LOOKING FOR A SPEAKER?

Meeting and convention planners are often tasked with finding knowledgeable and engaging speakers, who are experts in their chosen fields. **The Providence Warwick Convention & Visitors Bureau (PWCVB) created the Rhode Island Speaker Directory to streamline this process for planners.**

Rhode Island's wealth of educational and innovative resources, including numerous colleges and universities, a thriving health care industry, and notable corporate headquarters makes it a natural home to a well-rounded array of potential speakers. The **Rhode Island Speaker Directory** links planners with these experts across a variety of fields and academic disciplines, who live and/or work in the state.

Contact your PWCVB sales or services representative to connect you to the right speaker for your program or email:
