#### MAY 22, 2023

#### APPROVED

**VOTED**:

To approve the public session meeting minutes for the April 24, 2023 meeting as

presented to the Board.

# RHODE ISLAND COMMERCE CORPORATION MEETING OF DIRECTORS PUBLIC SESSION April 24, 2023

The Board of Directors of the Rhode Island Commerce Corporation (the "Corporation") met on April 24, 2023, in Public Session, beginning at 5:00 p.m., pursuant to the public notice of meeting, a copy of which is attached hereto as **Exhibit A**, as required by applicable Rhode Island law.

The following Directors were present and participated throughout the meeting as indicated: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Directors absent were: Governor Daniel J. McKee and Donna Sams.

Also present were: Secretary of Commerce Elizabeth Tanner; William Ash, Interim President & COO; and Christopher J. Fragomeni, Esq.

#### 1. CALL TO ORDER AND OPENING REMARKS.

Ms. Catucci called the meeting to order at 5:02 p.m., indicating that a quorum was present.

#### 2. TO CONSIDER FOR APPROVAL MEETING MINUTES.

Upon motion duly made by Mr. Wadensten and seconded by Dr. Dann-Messier, the following vote was adopted:

**<u>VOTED</u>**: To approve the public session meeting minutes for the February 27, 2023 meeting as presented to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

### 3. TO CONSIDER AN AWARD TO ONE UNION STATION, LLC UNDER THE REBUILD RHODE ISLAND TAX CREDIT ACT IN THE AMOUNT OF \$1,000,000.

Jeff Miller, the Corporation's Executive Vice President of Investments, explained that Union Station, LLC ("Union Station") is seeking tax credits for a proposed food court, which will include vendor stalls equipped with venting, appliances, and seating areas. He noted that the food court will have indoor and outdoor seating with views of the Providence River. He stated that Union Station's request is a result of cost increases due to structural issues discovered during selective demolition. He indicated that the staff recommends approval of the tax credits; that the

developer can begin construction within sixty days; and that a representative of the developer, Chris Marsella, was present.

Mr. Marsella noted that the project is expensive because it includes several kitchens and that the project will hopefully open in Spring of next year. He noted that the project will be approximately 17,000 square feet, and that 6 vendors have committed to leasing space in the food hall.

Upon motion duly made by Mr. Wadensten and seconded by Dr. Dann-Messier, the following vote was adopted:

**VOTED:** To approve an award to One Union Station, LLC under the Rebuild Rhode Island Tax Credit Act in the amount of \$1,000,000 pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

Mr. Solomon abstained.

A copy of the resolution is attached hereto as **Exhibit B**.

### 4. TO CONSIDER AN EXTENSION OF THE TIME FOR INITIAL CERTIFICATION FOR RESH, INC., PURSUANT TO 870-RICR-30-00-4.16.

Mr. Miller recounted that in January 2020, the Board awarded Resh, Inc. ("Resh") tax credits under the Qualified Jobs Tax Credit program to move its operations from Franklin, MA to a 65,000 square foot, ground-up facility in Woonsocket, RI. However, he noted, the construction of that facility was delayed due to, among other things, the COVID-19 pandemic.

Mr. Miller stated that Resh, pursuant to its Qualified Jobs Tax Credit agreement, had to move thirty-five employees to its Woonsocket, RI location by December 31, 2022. But, he noted, the Board can extend that deadline by one year, which Resh has requested. Mr. Miller indicated that Resh has already met its hiring requirements, so the extension is a formality.

Upon motion duly made by Mr. Nee and seconded by Dr. Dann-Messier, the following vote was adopted:

**VOTED:** To approve an extension of the time for initial certification for Resh, Inc., pursuant to 870-RICR-30-00-4.16 pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit C**.

### 5. TO CONSIDER THE SELECTION OF A VENDOR FOR BUSINESS ATTRACTION ADVERTISING AND PUBLIC RELATIONS SERVICES.

Anika Kimble-Huntley, the Corporation's Chief Marketing Officer, stated that before the Board for approval was (1) a contract totaling up to \$400,000 annually with Duffy & Shanley ("D&S") for business attraction advertising and public relations services for non-blue economy sectors; and (2) an extension of D&S's business attraction advertising and public relations services contract for the blue-economy sector, totaling \$304,000 annually. For the non-blue economy contract, Ms. Kimble-Huntley indicated that the Corporation issued a request for proposals in January, and the Corporation's staff evaluated the responses. She explained that the Corporation's staff unanimously voted to approve D&S for the non-blue economy services. She noted that combining all services for all sectors with one vendor will save the Corporation approximately \$72,000 per year. In response to a question by Mr. Stone, Ms. Kimble-Huntley stated that D&S was selected due to issues with the Corporation's prior non-blue economy vendor, InkHouse, and that D&S was the highest scorer for all evaluation criteria. Mr. McNally requested to see the scores of proposals to requests for proposals.

