economy.</i></p>	Beautification	Santa Fe	North Central	\$3,000,000	\$325,000
28634	7	Veterans Park Improvements	<p>Upgrade the Veteran Park & Stonewall Park, POW/MIA Park. The upgrades and improvements to this park are to recognize the members of the armed forces who have served in the military and to provide a family atmosphere for visitors. Upgrades will include anchoring military surplus equipment, a Tribute Wall, wrought iron fencing, cement platform, memorial rock, picnic areas, and signage upgrades. The project would include installation of electricity and a covered stage for presentations and events. <i>According to NCNMEDD, these park improvements will be inviting to tourists as recognition of the armed forces and those who served to protect the country. Additionally, the park will host events that would be inviting to tourists as well as the community.</i></p>	Facilities	Springer	North Central	\$265,000	\$265,000
31204	6	Santa Fe Trail Museum Improvements	<p>The scope of work would include an upgrade of the heating and air conditioning systems for the building so it can stay open all year round, repairs and upgrades to the roof and windows, and renovations to the interior of the building. The Town will procure Engineer services for the design of the improvements and the project will be advertised for bids. The project will be awarded according to NM State Procurement procedures. <i>According to NCNMEDD, renovations will allow this tourist destination to be open year round. This venue will be used for community events which will attract tourists.</i></p>	Outdoor Recreation	Springer	North Central	\$270,000	\$270,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
39436	5	Heritage Center Infrastructure	To plan, design, and construct infrastructure at the new Taos Pueblo Heritage Center in Taos County, NM. Architectural and engineering for geotechnical work, structural engineer work, survey, water/sewer requirements, site earth work, storm drainage, and construction for water/sewer service, electrical, gas, and other utility necessities. The project has expended funds in 2018 when Taos Pueblo acquired the Heritage Site and started environmental cleanup. In 2019 the development plans and upgrades for exterior lighting and areas of sewer lines were completed. In the museum area the HVAC was upgraded. In 2020/21, the project made the conceptual site plans final and began proposal to the EDA. Survey of wells onsite was also completed. <i>According to NCNMEDD, Taos Pueblo is a UNESCO World Heritage Site and a world-renowned tourism destination. It is an anchoring element of the tourist economy in Taos County. The Heritage Center will be the main visitor center for the Pueblo, allowing the Pueblo to control, interpret, share, and benefit from its cultural assets. The Heritage Center will build on the Pueblo's status as a historical and cultural destination to increase overall visits to the Pueblo and region.</i>	Cultural/Historic Facilities	Taos Pueblo	North Central	\$2,643,516	\$252,000
31425	1	Enchanted Eagle Park Improvements	The Village of Eagle Nest will plan, design, equip, construct, and install improvements to Enchanted Eagle Park that will include but are not limited to sidewalks, stage, lighting/sound for stage, lighting, soil restoration, fitness equipment that will encourage outdoor activities to develop healthy children and families to enhance the use of the park by all ages and abilities, becoming a signature gathering space for the entire community following Village of Eagle Nest and State Procurement process. The stage and equipment (lighting and sound) will provide a professional stage for the many artists and events used to promote tourism in Eagle Nest and the Enchanted Circle. <i>According to NCNMEDD, the park will include a professional stage with lighting and sound for artists and events used to promote tourism in Eagle Nest and the Enchanted Circle. The park will also include outdoor fitness equipment as an additional attraction .</i>	Outdoor Recreation	Village of Eagle Nest	North Central	\$2,707,000	\$1,275,000
36492	3	Recreational Facilities	The scope of this project is to plan, design, and construct a ball field facility that would include planting grass, installing a sprinkler system, and updating the lighting. This project would also plan, design, and construct the current walking trail facility that is alongside the ball field facility that would include using xeriscaping, installing picnic tables and gazebos, and constructing areas for recreation such as a volleyball court and horseshoe pit. The ball field and walking trail facilities would help in revitalizing the Village of Maxwell and bring two areas for local residents to enjoy and also for tourists to visit. <i>According to NCNMEDD, the project will allow the community to host baseball/softball events, community gatherings, and provide a space for events which will attract tourists.</i>	Facilities	Village of Maxwell	North Central	\$800,000	\$800,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
