A year-round place of Discovery and Inspiration

Explore 13,000 years of prehistoric and early life in the award-winning People of the Waters. Discover history through engaging exhibitions selected to inspire, inform, and entertain. Marvel at exquisite artwork and decorative arts, stunning carved woodwork and the rich Tiffany treasures in the historic Sawyer home.

The Menominee Clans Story

The *Menominee Clans Story* displays wood figures carved by the Menominee traditional artist, James F. Frechette, Jr. Known by the Menominee as The Little Menominee, the intricately carved and painted

figures stand between twelve and twenty inches high.

Through an indigenous art form of the tribe, Mr. Frechette faithfully captured the cultural dimensions of the ancient clan system depicting dress, symbols, tools, colors, traditions, and many details of the now fast fading way of life.