Upon motion duly made by Ms. Kaplan and seconded by Mr. Nee, the following vote was adopted:

**<u>VOTED:</u>** To approve the selection of a vendor for business attraction advertising and public relations services pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit D**.

### 6. TO CONSIDER TRANSITIONS FROM THE LONDON INTERBANK OFFERED RATE (LIBOR) TO OTHER FINANCIAL INDEXES.

Mr. Ash explained that, historically, the majority of issued bonds have been priced off the London Interbank Offered Rate ("LIBOR"), which was established and determined by input from various banks. However, he noted, in 2012, it was found that the LIBOR rate had been manipulated and, as a result, the United Kingdom created a regulatory agency to investigate the

manipulation. That agency, he stated, determined that LIBOR needed to be phased out by June of 2023. Therefore, he explained, all of the Corporation's transactions that utilize LIBOR must be amended to include a comparable index, which, in the United States, is Secured Overnight Financing Rate ("SOFR"). He explained that the Board is requested to approve an omnibus resolution that would allow the Corporation to amend all of its bonds to transition from LIBOR to SOFR. In response to a question by Mr. Wadensten, Mr. Ash estimated that approximately twenty-four bond transactions would need to be amended.

Upon motion duly made by Mr. Stone and seconded by Dr. Dann-Messier, the following vote was adopted:

<u>VOTED</u>: To approve transitions from the London Interbank Offered Rate (LIBOR) to other financial indexes pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit E**.

### 7. TO CONSIDER AMENDMENTS TO THE CORPORATION'S ACCOUNTING POLICY.

Justin Medeiros, the Corporation's Chief Financial Officer, indicated that before the Board for approval were amendments to the Corporation's accounting policy. The policy, he stated, was originally issued in 2000 and guides employee expenditure reimbursement, which is aligned with State policy. He noted that the policy is structured in sections, including employee general expenses and in-State and out-of-State travel expenses. He indicated that the Corporation will endeavor to review the policy every three years. He outlined the amendments to the policy, which included changes to the structure of the policy, makes references to the Corporation's expense reporting software, sets defined timelines for reimbursement, updates authorized expense levels and job titles, creates new forms of eligible expenses, added clarifying language, and updated meal allowance amounts to be consistent with the State's travel policy. In response to a question by Dr. Dann-Messier, Mr. Medeiros stated that the Corporation does not adjust reimbursement based upon other states that an employee travels to, but it does adjust reimbursement rates for international travel.

Upon motion duly made by Mr. Stone and seconded by Mr. Nee, the following vote was adopted:

**<u>VOTED:</u>** To approve amendments to the Corporation's accounting policy as submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

### 8. TO CONSIDER THE SELECTION OF A VENDOR FOR SALESFORCE SOFTWARE CONSULTING.

Christopher Cannata, the Corporation's Director of the Business Advisory Group, stated that the Corporation was seeking the Board's approval to engage Coastal Cloud, LLC ("Coastal") for Salesforce consulting services. He indicated that a request for proposals was issued in January and that that two firms submitted proposals, which were evaluated by four members of an evaluation committee. That committee, he stated, unanimously recommended Coastal to be selected. He explained that Coastal will provide system enhancement and training, ad hoc support, system customizations, and business process improvements. He stated that the proposed contract with Coastal, which is up to \$63,000 annually, is for one year with an option to extend for three additional one-year terms. In response to a question by Mr. Stone, Mr. Cannata stated that two proposals were evaluated, but four other proposals were deemed either nonresponsive or disqualified for failure to meet the conditions in the request for proposals. Mr. Stone noted that the Corporation seems to receive few proposals in response to requests for proposals, and that the Corporation should consider ways to increase response rates. Mr. Wadensten questioned who was performing this service previously, and Mr. Cannata indicated that, besides the consultant that assisted with the Corporation's Salesforce launch in 2013, no vendor was previously providing this service.