35458	7	Lake Farmington Upgrades	Develop and construct infrastructure at Lake Farmington. Southside Phase I - Extension and operation of a water and sewer line to the south side of the lake. Road paving, design, and construction of south side access. North-side Phase II - Extension and operation of a water and sewer line to the north side of lake. Road paving, design, and construction of north-side access. <i>According to NWNMCOG, this project will transform a local, day-use lake into an outdoor recreation catalyst that will take market share from Colorado and those visitors traveling to full-service lakes for multi-day trips, including the Texas market. This project probably has the greatest return-on-investment potential, especially in the short-term, of all the projects listed.</i>	Outdoor Recreation	Farmington	Northwest	\$11,500,000	\$5,500,000
31692	40	Red Rock Park Campgrounds Reconstruction	To plan, design, reconstruct, furnish, and equip the campgrounds at Red Rock Park, located in Gallup, McKinley County, NM. <i>According to NWNMCOG, the RV market is a large target market for communities, especially along I-40. This project will upgrade the RV campgrounds to add utilities and hook-ups and expand RV sites to increase and maximize visitors to the park. This project is fundamental to the business plan of the park to provide for steady income that can be used to staff and reinvest in the visitor's experience. Red Rock Park is a majestic gateway that can lead to capturing visitors longer in Region 1 (NWNM) and provide a valuable jump-off point along with marquee event visitation.</i>	Outdoor Recreation	Gallup	Northwest	\$6,000,000	\$350,000
35561	5	Regional Indoor Multipurpose Arena	Plan, design, construct, acquire property, furnish, and equip Regional Indoor Multipurpose Arena for the City of Grants NM, and the Village of Milan in Cibola County for rodeo and other events. The City of Grants will follow Procurement Procedures for this project. <i>According to NWNMCOG, many rodeo contestants leave New Mexico every weekend to follow the circuit. This facility would provide New Mexico another rodeo arena, as well as provide for a year-round slate of events to keep locals and their money in New Mexico and Cibola County. This provides a focal point for Cibola County's tourism development strategy and larger outdoor recreation actions.</i>	Convention Facilities	Grants	Northwest	\$3,500,000	\$1,000,000
39515	7	McKenzie Ridge Trail Connector Project	Implement approximately 20 miles of trail, consisting of trail design and specification development and construction. <i>According to NWNMCOG, the project was initially funded by Recreational Trails Program (RTP), but due to construction prices is now underfunded. This project is the connector of the Zuni Mountains Trail Project (200+-mile non-motorized trail) from McKinley County into Cibola County. It includes the beautiful Red Rocks feature similar to trails in Moab, Utah. ZMTP will put NM and our region on the map as a destination for trail users, guides, and ancillary businesses.</i>	Outdoor Recreation	McKinley County	Northwest	\$200,000	\$200,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36029	3	New Navajo Code Talker Museum & Veterans Center	<p>The project is to plan (including land acquisition, easements/rights-of-ways), design, construct, furnish, and equip a Navajo Code Talkers Museum and Veteran's Center in the Tse Bonito area of the Navajo Nation in McKinley County. The project location has been determined and the land is currently being acquired. Phase I: The program phase will include establishing project goals and confirming preliminary cost and site data; research, identification of artifacts, collections, and other archives; and development of a facility program that will be educational and entertaining to attract target audiences. Phase II: Design phase services will include preparation of conceptual floor plan and elevations through final construction documents, exterior amenities (access road, parking, landscaping, etc.), NEPA document (archaeological and environmental reports), and coordination with the appropriate Navajo Nation stakeholders, permits, and compliance documents. Phase III will include the bidding, the construction, and purchase of the furnishings and equipment. The type of furnishings and equipment will be determined during the design phase. The Navajo Nation Procurement Law has been followed to secure services and the purchase of any furnishings and equipment. The Navajo Nation will own, operate, and maintain the Navajo Code Talkers Museum and Veteran Center. The Navajo Nation will be the fiscal agent. <i>According to NWNMCOG, this project has the potential, due to the popularity of the Navajo Codetalkers and military history, especially internationally, to have one of the largest visitor draws of any New Mexico or Southwest venue. It would be a tremendous magnet for Navajo Nation tourism. It likely will need Federal designation and funding to complete.</i></p>	Museums	Navajo Nation	Northwest	\$27,100,000	\$1,000,000
11521	7	Renovate Veterans' Memorial Ctr	<p>Planning, designing, and renovation of Veterans Park. The Nenahnezad chapter has all the easement/rows, archaeological and environmental studies completed for the project and was funded by the chapter in the past. Phase II is planning and design. Phase III consists of construction. Phase IV is purchase of equipment. The chapter owns, operates, and maintains the building. The Navajo Nation will be the fiscal agent.</p>	Cultural/Historic Facilities	Nenahnezad Chapter	Northwest	\$362,700	\$50,000
