Summer

Long days and beautiful nights call for family, friends, and good fresh food.

Grab a beautifully arranged bouquet or cut your own to brighten your spirits and space.

Make Salad Dressing

3 parts oil, 1 part vinegar (or citrus). Add herbs, mustard to taste or go sweet adding honey.

Saves money and is delicious.

Fall

As Summer comes to an end, before the holidays creep in, is the season of pumpkin spice, apple cider and cozy soups.

Tips for Fall:

Short on time but love applesauce? Make it in the slow cooker.

Don't forget there are fall raspberries and strawberries till frost.

Making a jack-o-lantern or eating a squash? Toast the seeds for snacking or adding to salads.

Skip the canned pumpkin. Cook and freeze pumpkin for great savings and extra flavour.

Make Veggie Broth

Keep a container of your clean edible veggie trimmings in the freezer. When it is full make veggie broth. Basic items that make good broth include: onion, garlic, leek, mushrooms, herbs peppers, tomatoes, carrots & celery.

Always in Season:

You can eat local year-round in Oxford.

- 1) Several farms grow a variety of greens, even in the winter
- 2) Enjoy cheese inspired by different countries around the world.
- 3) Pork, beef, lamb, chicken, turkey or bison. There are a wealth of options for proteins fresh from the farm.
- 4) Sweeten your recipes with honey and maple syrup made here in the county.
- 5) Cheers with craft beers, brew locally-roasted coffees, and sip on whole milk or in December Eggnog!
- 6) To market we go! Shop at farmers' markets and shops open through Winter.
- 7) Purchase pickles and preserves or plan ahead to make your own.

Farmer's Market & Farm Retail

Located in the heart of Ontario's agricultural hub, you can find fresh fruits, vegetables, meat, honey, syrup, eggs, award-winning cheese and more. Talk food with the farmers who grow it, let the seasons dictate what you eat and taste the difference that local makes.

Shop year-round at the Woodstock Farmers' Market and seasonal markets in Ingersoll, Tilsonburg & Norwich.

Find information on farmer's markets and farm retail on the flip-side of this brochure.

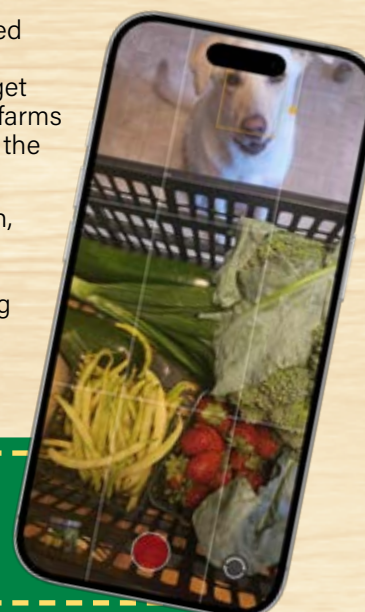

Community Supported Agriculture

Community Supported Agriculture program allow consumers to get subscriptions at local farms for a weekly share of the harvest.

You get a box of fresh, seasonal produce straight from a local farm while supporting local agriculture and the community process.

Snap a shot of your produce box delivery and tag us on social.

Tips for Visiting a Pick-Your-Own Farm

- Call ahead for patch conditions.
- Choose time to visit & prepare. Dress for the weather & field, bring a water bottle to stay hydrated.
- Talk to the farmers and their team: get extra tips on the best way to pick, which rows have which variety, and what has been over or under picked.
- Respect the rows: watch where you're walking and pick what is fresh.
- Bring picking supplies: cutting tools (flowers, broccoli, asparagus), shovel (for potatoes), pail for flowers, baskets, coolers and bags, to bring your bounty home.
- Protect your pick: don't overfill or pack down containers.
- Pick only what you need: Produce doesn't keep forever. Consider the amount and what you're using them for.

Oxford County's guide to farms, food and local fare.

Meet a grower, shop the farm.

This guide is a partnership between two groups that love to promote local, Oxford County Federation of Agriculture and Tourism Oxford. Together, agriculture and tourism are putting Oxford County on the map.

Supporting local food is a lifestyle choice to be in tune with the seasons and the food products our county has to offer. Travel the back roads of Oxford County and sample award winning cheeses, fresh picked produce, the finest meats, syrups, grains and so much more. Meet the farmers, become a regular at the market and experience rural life in Oxford County.

Use this map to shop the farms growing your food, and find the markets supporting Oxford County and Ontario growers.

Harvesting Community Strength

Local food feels good. Local markets foster community, connection, and social interaction.

66 cents of every dollar spent at a small business stays local versus only 11 cents spent at a multinational retailer. [Canadian Federation of Independent Businesses].

If every household in Ontario spent \$10 a week on local food, we would have an additional \$2.4 billion in the Ontario economy and create 10,000 new jobs [Sustain Ontario].

Studies show that outdoor play and contact with animals can reduce stress and improve overall well-being in children. [The Child Mind Institute] Plus, they're adorable!

Food sourced locally often gets to the consumer faster than food transported long distances, so it is fresher when it hits your table. [Canadian Food Focus]

Ontario's agriculture and food industry employs 1 in 10 Ontarians. [Ministry of Agriculture, Food, and Rural Affairs]

Adapting recipes and being flexible with what's in your fridge can help you make the most of your grocery budget. [Foodland Ontario]

Experience Oxford Fresh