Upon motion duly made by Mr. Stone and seconded by Mr. Nee, the following vote was adopted:

**<u>VOTED</u>**: To approve the selection of a vendor for Salesforce software consulting pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit F**.

#### 9. TO CONSIDER FOR APPROVAL INNOVATION VOUCHERS.

Lisa Carnevale, the Corporation's Vice President of Innovation Initiatives, stated that four Innovation Vouchers were before the Board for approval: Desmark Industries, Inc. (d/b/a Amerisewn) ("Desmark"); goTeff, Inc. ("goTeff"); Guill Tool & Engineering co., Inc. (d/b/a Fractified) ("Guill"); and Lenoss Medical Inc. ("Lenoss"). Desmark, she stated, is a Cranston-

based manufacturing company specializing in military and industrial clothing. She explained that the company is proposing to advance and scale their production of a product that integrates heat and electronics into military uniforms. Mr. Stone and a representative of Desmark discussed heat integration into the uniforms and Department of Defense funding for the project. In response to a question by Mr. Nee, the Desmark representative indicated that the company intends to stay in the State. Mr. McNally expressed his believe that these projects should be privately funded, but, nevertheless, under the existing laws related to the program, this seems like a good project.

Ms. Carnevale stated that Guill is a manufacturer in West Warwick that is incorporating filament into three-dimensional printing. She noted that the filament will have diverse applications in the consumer, medical, and aerospace sectors. In response to a question by Mr. Wadensten, a representative to Guill explained how the filament will be used, noting it could be used in medical catheters. In response to a question by Mr. Stone, the company's representative stated that the project is a continuation of efforts already undertaken by the company to bring the filament product to market.

Ms. Carnevale explained that Lenoss will work with a knowledge provider to create a biological implant that is utilized to address fractures in people with osteoporosis. She noted that the product is already in the market, but the voucher will help fund research to determine if the implant could be simultaneously used as a drug delivery system. In response to a question by Mr. Stone, a representative to Lenoss confirmed that the funding will be used to embed a the drug delivery system into the implant.

Ms. Carnevale indicated that goTeff's voucher will be used to do research and development with a third-party manufacturer for its current snack line and two other new snack lines. A representative of the company indicated that the funding would allow goTeff to scale its manufacturing from two hundred to two thousand bags of snacks. In response to a question by Mr. Stone, the representative indicated that goTeff has already sold seven thousand snack bags as a proof of concept and obtained a lot of consumer data.

Upon motion duly made by Ms. Kaplan and seconded by Dr. Dann-Messier, the following vote was adopted:

**<u>VOTED</u>**: To approve Innovation Vouchers pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit G**.

#### 10. TO CONSIDER THE CORPORATION'S ANNUAL REPORTS.

Daniela Fairchild, the Corporation's Chief Strategy Officer, stated that the Corporation has approximately thirty-five reports that it must deliver to the General Assembly, the Office of Management and Budget, or Department of Revenue annually. She noted that the Corporation has attempted to streamline almost all of those reports into its statutorily-mandated annual report, which is before the Board for approval. She outlined portions of the annual report. Mr. McNally questioned older reports, and Ms. Fairchild stated that also before the Board was ratification of prior annual reports. Ms. Catucci questioned whether those older reports were online, and Ms. Fairchild answered in the affirmative. Mr. Stone noted that the annual report was well done, very readable, and provides good information.

Upon motion duly made by Dr. Dann-Messier and seconded by Mr. Stone, the following vote was adopted:

**<u>VOTED</u>**: To approve the Corporation's annual reports pursuant to the resolution submitted to the Board.

Voting in favor of the foregoing were: Elizabeth Catucci, David Chenevert, Dr. Brenda Dann-Messier, Mary Jo Kaplan, Michael McNally, George Nee, Michael Solomon, Bill Stone, and Karl Wadensten.

Voting against the foregoing were: none.

A copy of the resolution is attached hereto as **Exhibit H**.

Mr. Wadensten exited the meeting at 5:48 p.m.

#### 11. TO RECEIVE AN UPDATE ON THE RHODE ISLAND REBOUNDS PROGRAM.

Ms. Fairchild gave a presentation to the Board, which is attached hereto as **Exhibit I**.

