# Love It Like A Local

Welcome to The Outer Banks of North Carolina. Whether this is your first time with us or we're your family vacation tradition, we hope you love it here as much as we do.

The team at the Outer Banks Visitors Bureau isn't just a team of travel planning experts, we call this place home. We've taken on a long-range tourism management plan to keep the Outer Banks the Outer Banks - natural, wild, and free. We've partnered with community nonprofits to create voluntourism opportunities for visitors and residents to give back to the place that gives so much ([outerbanks.org/voluntourism](#)), and we are striving to create an Outer Banks that is accessible for all to enjoy.

This guide is filled with the information we think will help plan your trip and perhaps discover a side of us you've not experienced before. Don't be shy - if you have questions, reach out to us on social media. Or email us ([information@outerbanks.org](mailto:information@outerbanks.org)). Chat with us at [outerbanks.org](#). Or pick up the phone and call (yes, we still do that and you'll speak with a real person!) at 877 629 4386.

Now, let's get started planning your vacation!

# Navigating the Islands

Dare County's Outer Banks consists of three island areas with a 100+ miles of beautiful ocean shoreline.

The Cape Hatteras National Seashore commands much of the expanse, putting you front and center for Mother Nature's show. The barrier islands curve far out into the Atlantic Ocean for a dynamic environment you won't find elsewhere (and quick access to the "blue water" and world-famous deep-sea fishing). One of the best parts is that even on our most crowded weekend, you can find your own stretch of beach, not another person in sight. That's what we call getting away from it all.

# Where Do I Start?

## Step 1: Choose a Home Base: Pick an Island, Any Island

The hardest part of planning your trip might be deciding which area or island to call "home base." The good news? You can't go wrong. Some people choose an island, town, village based on the pace and vibe of that area. Other folks figure out the attractions and activities they're interested in and select a place that's most convenient. Either way, you're sure to have plenty of fun stuff to do nearby and the characteristic "island time" of the Outer Banks to help you recharge.

## Step 2: Choose a Place to Stay

Ok, so you chose an island area for your crew, good job! Next, you'll want to consider where to lay your head at night. The Outer Banks has lodging options to suit every personality and every budget: rock star to rustic, tried-and-true to totally one-of-a-kind. It really depends on the type of experience you'd like to have.

Rental homes with theaters and pools? No problem. Something smaller for fewer people and a shorter stay? Got it. Pet-friendly hotels, motels and cottage courts? Woof-woof (You bet). Campgrounds with and without hookups? Your star burns brightly here. Bed & Breakfasts that'll make your heart beat faster? We love it.

The biggest drivers of cost are going to be the season you wish to visit (Tip: you can save a bundle by visiting in spring, fall and winter), how close you'd like to be to the ocean and the amenities you'd like to have.

## Step 3: Make It Happen

A couple of things to know. Most of our overnight accommodations are rental homes managed by local, professional companies. These rental homes tend to require week-long stays, at least during summer, and the majority of summer homes are booked by the end of January. Pro tip: Plan your vacation to the OBX during Thanksgiving or Christmas when the extended family is already together.

# Getting Here & Around

The barrier islands of the Outer Banks are surrounded by water. That means you'll either be coming in on the bridge from the north (the Wright Memorial Bridge aka US 158), the bridge from the west (the Virginia Dare Bridge aka US 64), or by ferry from the south. Though the OBX feels away from it all, most of the country's population is less than a day's drive away.

Here are some tips to avoid the heaviest summer traffic: 1. Consider a season other than summer –Spring and fall are great times for enjoying the beach (favorite seasons, in fact, for many locals) but with far less traffic; 2. Consider a check-in day other than Saturday.

**Outer Banks  
Ferry Schedules**

**Hidden OBX  
Hiking Spots**

**Biking Maps  
& Trails**

Most of the summer week-long stays run Saturday-Saturday. Consequently, Friday and Sunday check-ins experience significantly fewer cars on the bridges coming and going; 3. Consider a route that ends with US 64. Most visitors arrive on US 158 from the north. So even though you may add a few miles by circling around to US 64 East (if traveling from the north), summer travel times are often reduced dramatically.

Once here, you'll notice how easy it is to get to the water...and that nearly all of Dare County's public parking is free of charge. In the back of this Guide, we've provided a list of beach and estuarian sound access points and the amenities found at each, such as, lifeguarded beaches, restrooms, bath houses and accessibility assistance.

Cars aren't the only way to get around, though. The Outer Banks is home to a great collection of paths and roadways for cycling. The OBX also has three maritime forests, nature preserves and conservation areas that are just perfect for hiking.

