

PORT EVERGLADES TARIFF NO. 12

Item No. 1054–Fire fighting agents.

Issue No. 2

Effective Date: October 1, 2021

Fire fighting foam used from inventory by any one company is to be replaced in inventory on a gallon-for-gallon basis by that company in a timely manner, within fifteen (15) working days, unless written permission for an extension of time from the Fire Chief or the designee of the Broward Sheriff's Office Department of Fire Rescue and Emergency Services is granted. Foam is to be to the specifications of and stored in a location at Port Everglades as designated by the Broward Sheriff's Office Department of Fire Rescue and Emergency Services at Port Everglades.

Fire fighting agents such as dry chemical powder and liquid foam may, upon request made in writing to the Fire Chief or the designee of the Broward Sheriff's Office Department of Fire Rescue and Emergency Services at Port Everglades ("BSO Fire Rescue"), be furnished to the requesting party. Said party shall replace all fire fighting agents with an amount equal to that used and in type, as specified by BSO Fire Rescue to insure compatibility with the other supplies of fire fighting agents on hand. The Port Everglades Department will not provide, without the prior approval of BSO Fire Rescue, any transportation nor furnish related labor or equipment to relocate fire extinguishing agents from their storage facility to the borrower's location. Further, notwithstanding any other provision of this Tariff, BSO Fire Rescue may refuse any such request(s) when such refusal shall be deemed to be in the best interests of the Port Everglades Department. The Port Everglades Department, neither expressly nor impliedly, warrants or otherwise guarantees any product furnished.