Mr. Wadensten re-entered the meeting at 5:50 p.m.

In response to questions by Mr. Stone, Ms. Fairchild stated that the application period for the Technical Assistance program is still open, and that it is anticipated that selected vendors will be Rhode-Island-based. She also noted that the vendors, including nonprofits, are being selected by a third-party vendor pursuant to a rubric developed by the Corporation.

Secretary Tanner welcomed new staff members, including Ms. Carnevale, Tyge Joyce (Investment Analyst), and Matt Touchette (Director of Communications). She also noted that Ms. Kimble-Huntley won Providence Business News' Government Agency C-Suite Award.

There being no further business in Public Session, the meeting was adjourned by unanimous consent at 5:58 p.m. upon motion made by Dr. Dann-Messier and seconded by Mr. Nee.

#### **MEMORANDUM**

To:

Board of Directors, Rhode Island Commerce Corporation

Brian M. Daniels

From:

Director, Office of Management and Budget

Date:

April 20, 2023

Subject:

Rebuild Rhode Island Tax Credit Applications

The staff of the Rhode Island Commerce Corporation (the "Corporation") has informed the Office of Management and Budget ("OMB") that it intends to recommend to the Corporation's Board of Directors (the "Board") one project for the receipt of tax credits and sales and use tax exemptions under the Rebuild Rhode Island Tax Credit in an amount not to exceed \$1,000,000.00. That recommendation is as follows:

That the application submitted by One Union Station, LLC be approved for tax credits in a maximum amount of \$1,000,000.00.

As of OMB's December 12, 2022 memo, the Corporation had approved tax credits and sales and use tax exemptions under the program in the amount of \$204,605,704.72. Since that memo, OMB has received information from the Corporation that the project which had been proposed to be added with that December 12, 2022 certification, the application submitted by Hartford Holdings, LLC, was never presented to the Board for approval and is unlikely to move forward. Given this information, OMB has removed the Hartford Holdings project (which consisted of \$1,000,000.00 in maximum tax credits) from the approved total with the understanding that, should the status of the project change and the Board wish to approve it in the future, OMB would need to issue a new certification memo. With the Hartford Holdings project removed, the total of approved tax credits and sales and use tax exemptions under the program is currently \$203,605,704.72.

The approval of an additional \$1,000,000.00 in tax credits and sales and use tax exemptions would bring the cumulative total of approved tax credits, sales and use tax exemptions, and/or loans to \$204,605,704.72. Currently net appropriations of \$148.2 million have been made into the Rebuild Rhode Island Tax Credit Fund. Additional funding is expected in future legislative sessions and section 42-64.20-5(f) authorized aggregate tax credits, sales and use tax exemptions, and/or loans under the Rebuild Rhode Island Tax Credit program in an amount not to exceed \$210 million. Pursuant to section 42-64.20-6(a)(4), OMB confirms that the aggregate credits recommended by the Commerce Corporation do not exceed the maximum aggregate credits allowed under this chapter in accordance with § 42-64.20-5(f).

Based on information provided by the Corporation, OMB anticipates the budget impact to the State of the tax credits, sales and use tax exemptions, and/or loans, if approved, in the year of application and in subsequent years will be as set forth in the attached Exhibit A.

#### Streamlined Rebuild Rhode Island Tax Credits

### Economic and tax revenue impacts of development of Track 15, Providence

#### Impact of construction

Marsella Development ("the Sponsor") is proposing to redevelop approximately 14,000 square feet of space on the ground floor of the historic Union Station building in downtown Providence, along with adjoining outdoor space, into a 250-seat food hall. The Sponsor estimates that the project would cost a total of approximately \$19.0 million.

After excluding certain expenditures (such as property acquisition costs and interest paid during construction) that do not directly affect Rhode Island's economy, Appleseed estimates that (as shown in Table 1) spending approximately \$13.0 million on development and construction of the food hall will directly and indirectly support:

- 104 jobs in Rhode Island in construction and related industries;
- \$6.956 million in earnings (in 2023 dollars);
- \$17.142 million in statewide economic output; and
- A one-time increase of \$9.267 million in Rhode Island's GDP.

