Kim Fuller

Author, Motivational/Self Help, Health & Wellness

Kim Fuller is the author of “Finding,” a Tedx speaker, mindful photographer, teacher and coach. Every day we come in contact with other human beings and how we “see” them determines how our interactions will go. Her talks are designed to give you tools to clear your lens by shifting your perspective to seeing the possibility in your relationships; even the ones that are difficult. This practice is helpful in the workplace, in your personal relationships and even with strangers who may push your buttons. We all have challenging people in our lives but we don’t have to let them keep us from our own potential for productivity and peace.

Suzanne McDonald

Motivational/Self Help

Former *Boston Globe* journalist, Suzanne McDonald started Designated Editor with the express purpose of educating clients on all relevant aspects of new media, affordably, thoroughly, and cohesively. McDonald has become the leading purveyor of new media expertise in New England. McDonald’s “techie” forum, in Newport Rhode Island, reaches nearly 1,000 business leaders. Her business has doubled each year since she began. Launched in 2008, Designated Editor specializes in content, search marketing, and social media, integrating targeted messaging and usability across the new media spectrum. Suzanne happily applies her 15 years of daily newspaper experience to the evolving world of new media.

Terry Wildemann, CEC, CPCC, CPBA

Author, Motivational/Self Help, Health & Wellness

Terry Wildemann is an experienced business woman, speaker, coach and author who became certified in various holistic modalities after experiencing multiple burnouts and health crisis. Because of her experience, she has dedicated herself to guiding leaders and entrepreneurs to improve their "inner business game" by springing back from the brink of burnout. They step into the "Quick Shift Zone" that leads the way to competent, confident, credible and coherent leadership behavior. Leaders in Terry's programs evolve into stress resilient and highly intuitive puzzle-solving ninjas by integrating the practical, tactical, logical, physical, energetic, spiritual and emotional sides of themselves.
