

Data Sources

The accommodation data in this report is sourced from various sharing economy platforms in the Destination Perth Region, such as AirBNB, Booking.com, Tripadvisor and Stayz. The accommodation supply from these booking platforms is **5,912 unique listings**, providing an estimated capacity of **35,696 visitors**. Note the capacity excludes some operators who may not advertise on these platforms.

Mobility data is sourced from millions of opt in anonymous devices around Australia who have elected to share their location data via applications.

While Localis endeavours to ensure the methodologies and data used in this report are best practice and as accurate as possible, it is agreed and understood that the client accepts sole responsibility for how the data is used. Localis accepts no responsibility for any loss incurred as a result of using this data.