Table 1: Direct, indirect and total impact of construction (income, value-added and output in millions of 2023 dollars)<sup>1</sup>

	Jøbs	Earnings	Value added	Output
Direct	82	\$5,582	\$7.014	\$13.015
Indirect	22	\$1.374	\$2.254	\$4.127
Total	104	\$6.956	\$9.268	\$17.142

Construction spending would directly and indirectly generate approximately \$419,000 in state tax revenue, including:

- \$223,000 in sales and use taxes paid on purchases of materials and other goods used in construction
- \$103,000 in state personal income taxes paid by workers directly employed on the project, or by Rhode Island workers whose jobs are indirectly attributable to the project;
- \$80,000 in state sales taxes paid on those workers' taxable household spending; and
- \$13,000 in state business taxes.

<sup>&</sup>lt;sup>1</sup> Estimates of the impact of construction spending shown in Table 1 were derived using an IMPLAN input-output model for Rhode Island. In estimating the number of direct jobs and earnings supported by a given level of construction spending, IMPLAN uses statewide average earnings per worker in each relevant industry segment, without distinguishing between union and non-union jobs. The earnings shown here thus reflect a blend of both union and non-union wages.

#### Impact of operations

The Sponsor estimates that in its first full year of operation, the food hall will generate approximately \$13.068 million in total food and beverage revenues. Not all of this revenue will represent "net new" spending in Rhode Island. Assuming for purposes of this analysis that 50 percent of food hall sales represent net new sales in Rhode Island, Appleseed estimates that ongoing food hall operations will (as shown in Table 2) will directly and indirectly support:

- 84 net new jobs in Rhode Island;
- \$3.279 million in net new earnings (in 2024 dollars);
- \$4.596 million in net new economic output statewide; and
- An increase of \$7.666 million in Rhode Island's annual GDP.

Table 2: Net new annual impact (direct, indirect and induced) of ongoing food hall operations (income, value-added and output in millions of 2024 dollars)

	Jobs	Earnings	Value added	Output
Direct	73	\$2.500	\$3.415	\$5.571
Indirect	11	\$0.779	\$1.181	\$2.095
Total	84	\$3.279	\$4.596	\$7.666

Ongoing operations would directly and indirectly generate approximately \$502,000 annually in state tax revenue, including:

- \$40,000 in state personal income taxes paid by workers directly employed in management and maintenance of the property, or by Rhode Island workers whose jobs are indirectly attributable to those operations;
- \$46,000 in state sales taxes paid on those workers' taxable household spending;
- \$5,000 in state business taxes; and
- \$411,000 in state sales taxes paid on the "new to Rhode Island" portion of food hall sales.

During the construction period and the twelve-year period following construction, the proposed project would generate approximately \$6.443 million in state tax revenues.

Re:

Revenue Increment Base Certification for Westminster Partners, LLC TIF

Application

Date:

February 27, 2023

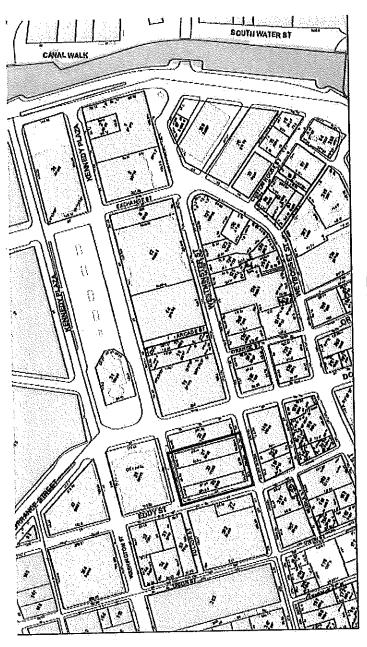

The staff of the Rhode Island Commerce Corporation (the "Corporation") has informed the Division of Taxation (the "Division") that it intends to recommend to the Corporation's Board of Directors the application of Westminster Partners, LLC (the "Application") for incentives under the Rhode Island Tax Increment Financing Act of 2015, R.I. Gen. Laws § 42-64.21-1 et seq. (the "Act"). The Corporation proposes to enter into a TIF agreement with Westminster Partners, LLC in which the relevant tax streams will be sales tax assessed and collected under Chapters 18 and 19 of Title 44 of the General Laws. The Act requires the Division to certify the "revenue increment base" for this proposed TIF agreement. See R.I. Gen. Laws § 42-64.21-3(11). This memo constitutes the Division's certification under the Act.

