PROGRAM OFFERINGS

The Coastal Studies Institute will offer a variety of new virtual experiences for K-12 audiences in 2020-2021. There are a variety of materials available for teachers and students to use to explore subjects in coastal science while away from their classrooms. The virtual programming available can be found at <https://bit.ly/CSITeacherResources>.

Programs include a variety of different options for length, topics, and the amount of oversight required from a teacher.

INTERACTIVE VIRTUAL PROGRAMS

Programs with an educator at CSI that virtually will cover different topics including, Estuary Ecosystems, Shipwrecks and Ocean Energy. These programs include videos, an activity and time for interactive questions with a CSI educator.

LESSON PLANS, STUDENT ACTIVITIES & VIDEOS

CSI has developed a series of standards-based lesson plans, engaging take home student activities, and informative science videos on a variety of topics that will complement your classroom curriculum.

INTERESTED IN CSI'S VIRTUAL PROGRAMS FOR YOUR CLASSROOM?

Please contact David Sybert at sybertd@ecu.edu or 252-475-5451 for any questions or to schedule a program. Let us know what we can do to work with your students virtually!
