ACTIVITIES

Deep Dive the "Wreck Diving Capital of the South"

Known for some of the best shipwreck diving on the Gulf Coast, Panama City Beach is a premier diving destination for both beginner and advanced divers. Guests can become scuba certified with <u>Dive Locker</u> and discover hidden, underwater treasures, including the destination's newest artificial reef, the former <u>El Dorado Cruise Liner</u>. Whatever a person's level of diving experience, the ideal underwater adventure awaits as divers will get up close and personal with octopus, grouper and other colorful wildlife that frequent these waters.

Explore the Gulf Of Mexico with a Snorkeling Adventure

For those who don't have their diving certification, snorkeling off the coast of the secluded <u>Shell Island</u> is the perfect way to explore Panama City Beach's crystal clear emerald green waters. An undeveloped seven-mile stretch of white sand, Shell Island is located just across the pass from <u>St. Andrews State Park</u>. The waters between the island and the mainland also happen to be home to one of the world's highest concentrations of bottlenose dolphins- a breathtaking sight to experience both from the water and onshore.

Deep Sea Game Fishing

The crystal-clear depths of Panama City Beach's sandy shores are home to a vast array of wildlife for adrenaline pumping offshore fishing. Novice and experienced anglers can reserve a <u>fishing charter</u> for a deep sea catch-and-release experience in the Gulf of Mexico to see why Panama City Beach is known for its world-class fishing. Guides can help reel in those king mackerel, blues, redfish, flounder, pompano hardtail and cobia—all common in the area.

Jet Set on a Jet Ski

Guests looking to chart their own course can enjoy a day of freedom on the water with an unguided <u>Jet Ski Tour</u>, feeling the Gulf spray and warm sun as they sail across the waves on a Yamaha Vx110.

Spot Wildlife on a Paddleboard

Beach lovers can surf the waves via paddleboard on Panama City Beach's protected and open waters like the <u>Grand Lagoon</u>, St. Andrews Bay and various cold springs, rivers and lakes in the region. While paddleboarding, guests can spy rays, fish, sea turtles, dolphin and other wildlife beneath the water's surface.
