The Best Drive-In Movie Theater In Every State

Nostalgia, here we come!

by NI'KESIA PANNELL AUG 5, 2020

With the current state of the world keeping movie theaters closed for large gatherings, America has seen a resurgence of one of its favorite pastimes: the drive-in movie theater. Although drive-ins were not completely extinct prior to COVID-19, the effects of the crippling virus has seen a revival of some and the well-timed establishment of others. And while some may think that the list of drive-ins is still extensive due to their history spanning back almost 90 years, there are actually less than 350 drive-ins left in the United States.

Drive-in theaters—now more than ever—present advantages that other theaters aren't able to provide at this time. From staying safe and sanitized to creating the ability to socialize while still being distant, the benefits of drive-ins are more timely during this year than they have been in the past eight decades.

Ready to have fun while staying safe? Here's our list of the best drive-in theaters in every state to keep handy at all times.

Rhode Island: Rustic Drive-In

RUSTIC DRIVE-IN

The Rustic Drive-In is perfect for those wanting to get out and enjoy the starry Rhode Island nights. It operates Wednesday through Sunday evenings and truly takes you back to the good ol' days. Only for a limited time, though, as its season runs from late April to late October.
