Navigating the Islands

The OBX is home to three National Park Service sites, including Wright Brothers National Memorial (#3 on the Attractions Map).

America's Beach

Dare County's Outer Banks consists of three island areas with a 100+ miles of beautiful ocean shoreline. The Cape Hatteras National Seashore commands much of the expanse, putting you front and center for Mother Nature's show. The barrier islands curve far out into the Atlantic Ocean for a dynamic environment you won't find elsewhere (and quick access to the "blue water" and world-famous deep-sea fishing). One of the best parts is that even on our most crowded weekend, you can find your own stretch of beach, not another person in sight. That's what we call getting away from it all.

Northern Beaches

This is what we collectively call the five oceanfront towns of Duck, Southern Shores, Kitty Hawk, Kill Devil Hills and Nags Head. Of course, they each have their own story and appeal, but generally consider this area to be a bit more buzzing with plenty of restaurants, shopping and lodging options from which to choose. If you've got folks in your group that just have to keep moving, or have more essential needs, this might be the island for you. Wright Brothers National Memorial is located on the Northern Beaches.

Roanoke Island & Dare Mainland

Where it all started. Roanoke Island, with the town of Manteo and village of Wanchese, is known for beautiful waterfront access to Croatan & Roanoke Sounds, offering natural marshes and a variety of recreational and commercial marinas. The centerpiece is a charming downtown with walkable shopping and several nearby attractions celebrating the OBX's place in history as the first attempted English settlement in America. Fort Raleigh Historic Site is located on Roanoke Island.

Hatteras Island

The villages of Hatteras Island appeal to travelers who want to get a little farther away from it all. They have that slightly rustic throwback vacation vibe where it's all about access to the beach and the many ways to enjoy it. Just about everything is a family-owned and operated business, from amazing seafood markets to the motels and inns, and campgrounds near the shore. Go fishing, drive on the beach or climb the tallest lighthouse in the country within America's first National Seashore, Cape Hatteras.

Where Do I Start?

Step 1: Choose a Home Base: Pick an Island, Any Island

The hardest part of planning your trip might be deciding which area or island to call "home base." The good news? You can't go wrong. Some people choose an island, town, village based on the pace and vibe of that area. Other folks figure out the attractions and activities they're interested in and select a place that's most convenient. Either way, you're sure to have plenty of fun stuff to do nearby and the characteristic "island time" of the Outer Banks to help you recharge.

You can get a quick primer on each of the six towns and eight villages of the Outer Banks by loading the QR at the bottom of the page. Or look for the SkyNav 360 video link on the homepage of outerbanks.org and you can virtually visit each of these communities to see for yourself.

Step 2: Choose a Place to Stay

Ok, so you chose an island area for your crew, good job! Next, you'll want to consider where to lay your head at night. The Outer Banks has lodging options to suit every personality and every budget: rock star to rustic, tried-and-true to totally one-of-a-kind. It really depends on the type of experience you'd like to have.

Rental homes with theaters and pools? No problem. Something smaller for fewer people and a shorter stay? Got it. Pet-friendly hotels, motels and cottage courts? Woof-woof (You bet). Campgrounds with and without hookups? Your star burns brightly here. Bed & Breakfasts that'll make your heart beat faster? We love it.

The biggest drivers of cost are going to be the season you wish to visit (Tip: you can save a bundle by visiting in spring, fall and winter), how close you'd like to be to the ocean and the amenities you'd like to have.

Step 3: Make It Happen

A couple of things to know. Most of our overnight accommodations are rental homes managed by local, professional companies. These rental homes tend to require week-long stays, at least during summer, and the majority of summer homes are booked by the end of January. Pro tip: Plan your summer vacation to the OBX during Thanksgiving or Christmas when the extended family is already together.

Getting Here & Getting Around

The barrier islands of the Outer Banks are surrounded by water. That means you'll either be coming in on the bridge from the north (the Wright Memorial Bridge aka US 158), the bridge from the west (the Virginia Dare Bridge aka US 64), or by ferry from the south. Though the OBX feels away from it all, most of the country's population is less than a day's drive away.

Here are some tips to avoid the heaviest summer traffic: 1. Consider a season other than summer -Spring and fall are great times for enjoying the beach (favorite seasons, in fact, for many

locals) but with far less traffic; 2. Consider a check-in day other than Saturday. Most of the summer week-long stays run Saturday-Saturday. Consequently, Friday and Sunday check-ins experience significantly fewer cars on the bridges coming and going; 3. Consider a route that ends with US 64. Most visitors arrive on US 158 from the north. So even though you may add a few miles by circling around to US 64 East (if traveling from the north), summer travel times are often reduced dramatically.

Once here, you'll notice how easy it is to get to the water... and that nearly all of Dare County's public parking is free of charge. In the back of this Guide, we've provided a list of beach and estuarine sound access points and the amenities found at each, such as, lifeguarded beaches, restrooms, bath houses and accessibility assistance.

