

Summer 2024 CLEAN ENERGY INTERNSHIP PROGRAM

Gain Hands-on Experience in the Clean
Energy Industry!

Applications for Summer 2024 Session are Due:
Friday, April 19, 2024

Are you:

- Currently enrolled at or a recent graduate from a Rhode Island college or university?
- Or can demonstrate proof of residency in Rhode Island if enrolled in another state?
- Interested in the clean energy industry?
- Looking for a paid internship experience?

Apply today for the Rhode Island Clean Energy Internship Program. Get valuable professional experience working for a clean energy industry company during a 12-week, paid internship!

Interns are given the opportunity to:

- Participate in research projects
- Gather and analyze data
- Attend virtual meetings and conferences
- Learn about the clean energy industry
- ...and so much more!
