

## **PORT EVERGLADES TARIFF NO. 12**

### **Item No. 1054–Firefighting Agents.**

*Issue No. 4*

*Effective Date: October 1, 2025*

Firefighting liquid foam, nitrogen, and dry chemical powder used from inventory by any one company is to be replaced in inventory on a gallon-for-gallon basis by that company in a timely manner, within fifteen (15) working days, unless written permission for an extension of time from the Fire Chief or the designee of the Broward Sheriff's Office, Department of Fire Rescue and Emergency Services is granted. Foam is to be to the specifications of and stored in a location at Port Everglades as designated by the Broward Sheriff's Office, Department of Fire Rescue and Emergency Services at Port Everglades.

Firefighting agents such as dry chemical powder and liquid foam may, upon request made in writing to the Fire Chief or the designee of the Broward Sheriff's Office, Department of Fire Rescue and Emergency Services at Port Everglades ("BSO Fire Rescue"), be furnished to the requesting party. Said party must replace all firefighting agents with an amount equal to that used and in type, as specified by BSO Fire Rescue to insure compatibility with the other supplies of firefighting agents on hand. The Port Everglades Department will not provide, without the prior approval of BSO Fire Rescue, any transportation nor furnish related labor or equipment to relocate fire extinguishing agents from their storage facility to the borrower's location. Further, notwithstanding any other provision of this Tariff, BSO Fire Rescue may refuse any such request(s) when such refusal is deemed to be in the best interests of the Port Everglades Department. The Port Everglades Department does not, either expressly or impliedly, warrant or otherwise guarantees any product furnished, and expressly disclaims all such warranties and guarantees.