38955	10	Tourism Infrastructure	<p>To plan, design, and construct an RV dump station connected to the City's sanitary sewer system to provide sanitary sewer access for travelers to our community who reside in recreational vehicles during their stay. <i>According to SCCOG, construction of an RV dump station will accommodate visitors to Elephant Butte Lake State Park (as well as the local area attractions) who are traveling by recreational vehicles, which is vital to continued (and potentially increasing) tourism to the area. The project will provide access to the state park and surrounding area, and will provide visitors with essential services for their recreational vehicles; provide the presence/availability of a dump station in the area, which is potentially a factor of whether or not a tourist traveling in a recreational vehicle decides to visit a location; and provide the capability to restore lost tourism to the area by providing this essential service to RV travelers would benefit the entire region.</i></p>	Facilities	Elephant Butte	South Central	\$500,000	\$250,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36920	9	Off-highway vehicle (OHV) Recreation Park	Plan, design, and construct an off-highway vehicle (OHV) recreation park to include a 40ft x 60ft metal building canopy, ADA parking as required, dry restrooms, 30 amp & 50 amp RV hookups, and general parking. This also includes a new culvert crossing structure on the access road. Initial plans have been discussed with an engineering firm. They will be finalized after award of funding has been obtained. <i>According to SCCOG, the project will provide a safe and maintained area for the increasing number of OHV enthusiasts to assemble and ride without disturbing others or surrounding natural resources. The project will also provide an area for safety trainings, bathroom facilities, general ADA-compliant parking, and recreational vehicle hookups to entice visitors to the area and to encourage them to extend their stay and/or return to the OHV park often.</i>	Outdoor Recreation	Elephant Butte	South Central	\$360,000	\$150,000
38827	1	Sierra County Fairgrounds	To plan, design, construct, and equip insulated livestock building and pens (phase 1). Construct new livestock show barn (150x150 sq. ft.) Purchase new livestock show panels for pens. Portable pens will allow for a more diverse venue with flexibility to accommodate various events. Installation of approximately 10 RV hook-ups. <i>According to SCCOG, facility improvements for this major event facility in Sierra County will serve to attract visitors from around the state for local fairs, fiestas, various community and private events, auctions, etc. Improvements will make the space more flexible to be used for a wider range of large events to attract visitors to the region. Additionally, with the installation of RV hook-ups, the facility becomes an opportunity to provide those attending multi-day events with a place to stay and potentially visit and enjoy other attractions in the community they may otherwise not have.</i>	Fairgrounds	Sierra County	South Central	\$1,750,000	\$1,750,000
19706	8	South Entrance Landscaping	To plan, design, and reconstruct landscaping at the south entrance to Socorro at Exit 147. <i>According to SCCOG, landscaping will make the entrance more appealing and inviting to visitors who may just need gas or a meal and decide to look around, which may serve to attract visitors to historic downtown Socorro.</i>	Beautification	Socorro	South Central	\$170,000	\$20,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
27084	2	Recreation Services	To plan, design, construct, furnish, and equip recreation improvements in Sunland Park. To acquire land for, design, construct, furnish, and equip recreation improvements including a splash pad, sports park enhancement and expansion, river-park trails, parks and pocket parks, soccer fields, and The Sunland Park Paseo del Norte River Trail. In addition, recreation improvements will include purchase of equipment technology systems to consist of outdoor public WIFI and communication devices for public safety. Upon funding availability, the City will continue to work with the on-call engineer to complete design. The City will follow state and local procurement regulations to solicit quotes or go out to bid for construction. <i>According to SCCOG, The Paseo del Sol Trail is a 10-foot-wide trail along the Rio Grande in Sunland Park. This trail is Sunland Park's section of the Rio Grande Trail, New Mexico's planned long-distance trail running the length of the state. This trail connects the Paseo del Norte Trail in El Paso with the rest of the Rio Grande Trail in New Mexico. This project will enhance the existing paved trail that runs through Sunland Park. One goal is to attract through hikers and bikers to our state as well as to provide a high-quality trail to attract other visitors and associated commercial development. Additionally, several attractions throughout the city will have trails that lead to the Paseo del Sol Trail, including Mt. Cristo Rey, the historic Dino Tracks, the sports complex, splash pad, and the Sunland Park Racetrack and Casino. Mobile hotspots will be available along the trail along with shade structures, bike racks and repair stations, public art, public restrooms, water fountains, trail branding, and benches.</i>	Outdoor Recreation	Sunland Park	South Central	\$9,824,580	\$5,623,550