The Act defines the "revenue increment base" as "the amounts of all eligible revenues from sources within the qualifying TIF area in the calendar year preceding the year in which the TIF agreement is executed, as certified by the division of taxation." *Id.* The Corporation has informed the Division of the following:

- The Application is for an adaptive reuse of the properties located at 187, 203, and 213 Westminster Street, Providence, RI.
- The proposed qualifying TIF area for the Application is located on Assessor's Plat 020/Lots 0021, 0022, and 0025, as depicted in the map attached in Exhibit A.
- The Corporation has determined, in its discretion, the eligible revenues for purposes of this Application would not exceed the sales tax assessed and collected under Chapters 18 and 19 of Title 44 of the General Laws.
- The TIF Agreement is anticipated to be entered into in the 2023 calendar year.

The Division of Taxation has determined that no Rhode Island sales tax was collected or assessed in the proposed qualifying TIF area for the calendar year 2022. Accordingly, on the basis of the foregoing information provided by the Corporation, the Division hereby certifies that the revenue increment base for the proposed TIF agreement is zero (\$0.00).

## Rebuild Rhode Island Tax Credits - Economic Impact Analysis

### Westminster Partners LLC Application

### Introduction

The Rhode Island Commerce Corporation (the "Corporation") may provide Rebuild Rhode Island tax credits and tax increment financing ("TIF") incentives to Westminster Partners LLC (the "Sponsor"). The credits would be provided in connection with the Sponsor's proposed investment in the adaptive reuse of two long-vacant buildings on Westminster Street in Downcity Providence. The project would include:

- 124 market-rate apartments (75 studios and 49 one-bedroom units)
- 8,069 square feet of ground-floor retail space
- A 13,056 square-foot basement lounge, coupled with a 4,622 square-foot rooftop bar
- A 1,511 square-foot pizzeria
- A 1.975 square-foot coffee shop and co-working space
- 50 parking spaces

The Sponsor estimates the total cost of the project to be \$53.0 million. The Sponsor is requesting Rebuild Rhode Island tax increment financing in the amount of \$3.2 million.

This analysis was prepared by Appleseed, a consulting firm with more than twenty-five years' experience in economic impact analysis.

### **Jobs Analysis**

### Construction

As shown in Table 1, the Sponsor's estimate of total project cost is approximately \$53.0 million

Table 1: Estimated total project cost (\$ millions)

Component	Estimated cost
Property acquisition	\$4.86
Construction (hard costs)	37.67
Soft costs	9.24
Fixtures, furniture and equipment	1.23
Total	\$53.0

After excluding certain expenditures that do not have a direct, current impact on Rhode Island's economy (such property acquisition, interest paid during construction and operating reserves), spending on development of the proposed project is estimated to total approximately \$43.56 million.

Appleseed estimates that direct expenditures of \$43.56 million will directly and indirectly generate:

- 345 person-years¹ of work in Rhode Island, with \$26.48 million in earnings (in 2023 dollars):
- Approximately \$51.29 million in statewide economic output<sup>2</sup>; and
- A one-time increase of \$35.87 million in Rhode Island's GDP.

These impacts are summarized below in Table 2. The project's *direct impact* is the impact of the Sponsor's direct spending on construction, including both hard and soft costs. Its *indirect impact* is the effect of spending by contractors for goods and services (insurance, construction materials, etc.) purchased from other Rhode Island businesses.

Table 2: Direct, indirect and induced impact of construction and related spending (employment in person-years; income, value-added and output in millions of 2023 dollars)

Εñ	nployment	Earnings \	/alue added	Output
Direct Effect	345	\$23.50	\$31.01	\$42.65
Indirect Effect	52	\$2.98	\$4.86	\$8.64
Total Effect	397	\$26.48	\$35.87	\$51.29

In addition to the impacts on employment, earnings, output and state GDP cited in Table 2, direct spending of \$43.56 million would generate a projected one-time increase of approximately \$1.476 million in taxes paid to the State during construction, including:

- \$791,000 in state sales and use taxes on materials used in construction
- \$392,000 in state personal income taxes paid by Rhode Island workers employed on the project, or whose jobs are indirectly attributable to the project;
- \$243,000 in state sales taxes paid on those workers' taxable household spending; and
- \$50,000 in state business taxes.

The activity reflected in Table 2 will occur primarily in 2023 and 2024.