Cars aren't the only way to get around, though. The Outer Banks is home to a great collection of paths and roadways for cycling. The OBX also has three maritime forests, nature preserves and conservation areas that are just perfect for hiking.

RULES OF THE ROAD

With so much to see and do along our 100 miles of barrier islands, understanding how to get around is important. Here are a few tips:

- The Northern Beaches have two main roadways: US158 (aka "The Bypass") and NC12 (aka "The Beach Road"). Between Kitty Hawk and Nags Head, The Bypass and NC12 run parallel to one another.
- The Bypass is a 4-lane highway with a shared interior turn lane. Slower traffic should stay in the outside lane. Leave the inside lane for passing. Few things will lose you cool points with the Locals faster than driving slowly in the inside passing lane.
- The Bypass' shared middle lane can also be used to make left-hand turns easier (get to the middle lane and wait for a break in the traffic to merge in), but since others are pulling in and out of that lane, too, don't use it like an on-ramp. Stay put until there's a break in traffic.
- NC12 continues down through Hatteras Island. It's THE main road on Hatteras Island and an iconic drive not to be missed (part of the Outer Banks National Scenic Byway).
- NC state law requires that cars stop for pedestrians at the yellow crosswalk signs. It's the law and it saves lives. Meanwhile, be aware of upcoming crosswalk signs in case the car in front of you stops suddenly.
- You'll notice little green signs occasionally, like the one in the picture above. The numbers are sequential and mark miles. These mileposts are often used by businesses to say where they are, "We're at milepost 6." Now you know!

Scattered along the Outer Banks like a handful of shells flung on the beach, from Corolla to Ocracoke, you'll find seven independently owned bookstores. And just like finding that perfect shell, discovering each of these stores is an unexpected delight.

Every store is unique both in location and inventory. Naturally, you'll find their shelves stocked with all manner of Outer Banks books. But each also offers their own handpicked selection. Look for newly released fiction, intriguing and relevant non-fiction, books for the young readers and so much more from cookbooks to Southern lit, memoirs and self-help, and of course all the titles that are trending.

In short, every reader will find "the perfect shell" or- as so often happens- a lot of new discoveries they weren't even looking for!

North to South here's where we are:

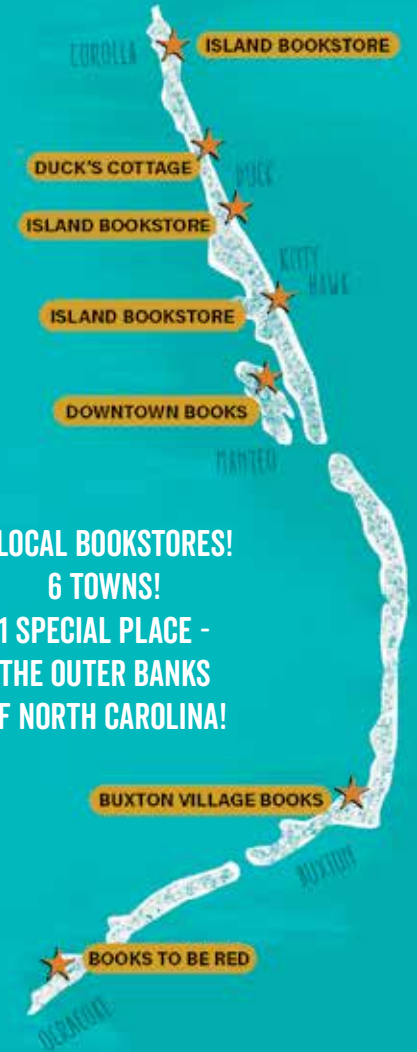

Susan Sawin recently took the reins of the three long established Island Bookstores. The Corolla store is a reproduction of an historic Corolla retail space. In Duck you can wander Scarborough Faire for hours or sit and read your purchases on their shady deck while the Kitty Hawk store is conveniently located in a plaza adjacent to many popular shops.

Jamie Hope Anderson started her bookseller life as the book buyer at Duck's Cottage Coffee & Books (Waterfront Shops in Duck) filling the shelves with books for vacationers. In 2012, she opened Downtown Books on Roanoke Island in a location that had long housed a bookstore and continues to anchor downtown Manteo. Heavily engaged in civic and school activity this store is truly a community bookstore.

Right on Highway 12, just a mile South of the Cape Hatteras Lighthouse, you'll find Buxton Village Books. Gee Gee Rosell launched her adventure in 1984 in a Civil War era cottage. Recently renovated, you can see many of the original architectural features including ship's timber rafters. With a broad and deep inventory, you'll be pleasantly surprised to find such a sophisticated selection on an island 30 miles out to sea!