36684	6	Ralph Edwards Parks Improvements Phase 2	To plan, design, and construct playground and park improvements in Ralph Edwards Park. \$6,750 of City funds were expended in 2019 to prepare a Park Master Plan. \$350,000 of City funds were expended in 2020/2021. Project will be implemented via the New Mexico State Procurement statute. <i>According to SCCOG, the project will provide improvements to the downtown waterfront park along the banks of the Rio Grande. This area is home to a popular farmers market, local and regional craft shows, and a skate park. Additionally, project is located within walking distance of the historic Hot Springs and Art Districts in Downtown TorC and will provide an area/location for future music and art festivals.</i>	Outdoor Recreation	Truth or Consequences	South Central	\$650,000	\$300,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36716	9	I-25 Business Landscape Project	To plan, design and construct I-25 Loop Landscape Improvements for City of Truth or Consequences, Environmental Planning and Permitting, Geotechnical Investigation, Utility Coordination and Permitting, Topographic and Existing ROW Survey, Preliminary and Final Design, Construction and Construction Management for the I-25 Business Loop Landscape Improvements. NMDOT is the lead agency and the City of T or C is responsible for Landscape Improvements within the NMDOT project. The project will be implemented via the New Mexico State Procurement statute. <i>According to SCCOG, beautification of the entrance to Truth or Consequences will provide tourists with an opportunity to feel welcomed into the community. Additionally, landscaping will make the entrance more appealing and inviting to visitors who may just need gas or a meal and decide to look around. Lastly, there are opportunities for attractive signage informing visitors of the local and area attractions (Elephant Butte Lake State Park; historic Downtown, Hot Springs, and Art districts; Sierra del Rio Championship Golf Course; etc.) and the many local events happening in the area.</i>	Beautification	Truth or Consequences	South Central	\$321,000	\$300,000
37897	11	Renovate and Repair Smokey Bear Museum	To plan, design, purchase, construct, renovate, and repair the hand-built log cabin housing the Smokey Bear Museum and Gift Shop owned by the Village of Capitan. A specialist must be obtained to determine the exact extent of the renovation and repairs needed for the log cabin. <i>According to the Village of Capitan, the museum was built entirely by local volunteers. The museum houses memorabilia, photos, and posters chronicling his life history. It also operates as a small gift shop to help sustain the facility, circulating an average of 536 visitors a month from all over the country. It is ideally located on Smokey Bear Boulevard next to the NM State Forestry Smokey Bear Historical Park and Visitors Center on the main thoroughfare.</i>	Museums	Capitan	Southeast	\$350,000	\$350,000
34126	10	Rehabilitation of Historic Train Depot	To plan, design, construct, purchase, and install improvements to the Capitan Train Depot, including the perimeter and entry, in the Village of Capitan, NM in Lincoln County. <i>According to the Village of Capitan, the Capitan Train Depot was built in Coalora, NM around 1899 by the El Paso and Northeastern Railroad and moved to its current location in 1911 for a freight and passenger terminal, making it an immediate historical attraction. The depot is located on the same block as the Veterans' Memorial Park, Smokey Bear Museum/Gift Shop and NM Smokey Bear Historical Park (which averages approximately 1,448 visitors a month), making it ideally located for tourism and community gatherings.</i>	Cultural/Historic Facilities	Capitan	Southeast	\$100,000	\$20,000

38956	13	Six Mile Dam Recreation Area	To plan, design, and construct a recreation area at the Six Mile Dam. Phase I includes plan, design, install, equip, and construct concrete shade structures with picnic tables and grills, and water ramp with non-motorized boat dock, informational placards, ADA-compliant pedestals for bird viewing, RV and tent spaces, and restrooms. The proposed recreation area is in existing City-owned property. Future phases will connect walking, running, and non-motorized bike trails from the Lower Tansil area along the Pecos River to the new Six Mile Dam Recreation area. <i>According to the City of Carlsbad, the project will provide Improved outdoor recreation opportunities and tourism to the bird viewing area, RV and tent spaces for dry camping, picnic benches, and BBQ grills. Additional amenities will include shade structures, ADA compliant restrooms, and pedestrian steps/access leading to the river bottom on the east side of the dam, as well as ramps and boat dock for non-motorized boating and kayaking.</i>	Outdoor Recreation	Carlsbad	Southeast	\$900,000	\$900,000