<sup>&</sup>lt;sup>1</sup> A person-year is equivalent to the time worked by one person who is employed full-time for a year. It could for example represent the work of two people who are each employed full-time for six months; or the work of one person who is employed half-time for two years.

<sup>&</sup>lt;sup>2</sup> Output is a measure of the total sales by Rhode Island companies (including the "sale" of labor by Rhode Island households) generated by the project.

The anticipated wage rates for construction jobs are shown below in Table 3. Anticipated wage rates are the median hourly wage for these occupations in Rhode Island, as of 2021.

Table 3: Anticipated wages during construction

Occupation RI median ho	ourly wage <sup>3</sup>
Architect	\$37.75
Construction manager	\$48.78
Carpenter	\$26.57
Electrician	\$29.21
Plumber	\$29.29
Painter	\$22.68
Laborer	\$22.97

Fringe benefits associated with these jobs are expected to be in accordance with industry norms, with the cost of such benefits generally ranging between 22 and 28 percent of wages. Workers who fill these jobs are expected to be drawn primarily from the Providence-Warwick RI-MA New England City and Town Area (NECTA).

### Annual operations

Occupancy of Hive's apartments and commercial spaces is expected to begin in 2024, with stabilized operations being reached in 2025. We assume for purposes of this analysis that 50 percent of retail and restaurant sales by the building's commercial tenants will represent incremental ("net new") business in Rhode Island.

Using IMPLAN, and based on information provided by the Sponsor, Appleseed estimates (as shown in Table 4) that in 2025, ongoing operations would directly and indirectly support:

- 68 jobs in Rhode Island, with approximately \$2.87 million in annual earnings (in 2025 dollars);
- \$7.01 million in annual statewide economic output; and
- An increase of \$4.09 million in Rhode Island's annual GDP.

Table 4: Direct, indirect and total incremental impact of residential and commercial tenant operations, 2025 (earnings, value-added and output in millions of 2025 dollars)

Ξm	ployment	Earnings V	alue added	Output
Direct Effect	68	\$2.19	\$3.02	\$5.09
Indirect Effect	10	\$0.68	\$1.07	\$1.92
Total Effect	78	\$2.87	\$4.09	\$7.01

<sup>&</sup>lt;sup>3</sup> Rhode Island Department of Labor and Training, Occupational Employment Statistics, May 2021

In addition to the impacts on employment, earnings, output and state GDP cited in Table 4, ongoing operations would generate a projected incremental increase of approximately \$409,000 in taxes paid to the state in 2025, including:

- \$330,000 in state sales taxes on retail sales and on food and beverages sold at the project's bars and restaurants
- \$40,000 in state personal income taxes paid by Rhode Island workers employed in the management, operations and maintenance of Hive apartments or by commercial tenants, or whose jobs are indirectly attributable to the operations of those businesses;
- \$34,000 in state sales taxes paid on those workers' taxable household spending;
- \$5,000 in state business taxes.

Workers employed in residential building operations and by commercial tenants would be drawn primarily from Providence and nearby communities.

### **Impact**

The cost of the requested TIF incentive to the state is the portion on of the Corporation's share of incremental sales tax revenues (up to 75 percent) used to repay \$3.2 million in TIF borrowing. Direct and indirect economic and fiscal benefits of the proposed project include an estimated increase in annual state GDP (in 2025) of approximately \$4.09 million; the associated job creation; a one-time increase of approximately \$1.476 million in sales, personal income and business taxes paid to the state during construction; and a net increase of \$79,000 (in 2025 dollars) in annual personal income taxes, employee household sales taxes and business taxes generated by the project's ongoing operations.

In addition to the economic and tax revenue impacts cited above, the proposed project would benefit Rhode Island in several other ways:

- By redeveloping and activating a long-vacant property in Downcity Providence
- By helping to grow the state's supply of housing, and to expand the range of housing opportunities available to both current and prospective residents of Rhode Island
- By providing new dining and entertainment options in the Downcity area
- By increasing restaurant, real property and personal property taxes paid to the city

Beyond the fiscal impact noted above, there is no anticipated financial exposure to the state. Various features of the TIF program mitigate other risks to the state. In particular, the completion risk (i.e., the risk that the project is not completed) is mitigated by the fact that the requested TIF incentives will be issued only upon completion of the development. The risk of project cost overruns is mitigated by the fact that state's participation would be capped at the amount set forth above.