# RULES OF THE ROAD

With so much to see and do along our 100 miles of barrier islands, understanding how to get around is important. Here are a few tips:

- The Northern Beaches have two main roadways: US158 (aka "The Bypass") and NC12 (aka "The Beach Road"). Between Kitty Hawk and Nags Head, The Bypass and NC12 run parallel to one another.
- The Bypass is a 4-lane highway with a shared interior turn lane. Slower traffic should stay in the outside lane. Leave the inside lane for passing. Few things will lose you cool points with the Locals faster than driving slowly in the inside passing lane.
- The Bypass' shared middle lane can also be used to make left-hand turns easier (get to the middle lane and wait for a break in the traffic to merge in), but since others are pulling in and out of that lane, too, don't use it like an on-ramp. Stay put until there's a break in traffic.
- NC12 continues down through Hatteras Island. It's THE main road on Hatteras Island and an iconic drive not to be missed (part of the Outer Banks National Scenic Byway).
- NC state law requires that cars stop for pedestrians at the yellow crosswalk signs. It's the law and it saves lives. Meanwhile, be aware of upcoming crosswalk signs in case the car in front of you stops suddenly.
- You'll notice little green signs occasionally. The numbers are sequential and mark miles. These mileposts are often used by businesses to say where they are, "We're at milepost 6." Now you know!

# Northern Beaches

Duck | Southern Shores | Kitty Hawk | Kill Devil Hills | Nags Head

The Outer Banks is known for its open spaces. Where the horizon stretches out, the mind clears. The Northern Beaches offers plenty of such gems. The top of Big Kill Devil Hill (aka Wright Brothers National Memorial), the vast sand dunes of Jockey's Ridge perhaps lead the way but dig a little more and you'll find adventures and sights in all directions. For instance, the trails of Nags Head Woods maritime forest, the Duck Boardwalk panorama, the salty goodness of area fishing piers. The five towns here seem to flow from one to the next, but each has its own personality. That's part of the fun. The families and travelers that choose the Northern Beaches appreciate its extra options and conveniences. At its core, though, you'll find the same sense of wonder and inspiration that welcomed the Wright Brothers.

**Jockey's Ridge State Park, Nags Head**  
Jockey's Ridge was established as a State Park nearly 50 years ago. When the 427 acre area was threatened by development in the 1970s, local citizens banded together to protect and preserve this incredible natural setting, See #4 on the Attraction Map.

# Roanoke Island & Dare Mainland

Manteo | Wanchese | Manns Harbor | East Lake | Mashoes | Stumpy Point

Dare County is home to many firsts -- starting with the first attempted English settlement in the New World (Roanoke Island). Following the Civil War, the Freedman's Colony was established on the northern end of Roanoke Island. You can visit both sites at Fort Raleigh National Historic site. It's also home to a rich maritime heritage of seafood and boat building. Experience both in the Village of Wanchese, on the island's southern tip. Along the mid and northern parts of Roanoke Island, you'll find the Town of Manteo. The walkable downtown area is filled with unique shops and galleries, and the town is bustling. The island also hosts other historic attractions and the NC Aquarium on Roanoke Island. Venture inland to check out the Alligator River National Wildlife Refuge with black bears, red wolves and alligators. Oh my!

**THE LOST COLONY OUTDOOR DRAMA**  
Over thirty years before the Pilgrims landed at Plymouth Rock, a group of 117 weary men, women and children waded ashore and made history on Roanoke Island in July 1587, establishing the first attempted settlement of its kind in the Americas. Three years later, these pioneers had vanished into the great wilderness and into folklore. Their story is reenacted every summer during performances of *The Lost Colony* at the Waterside Theater on the grounds of Fort Raleigh, #16 on the Attraction Map.

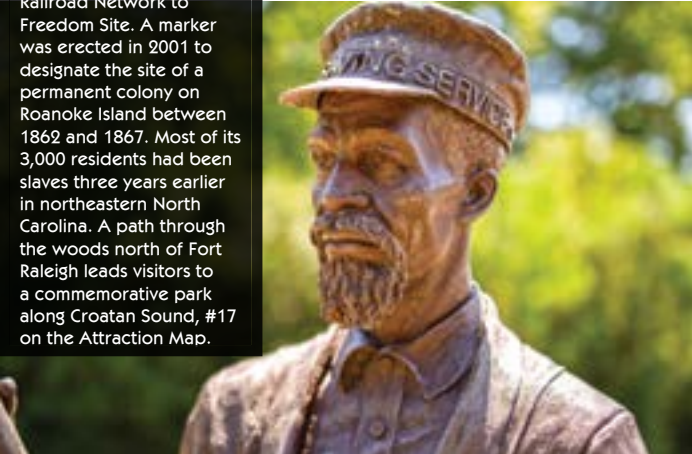

**FORT RALEIGH  
NATIONAL HISTORIC SITE**

More than four-and-a-quarter centuries ago in this grove of coastal woodland outside Manteo, the first explorers from England set forth a chain of events that would give rise to the greatest nation on earth, #14 on the Attraction Map.

