Ms. Lynch

The aircraft over your area is due to the use of Runway 14/32 (the crosswind).
The TFR's issued during a Presidential visit are governed by the Secret Service and used to insure his protection.

Runway 14/32 is used more often during these periods to avoid penetrating the protected area.

Thank You

Casandra R. Davis
Manager, Noise Abatement & Community Affairs

Comment and Suggestion Form

General Information	
First Name:	Anne
Last Name:	Lynch
Email:	annelynchpa@aol.com
Comments:	I have low flying commercial aircraft over my house every few minutes. We are not insulated for this noise pollution, and it is adversely impacting my quality of life and use of my property. This is unacceptable. Why are the flights being diverted directly over my house? Because Donald Trum is in town? This should not justify the noise and literal pollution we are suffering in this neighborhood. We are too close to the airport. If you want to pay to insulate my house and clean the exterior of our houses repeatedly, then you need to address this issue. If not, stop sending these planes over this neighborhood. I am at 721 Winters Street, West Palm Beach, FL 33405 and I can be reached at (561) 249-5915. Anne Lynch
