The Herd is really great  
the flying dunks are great  
but do not forget about the grub,  
Maple Pub is really yummy  
if you're looking to put something in your tummy.

Fouls and free throws and three-point galore  
lookout opponents when you head to the Herd floor.

Watch out for Mr. Gillmore he will dunk on you,  
over you, or even to the side of you.  
And don't forget about all-star Adams  
he will shoot from deeper then Lamelo Ball.
