Making the
IMPOSSIBLE
ACCESSIBLE

At Victory Junction, we believe that every child, regardless of their diagnosis, deserves to just be a kid. That's why we provide medically-safe camp experiences filled with discovery, friendship, and a lot of laughter, always at no cost to families.

Victory Junction's year-round camp facility and adaptive programs give kids with complex medical conditions opportunities to participate in activities, free from barriers they may face in their daily lives. We design our fully accessible programs to provide endless possibilities for our campers.

Our **CARE**

Victory Junction programs can accommodate hundreds of diagnoses and are available to children ages 6-16 for summer camp, and ages 3-16 for family weekends. Our campers have come from all 50 states and 4 other countries. The Victory Junction experience is a welcome break for kids who spend a lot of time receiving medical treatments or making countless hospital visits.

Our **PROGRAMS**

Summer Camp

Summers at Victory Junction are flat out fun! Kids have the chance to enjoy a week filled with adventure and new friends. Each summer session can accommodate up to 128 campers.

Family Weekends

Our weekend sessions focus on bringing everyone together for camp adventures. Each weekend session can accommodate up to 32 families.

OUTREACH

When kids can't leave the hospital, we bring the magic of Camp to them. Our OUTREACH program team works with hospitals and other community partners to provide specialized programs that enhance patient care.

Partnership Programs and Facility Rentals

We have an adaptable and fully accessible facility, offer a medically safe environment, and have many program areas to choose from to use for activities. We also offer large and small group meeting spaces for rental throughout our campus.