Hop onto the ferry to head to Ocracoke Island and wind up at Books to be Red. Nestled under a grove of live oaks, this cottage is a vintage charmer. Leslie Lanier, Southerner by birth (hailing from Georgia) offers a fun and unique selection of gift items (many hand-crafted) alongside all the titles you'd want for your vacation reading. Her kids' books selection is terrific!

**FORT RALEIGH
NATIONAL HISTORIC SITE**
More than four-and-a-quarter centuries ago in this grove of coastal woodland outside Manteo, the first explorers from England set forth a chain of events that would give rise to the greatest nation on earth.

ELIZABETHAN GARDENS
Located within Fort Raleigh National Historic Site, The Elizabethan Gardens encompasses ten acres of botanical and sculptural delights. A monumental bronze sculpture of Queen Elizabeth I, ancient Italian Renaissance statuary, Elizabethan elements and the solitary figure of Virginia Dare provide continuity to constantly changing flora. Horticultural collections are extensive, and annual color planted every season gives The Gardens a different perspective throughout the year.

THE FREEDMAN'S COLONY
Recognized as a historic National Underground Railroad Network to Freedom Site. A marker was erected in 2001 to designate the site of a permanent colony on Roanoke Island between 1862 and 1867. Most of its 3,000 residents had been slaves three years earlier in northeastern North Carolina. A path through the woods north of Fort Raleigh leads visitors to a commemorative park along Croatan Sound.

THE LOST COLONY OUTDOOR DRAMA
Over thirty years before the Pilgrims landed at Plymouth Rock, a group of 117 weary men, women and children waded ashore and made history on Roanoke Island in July 1587, establishing the first attempted settlement of its kind in the Americas. Three years later, these pioneers had vanished into the great wilderness and into folklore. Their story is reenacted every summer during performances of *The Lost Colony* at the Waterside Theater on the grounds of Fort Raleigh.

Hatteras Island

Rodanthe | Waves | Salvo | Avon | Buxton | Frisco | Hatteras

Hatteras Island, in many ways, is the soul of the Outer Banks – where even residents from neighboring islands go to really connect with nature. Iconic NC12, a single two-lane road, passes through the Pea Island National Wildlife Refuge and Cape Hatteras National Seashore. Simple, pure. Remarkable.

America’s First National Seashore

Cape Hatteras National Seashore was legislated by Congress in 1937 and officially opened to the public in 1953 -- the first coastal designation of its kind. For Outer Banks visitors, it provides recreational access to the largest stretch of undeveloped shoreline on the East Coast. Cape Hatteras holds the title for having the biggest surfing waves on the Atlantic coast, which can also be challenged by kiteboarders. On the Pamlico Sound, there’s windsurfing in some favored spots and kayaking through the marsh grasses to get you up close to nature. Miles and miles of beach driving trails are open at all times, though the routes change seasonally throughout the year to let sea turtles and nesting shorebirds have their space. **Be sure to get a permit online for beach driving at recreation.gov** if you want to try that out. We did mention the legendary surf fishing, right?

There are a lot of ways to have fun on the National Seashore and throughout the Outer Banks, but you’ll want to be sure to comply with the rules for each area as they vary. The QR code below will keep you on the right side of the law and focused on the good times ahead! Or, give us a call at (877) 629-4386 and we’ll point you in the right direction.

Beach

Information & Safety

Love the Beach, Respect the Ocean

The beaches and waters of the Outer Banks can be beautiful, restorative and awe-inspiring, but always remember, it's a wild environment. We want you to have an amazing experience and return for years to come. Please share these tips with your family and fellow travelers to help ensure everyone's safety!

More beach safety information is available through CURRENTTV, along with important videos concerning shorebreak, rip currents and marine life. Check them out at CURRENTTV.org

Weather.gov/Safety/BeachHazards

No matter where you go you'll find numerous beach and sound accesses, all with free parking. You'll see lifeguards on many of our beaches from Memorial Day through Labor Day weekend. Need something? Ask, they are there to help. Call the town or village where you are staying for details or visit our website at outerbanks.org/plan-your-trip/beaches. Beach visitors are encouraged to take their belongings with them when they leave the beach for the day, including tents, chairs and umbrellas. Some towns have passed ordinances against leaving items on the beach overnight. It is highly recommended that you not dig deep holes in the sand. Not only is it unsafe, but it may be illegal in some towns. The use of off-road vehicles (ORV's) is a long-standing way for visitors to enjoy the beaches and soundside water. Some beaches require ORV permits, find out more at outerbanks.org/outerbanks-driving-on-the-beach.

**Life takes you down many paths,
but the best ones lead to the beach.**

Whether you are looking for the perfect place to vacation or seeking to invest in your own Outer Banks beach house, we offer unprecedented service in making your experience the best it can be. Kick off your shoes and stay a while!
