30 Most Romantic Valentine's Day Getaways in the United States

Plan a whole weekend away or spend the day at one of these top destinations.

How did you celebrate last Valentine's Day? Don't remember? We thought so. For many couples, it's become just another day. Instead of overpaying for a dozen roses, why not surprise your boo with a trip? You still have time: Many hotels have availability on Valentine's Day itself or the following weekend. And while you could road-trip somewhere wonderful, February airfare prices are looking good, so don't discount the possibility of jetting off for a long weekend. (After all, the Monday after Valentine's is President's Day.)

If you want to head somewhere warm, pursue hotspots in Florida, California, Arizona, Mexico and the Caribbean. But if you'd rather make like snow bunnies in a ski resort town, we've got your back too. Of course, if your partner isn't into taking a trip for whatever reason, round up your crew for the ultimate Galentine's getaway.

To pick the spots on our list of the best Valentine's Day trips, we chatted with travel experts and our own colleagues who have been traveling the country for the [Good Housekeeping Family Travel Awards](#).