**ELIZABETHAN GARDENS**  
The Elizabethan Gardens encompasses ten acres of botanical and sculptural delights. A monumental bronze sculpture of Queen Elizabeth I, ancient Italian Renaissance statuary, Elizabethan elements and the solitary figure of Virginia Dare provide continuity to constantly changing flora. Horticultural collections are extensive, and annual color planted every season gives The Gardens a different perspective throughout the year, #15 on the Attraction Map.

**THE FREEDMAN'S COLONY**  
Recognized as a historic National Underground Railroad Network to Freedom Site. A marker was erected in 2001 to designate the site of a permanent colony on Roanoke Island between 1862 and 1867. Most of its 3,000 residents had been slaves three years earlier in northeastern North Carolina. A path through the woods north of Fort Raleigh leads visitors to a commemorative park along Croatan Sound, #17 on the Attraction Map.

# Hatteras Island

Rodanthe | Waves | Salvo | Avon | Buxton | Frisco | Hatteras

Home to the First National Seashore, Cape Hatteras, the island holds appeal for those looking to “get away from it all.” Hatteras Island is home to seven villages, intertwined with the National Seashore. Like maritime history? Well, before the Coast Guard existed, the Life Saving Service established stations along the coast to aid vessels. The tallest lighthouse on the East Coast, Cape Hatteras Lighthouse, still warns mariners about the treacherous shoals of the “Graveyard of the Atlantic.” A birders paradise, hundreds of migrating bird species like Snow Geese pass through the Pea Island National Wildlife Refuge each year, and it isn’t uncommon to spot whales off the coast. It’s the wildest place around (not to mention some of the finest kiteboarding, surfing and windsurfing on the East Coast and beyond).

# America's First National Seashore

Cape Hatteras National Seashore was legislated by Congress in 1937 and officially opened to the public in 1953 -- the first coastal designation of its kind. For Outer Banks visitors, it provides recreational access to the largest stretch of undeveloped shoreline on the East Coast. Cape Hatteras holds the title for having the biggest surfing waves on the Atlantic coast, which can also be challenged by kiteboarders. On the Pamlico Sound, there's windsurfing in some favored spots and kayaking through the marsh grasses to get you up close to nature. Miles and miles of beach driving trails are open at all times, though the routes change seasonally throughout the year to let sea turtles and nesting shorebirds have their space. Be sure to get a permit online for beach driving at recreation.gov if you want to try that out. We did mention the legendary surf fishing, right?

There are a lot of ways to have fun on the National Seashore and throughout the Outer Banks, but you'll want to be sure to comply with the rules for each area as they vary. The QR code below will keep you on the right side of the law and focused on the good times ahead! Or, give us a call at (877) 629-4386 and we'll point you in the right direction.

## Information & Safety

### Love the Beach, Respect the Ocean

The beaches and waters of the Outer Banks can be beautiful, restorative and awe-inspiring, but always remember, it's a wild environment. We want you to have an amazing experience and return for years to come. Please share these tips with your family and fellow travelers to help ensure everyone's safety!

More beach safety information is available through CURRENTTV, along with important videos concerning shorebreak, rip currents and marine life. Check them out at [CURRENTTV.org](http://CURRENTTV.org)

[www.lovethebeachrespecttheocean.com](http://www.lovethebeachrespecttheocean.com)

No matter where you go you'll find numerous beach and sound accesses, all with free parking. You'll see lifeguards on many of our beaches from Memorial Day through Labor Day weekend. Need something? Ask, they are there to help. Call the town or village where you are staying for details or visit our website at [outerbanks.org/plan-your-trip/beaches](http://outerbanks.org/plan-your-trip/beaches). Beach visitors are encouraged to take their belongings with them when they leave the beach for the day, including tents, chairs and umbrellas. Some towns have passed ordinances against leaving items on the beach overnight. It is highly recommended that you not dig deep holes in the sand. Not only is it unsafe, but it may be illegal in some towns. The use of off-road vehicles (ORV's) is a long-standing way for visitors to enjoy the beaches and soundside water. Some beaches require ORV permits, find out more at [outerbanks.org/drivingonbeaches](http://outerbanks.org/drivingonbeaches).
