

Hold your next COVID-safe business event in Perth, Western Australia

Business Events Perth wants to support you to event safely in Western Australia.

Its safe to meet again in Perth and to keep delegates, exhibitors and business event organisers safe, venues are required to undertake a range of measures including maintaining contact registers using the State Government's SafeWA app, as an easy and secure way to contact trace. All staff working in tourism and hospitality must complete the Australian Hotels Association (WA)'s hygiene training course, to ensure venues can provide a COVID-safe event experience.

Gathering restrictions in Western Australia means events with more than 500 patrons must have a COVID Event Plan. Seated venues can now have 75 per cent capacity and standing venues are limited to one person per two square metres.

Function venues

WA venues safety measures include:

Contact tracing

- All local businesses are required to maintain contact registers including date, time, name and phone number of visitors.
- A new app SafeWA is now available providing an easy, secure and quick way to check in using QR codes.

New training and education

- Appointment of a venue COVID Safety Manager
- AHA WA hygiene training for all staff
- Hygiene reminder notices around venue for delegates

Hand hygiene

- Hand sanitisation stations at all entries and exits
- Mandatory sanitising upon venue entry