29671	20	Cavern Theater Rehabilitation	Plan, design, construct, equip, and furnish total rehabilitation and repairs to the existing historic Cavern Theater from a movie palace to a full live performance venue and cultural facility which will also include film and live streaming capabilities. Rehabilitation to meet current live performance and video standards as well as ADA requirements. Phase 1 will include the planning and design for electric demo and new electric rough-in and rehabilitation of the marquee and blade sign. Phase 2 will consist of a plan, design, and construction for replacing the roof, installation of all HVAC, rehab of the plumbing system, construction of an ADA restroom, installation of fire suppression, and security systems. Phase 3 will include plan, design, construction, equipping, and furnishing of a full live performance stage with all its standard equipment, wall and ceiling acoustics, lighting and sound equipment, video equipment, seating, lobby and concession area rehab, an annex addition to include public and performer restrooms, dressing rooms, green room, construction room, and loading dock. <i>According to the City of Carlsbad, the project is located in the Historic Downtown Pearl of the Pecos Arts and Culture District and is part of the planned MainStreet Revitalization as a tourist destination. It will provide nightly entertainment for tourists to take advantage of during their visit to other destinations such as the Guadalupe Mountains, Carlsbad Caverns, Living Desert State Park and Zoo, etc. Entertainment will include professional performances and film festivals with a capacity of 600-plus seats at each performance. It will help support other downtown businesses, such as bars, shops, and restaurants.</i>	Cultural/Historic Facilities	Carlsbad	Southeast	\$6,985,994	\$5,059,800

32729	25	Museum Archives/Collections Annex	To acquire, plan, design, and renovate a facility to be used as an annex to the museum for archives and art displays. This will allow the collections currently stored away to be accessible to the public for research and viewing. The City is also exploring the possible alternative of renovating existing space in another City-owned facility as a viable option. <i>According to the City of Carlsbad, the historical archives building will provide space to consolidate and professionally manage all of Carlsbad's historical documents in an environment safe for long-term storage. It will allow the papers and photos to be stabilized and organized to archival standards to maximize safe access.</i>	Museums	Carlsbad	Southeast	\$1,800,000	\$500,000
18516	37	Halagueno Arts Park	To plan, design, and construct art exhibits, landscaping, lighting, and other improvements to the Halagueno Art Park (Phase III and IV). Phase I, II, and a portion of III was previously completed and funded with City funds, Lodgers Tax, and Capital Outlay at a total amount of approximately \$600,000. The initial phases completed the basic infrastructure, landscape, equipment, and art exhibits as they exist today. Phase IIIB is currently budgeted in the City's capital project funds. Phase IIIB design was completed in FY20. Phase IIIB completes improvements to the promenade to include the construction of pathways, signs, planting beds, plants, lights, irrigation, seating, and reconfiguration of the parking area. Phase IV requested now will complete the final phase which is to plan, design, equip, and construct an art imaginarium outdoor area that will include interactive art exhibits. <i>According to SNMEDD, the City's comprehensive plan has identified the Halagueno Arts Park specifically as an economic development area of opportunity in need of capital outlay improvements. It is also an area in need of promoting and creating new events that feature art created by local and regional artists, festival-type events, concerts, and educational opportunities, which advance and sustain the arts in Carlsbad. One of the City's economic development goals is to promote outdoor recreation, and arts and cultural offerings to help increase tourism by attracting visitors to facilities such as the Halagueno Arts Park. The Halagueno Arts Park is just walking distance from the MainStreet downtown shopping district and it is approximately 1.3 miles west of the Pecos River Beach Recreation area. Like the beach area and the shops, HAP is available year round to the local community and visitors alike. The City and partners are also planning new events to help businesses boost the local economy to recover as quickly as possible.</i>	Public Art	Carlsbad	Southeast	\$1,300,000	\$500,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
32790	34	Mainstreet Pedestrian Safety and Public Restrooms	Plan, design, and construct alley connections as attractive pedestrian walkways to encourage visitors and downtown employees to use them as convenient and safe pedestrian links to downtown. Provide public restrooms for tourists and those using the downtown area. The project will include environmental studies, drainage studies, ADA compliance studies, construction of improved walkways, and construct public restrooms. <i>According to the City of Carlsbad, the project will provide attractive pedestrian walkways that encourage visitors and downtown employees to move safely among the various downtown attractions. Additionally, the project will provide public restrooms for tourists and those using the downtown area. This encourages tourists to visit for longer periods of time as they shop and enjoy the local activities. Currently the City or other event organizers must provide porta-pots for special events only.</i>	Bike/Pedestrian/ Equestrian	Carlsbad	Southeast	\$1,000,000	\$100,000
18723	35	Mainstreet Wayfinding Signage	To design and plan for downtown wayfinding signage. The equipment will be purchased through existing contracts or will go out to bid in compliance with the procurement code. <i>According to the City of Carlsbad, the project will provide uniform and historical district-appropriate signage to identify and encourage visitors to visit areas of interest and all that Carlsbad has to offer.</i>	Bike/Pedestrian/ Equestrian	Carlsbad	Southeast	\$78,000	\$78,000
