

OSHKOSH

MEMORIES

Written by **Imogen Scottberg**, age 7

We love to watch the birds,
Cardinals, finches and chickadees.
We have wood ducks in our trees,
Just watch out for the bumblebees!

We like to go for walks outside,
Especially on a sunny day.
Once we met a naval navigator
Using a sextant at Miller's Bay!

Wisconsin has lots of great places
But Oshkosh is home to me.
I know if you just look around,
You'll see all the great things I see!
