# 30 Day Forward Outlook Chart

## Overview

- Destination Queenstown has developed a 30 day forward outlook chart indicating the current levels of accommodation occupancy in Queenstown. This is based on collated information from multiple data sets covering commercial and non-commercial accommodation. The 30 day forward outlook chart is weighted 70% on currently booked forward occupancy rates and 30% on predictive forward booking data.
- The objective of this 30 day forward outlook chart is to assist local tourism businesses like activities, attractions, retail, bars and restaurants to manage their operating days/hours, supply and staffing in alignment with the forward outlook.

## Frequency

- DQ will publish the report monthly for the upcoming 30 day period - published in the last week of each month. There will be a fortnightly refresh mid-month for the following 30 days.
- These reports are available in the DQ Member Area of the DQ website ([here](#))