12950	4	Corona Museum/Historical Preservation	The scope of work for this project is to plan, design, renovate, construct, and purchase equipment for the Historic Renovation of the Brown Hotel facility to be utilized as the Village of Corona Museum. The structure was constructed in 1915 and was remodeled in 1998 by local volunteers to house the Corona Museum. Only small ongoing repairs have been completed over the past 15 years. The Governing Body is seeking funding to make a comprehensive impact on the renovation of the historic Corona structure. The Village of Corona has received \$10,000 for an infrastructure survey to prioritize any improvements. The scope of work for this project also includes stabilization of the foundation, heating and cooling, new windows, and furnishings and equipment for artifact display purposes. <i>According to the Village of Corona, the Corona Museum showcases the area's history and culture, dating from the first Spanish settlers to the 1850s stage line and the arrival of the railroad and establishment of the Village of Corona in 1903. Museum displays track the daily home, business, and civic life of the pioneers who ranched, farmed, and built a community together in historic Lincoln County. The Corona Museum is centrally located on Main Street, which leads to patrons walking to the cafe, ice cream shop, and other tourism locations.</i>	Museums	Corona	Southeast	\$150,000	\$140,000
25593	10	Stephens Park Lake Trail	Plan, complete environmental studies (as needed), design, ground preparation, construction, and equipping of a walking trail around the perimeter of Stephens Park Lake to facilitate public access, including ADA access to fishing, exercise, and general enjoyment at the lake. Phase one includes planning, environmental studies (as needed) and design. Phase two involves construction and equipping of the walking trail, including an asphalt walking path, shade structures and picnic tables, benches and trash receptacles, and new trees with irrigation.	Outdoor Recreation	Eunice	Southeast	\$500,000	\$61,250

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
36846	6	Splash Pad	To plan, design, and construct a splash pad to include maintenance building, booster pump, landscaping, and shade. An RFP will be issued to select an engineer and once design is complete and approved the Town of Hagerman will go out to bid. <i>According to the Town of Hagerman, having a splash pad will strengthen recreation for visitors to Hagerman, attracting people and families from Dexter, Lake Arthur, and other surrounding areas that have limited recreation. Additionally, the project will enhance the bi-annual Old Timer's Day Event that attracts visitors.</i>	Outdoor Recreation	Hagerman	Southeast	\$300,000	\$300,000
23179	12	Fairgrounds Renovations	To plan, design, and construct improvements to the fairgrounds in Lea County. Phase one will be the design of electrical upgrades to the RV parks, LED light conversions in the show buildings, exterior painting at the rodeo arena, interior improvements to the goat barn, and drainage improvements throughout the facility. Future phases include a new public address system, improved lighting in parking lots, improved parking surfaces, and drainage.	Fairgrounds	Lea County	Southeast	\$5,200,000	\$1,000,000
36828	1	County Fairgrounds and Arena Improvements	To plan, design, construct, purchase, and install improvements to fairgrounds and arena to include central livestock washing facility, covered crossing to show barn, and new sheep pens. Purchase and construct covered bleachers. Install ADA upgrades. Lincoln County will follow policies and procedures and comply with the NM Procurement Code.	Fairgrounds	Lincoln County	Southeast	\$750,000	\$750,000
35064	38	Central & 1st Streetscape Improvements	To plan, design, acquire property for, construct, purchase, and equip pedestrian, lighting, open art spaces, and amenities for streetscape and economic revitalization of Central Avenue between Main Street and 1st Street and 1st Street between Central Avenue and Avenue A in Lovington, Lea County, New Mexico. Project will consist of the replacement of sidewalks, ADA improvements, lighting improvements, outdoor seating, and amenities that will make the area more pedestrian-friendly and create new economic development opportunities.	Bike/Pedestrian/ Equestrian	Lovington	Southeast	\$200,000	\$200,000
30146	8	Lea Theatre Rehabilitation	Plan, design, and restore the historic Lea Theatre in Lovington, New Mexico. This project includes repairs to the marquee; asbestos and lead remediation; construction of a new lobby area; main and balcony concession areas; two restrooms; front and back stage areas; furnishing of new digital projection equipment; and the replacement of the lighting, electrical, seating, carpet, and roof.	Cultural/Historic Facilities	Lovington	Southeast	\$1,070,000	\$200,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
