About The Off-Broadway League

The Off-Broadway League was founded in 1959 to foster theatrical productions produced in Off-Broadway theatres (productions in Manhattan in venues with 100–499 seats), to assist in the voluntary exchange of information among its members, and to serve as a collective voice of its membership in pursuit of these goals. In the recent years the League has grown to represent an average of 150 individual members and theatres and 100 non-for-profit and commercial shows per season.
