## A SPECIAL PLACE

Oshkosh is a special place  
 It leaves a smile upon my face  
 The only place that I've called home  
 With no desire to leave or roam  
 The clean, safe streets will take you far  
 Whether walking, biking, or driving in a car  
 The small business owners are talented and many  
 Unique gifts that you'll find are worth every penny  
 The restaurants and bars will keep you well fed  
 Leading to wonderful sleep when tucked into bed  
 The schools and child care teachers are the very best  
 We've all learned recently that they must never rest  
 The Boys & Girls Club and the YMCA  
 Are the most wonderful places for children to play  
 The parks and the pool provide outdoor fun  
 A great way to spend a day in the sun  
 The investors here pave the way  
 Moving us forward day by day  
 The children here are happy and free  
 A welcoming thought for parents-to-be  
 The seniors here have things to do  
 Keeping them busy the whole day through  
 The family fun is never ending  
 Invites and tickets they're always sending  
 The helpers here are kind and smart  
 They do their work with joy and heart  
 The city that I love and the place to be  
 Oshkosh is home for you, and for me