35019	21	RMAC Interior Modifications	<p>To design, construct, furnish, and equip internal modification and upgrades at the Roswell Museum and Art Center (RMAC). Modifications include relocating the Museum Store to the front door, and creation of an interactive Family Discovery Gallery. <i>According to the City of Roswell, the RMAC opened in 1937 as a WPA Federal Arts Center and serves as a cultural beacon for Chavez County and the surrounding areas, attracting between 35,000 and 45,000 visitors annually for exhibitions, lectures, family art activities, planetarium shows, festivals, and classes.</i></p> <p><i>The museum recently began charging admission, and the present lobby and current museum store are not well-designed or situated for this purpose. It also lacks and family-oriented space for daily visits. This project will relocate the current museum store to the front of the museum with a focus on promoting local and regional artists, along with museum and City merchandise; update the lobby to be more conducive for admissions and social distancing groups; and create a family-friendly gallery/activity space in the old store location that is welcoming for all ages and learning levels.</i></p>	Museums	Roswell	Southeast	\$1,500,000	\$1,500,000
29857	13	Grindstone Recreational Improvements	<p>Plan, design, purchase, construct, and install campgrounds, picnic tables, and recreational amenities at Grindstone Canyon Lake in the Village of Ruidoso. This will include a boat dock, access road, additional parking, signage, develop picnic area landscaping/watershed Improvements, amenities (tables, shelters, permanent restrooms, picnic tables, grills, landscaping, and other recreational activities). Village is in the process of procuring a professional engineering firm to prepare a master plan for the Grindstone Dam area. Construction work will be solicited through competitive bids. <i>According to the Village of Ruidoso, this existing facility owned by the Village of Ruidoso has been further developed to diversify recreational offerings in the region that has proved to have a strong return on investment over the past several years. Additionally, the Grindstone recreation area has added a variety of outdoor recreation activities, including bird watching, mountain biking, hiking, swimming, and fishing. This capital outlay request will help develop hard assets to improve the visitor experience.</i></p>	Outdoor Recreation	Ruidoso	Southeast	\$1,775,000	\$1,325,000
25427	7	Sidewalk Improvement & Midtown Pedestrian Access	<p>Improvements to sidewalks on Sudderth Drive to include handicap accessibility in the Village of Ruidoso, Lincoln County, NM with special emphasis on the Midtown area. <i>According to the Village of Ruidoso, the Village is working in partnership with NMDOT to improve ADA pedestrian access to their Main Street shopping district. The Midtown district is a focal point for the community that includes restaurants, bars, and niche boutiques. This project will enhance walkability and this encourages visitors to walk the district.</i></p>	Bike/Pedestrian/ Equestrian	Ruidoso	Southeast	\$750,000	\$80,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
39247	5	Outdoor Recreation Infrastructure	Plan, design, construct, purchase, equip, and install all complete outdoor recreation infrastructure to include construction and operations of a mountain coaster, mountain slide, hiking trails, mountain biking trails, retail and restaurant space, chair lift, and ski slopes to provide additional access for sightseeing. <i>According to the Village of Ruidoso, with the development of this exciting additional recreation site for the Village, this project will focus on diversifying the tourist-based economy by offering a variety of attractions and accommodations. This development will increase the number of tourists coming to New Mexico from the SW Texas and Arizona drive markets.</i>	Outdoor Recreation	Ruidoso	Southeast	\$5,000,000	\$500,000
31736	8	Columbus Multi-Purpose Path off of NM11	Plan, design, and construct a multi-use path for the Village of Columbus. Columbus will follow policies and procedures and comply with the NM Procurement Code to complete the project. <i>According to SWNMCOG, This path will run alongside NM 11, which leads to Pancho Villa State Park (which has approximately 55,000 visitors a year), increasing tourism opportunities for Columbus. Additionally, the project connects to the Port of Entry, which sees approximately 271,000 pedestrians a year.</i>	Outdoor Recreation	Columbus	Southwest	\$200,000	\$200,000
30733	2	Pit Park/Trees Lake Recreational Improvements	To plan, design, construct, equip, and furnish recreational amenities such as adding green space, playground spaces, and other recreation activities and infrastructure. Phase I has been completed, which was to construct a recreational fishing lake and storage for water reuse. The additional funds are needed to provide outside recreation activities for the public, which will be implemented according to the City's Parks and recreation plan. CDBG funded \$750,000 to build a playground. They used \$3.2 million in local funds for the recreation lake. <i>According to SWNMCOG, Pit Park is located just off of I-10 and attracts many motorists as a resting spot. Additionally, Pit Park attracts many family visitors due to its many amenities, which include a playground, recreation lake, walking path, etc. Approximately 25,550 people recreate at Pit Park annually, with 20% of those being tourists.</i>	Outdoor Recreation	Deming	Southwest	\$2,650,000	\$1,500,000
38446	8	Little Walnut Road (Grant County)	Plan, design, construct, and acquire right of way on Little Walnut Road from Chavez Lane to town limits near Trail Ridge Road to include paving, curb and gutter, sidewalk, and right of way acquisition. Acquisition projected to begin in 2021. Secured professional services and beginning with right of way acquisition and followed state procurement process. <i>According to SWNMCOG, Little Walnut Road connects to the Gila National Forest, which includes trails such as Gomez Peak and the Continental Divide Trail. Additionally, Little Walnut Road also connects to the Little Walnut Picnic Grounds, thereby connecting the road, bike lanes, and sidewalks from the city limits to the Continental Divide Trail Head located at the Town of Silver City Water Works Building. The Little Walnut Picnic Ground has approximately 5,000 to 8,000 visitors annually. **FY23 request is greater in ICIP; however, according to SWNMCOG, \$400,000 is needed for ROW acquisition and design.**</i>	Bike/Pedestrian/ Equestrian	Grant County	Southwest	\$7,310,650	\$400,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
24012	1	Copper Trails Pedestrian and Bicycle Path	Design and construct the Copper Trails bicycle and walking path that connects the mining district. Santa Clara has agreed to be a partner in this effort, which is aimed at reducing obesity in youth. The path is approximately .5 miles. The Village just completed a Road Safety audit and is currently seeking funding for this project.	Outdoor Recreation	Santa Clara	Southwest	\$400,000	\$400,000
14045	3	Little Walnut Road	Plan, design, construct, and acquire right of way on Little Walnut Road from Chavez Lane to town limits near Trail Ridge Road to include paving, curb and gutter, sidewalk and right of way acquisition. Acquisition projected to begin in 2021. Secured professional services and beginning with right of way acquisition and followed state procurement process. <i>According to SWNMCOG, this funding request would complete the project's connectivity to the city limits. This a collaborative effort to expand the path from the Continental Divide Trail Head.</i>	Outdoor Recreation	Silver City	Southwest	\$8,000,000	\$6,725,000
11625	6	Historic Waterworks Rehabilitation Phase 1	Rehabilitate the historic Silver City Waterworks to house the educational and administrative facilities of the Gila Conservation Education Center (GCEC), including a permanent exhibit on the Silver City watershed (natural history, history, and implications of water use and conservation). Unique for its stone construction, the Waterworks consisted of a two-story residential wing for the engineer and family; a pumping room; and a boiler room. (The original well, adjacent to the building, was fed by an elaborate system of underground tunnels.) GCEC plans to use the facility as its organizational headquarters and visitor center, with space for educational activities, programs, and public gatherings. The original pump room would become a water exhibit, and the grounds used for xeriscape demonstration gardens. Vacant for some 40 years, this remarkable building has suffered from deterioration and must be rehabilitated soon if it is to survive and return to public use. It was designated one of New Mexico's "11 Most Endangered" cultural resources by the New Mexico Heritage Preservation Alliance, and also named an official "Save America's Treasures" site. Grants from the New Mexico Historic Preservation Division have funded several engineering and planning studies for the Waterworks over the past ten years, along with some emergency stabilization. GCEC is working with the University of New Mexico School of Architecture to include the Continental Divide Trailhead. <i>According to SWNMCOG, this request would fund a phase of the Historic Waterworks Building, providing a trailhead for the Continental Divide Trail, which will serve as a location for hikers to stop, rest, and pick up any necessary items as they continue to the Gila National Forest/Continental Divide Trail.</i>	Cultural/Historic Facilities	Silver City	Southwest	\$1,014,390	\$720,000

ICIP	Rank	Project Title	Project Description	Category	Entity	COG	Total Cost	FY23 Request
13358	13	Big Ditch	Plan, design and construct a Big Ditch Park compatible with the Town's Greenways Master Plan and Big Ditch Master Plan, to include engineering studies. <i>According to SWNMCOG, the Big Ditch Park runs parallel to Silver City Main Street, which is a State- and Federally-recognized Main Street with 132 businesses, 24 art galleries, 4 antique shops, 22 food and drink establishments, 16 beauty and wellness businesses, two lodging businesses, 27 retail shops, 29 services, and two theaters. Many visitors travel to Silver City is to visit the downtown, which includes the Big Ditch, a riparian area that attracts people to this destination.</i>	Outdoor Recreation	Silver City	Southwest	\$1,400,000	\$400,000
34722	1	Gough Park City Hall Rec Center	To plan, design, equip, and furnish improvements to Gough Park in Silver City. <i>According to SWNMCOG, Gough Park is the main park located in Silver City in which many events are held. Examples of those events include the Blues Festival (attracting approximately 10,000 people), Copper Country Cruisers Car Show, Tour of the Gila, Continental Divide Trail Days, Fourth of July festivities, and a lighted Christmas parade. Additionally, Gough Park leads into downtown as well as to Western New Mexico University, contributing to additional activity.</i>	Outdoor Recreation	Silver City	Southwest	\$12,475,000	\$8,000,000
